### **SUMMARY REPORT DIGEST**

### JUDGES' RETIREMENT SYSTEM OF ILLINOIS

FINANCIAL AUDIT Summary of Findings:

For the Year Ended: June 30, 2012 Total this audit: 1

Total last audit: 1

Release Date: January 16, 2013 Repeated from last audit: 0

### **INTRODUCTION**

This digest covers our financial audit of the Judges' Retirement System, State of Illinois (System) for the year ended June 30, 2012. A compliance examination report covering the year ending June 30, 2012 will be issued in a separate report at a later date.

### **FUNDED RATIO**

The actuarial accrued liability was valued at \$2,021.7 million at June 30, 2012. The actuarial value of assets (at smoothed value) totaled approximately \$601.2 million at June 30, 2012. The method for determining the actuarial value of the assets was changed beginning with the June 30, 2009 valuation from the market value to a smoothed value where the actuarial investment gains or losses for each year are recognized in equal amounts over the ensuing five-year period.

The difference between the actuarial accrued liability and the actuarial value of assets of \$1,420.5 million reflects the unfunded liability of the System at June 30, 2012. The System had a funded ratio (at smoothed value) of 29.7% at June 30, 2012. When using the market value, the System would have had a funded ratio of 28.6% at June 30, 2012.

### **SYNOPSIS**

• The Judges' Retirement System was not in compliance with the Fiscal Control and Internal Auditing Act.

# FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

## NONCOMPLIANCE WITH THE FISCAL CONTROL AND INTERNAL AUDITING ACT

The Judges' Retirement System (System) was not in compliance with the Fiscal Control and Internal Auditing Act (the Act).

### Internal audit position vacant

# Only one of eight internal audits completed

The Internal Auditor position became vacant during January 2012 and a new internal auditor was not hired until the first quarter of fiscal year 2013. As a result of the vacancy only one of the eight internal audits planned for fiscal year 2012 under the Systems current two-year plan for fiscal years 2011-2012 was completed.

### Certification was late

The System is also required to prepare and transmit to the Auditor General a certification that the systems of internal fiscal and administrative controls of the System comply or do not comply with the requirements of the Act. This certification is required by May 1 of each year, and the System did not transmit their certification until August 29, 2012, 120 days late.

According to System officials the System was not able to fill the internal audit position as quickly as they had hoped because of difficulty in finding an appropriate candidate to fill the position. (Finding #1, page 31)

# System officials agree with auditors

We recommended System management develop a plan to ensure the internal audit function continues in the event the position is left vacant for a period of time.

System officials accepted our finding and recommendation.

### **AUDITORS' OPINION**

The auditors stated the financial statements of the Judges' Retirement System of Illinois as of June 30, 2012, and for the year then ended, are fairly stated in all material respects.
