INDEPENDENT AUDITORS' REPORT

Honorable William G. Holland
Auditor General
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bond, Fayette, and Effingham Counties Regional Office of Education #3, as of and for the year ended June 30, 2010, which collectively comprise the Bond, Fayette, and Effingham Counties Regional Office of Education #3's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Bond, Fayette, and Effingham Counties Regional Office of Education #3's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Bond, Fayette, and Effingham Counties Regional Office of Education #3, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 23, 2011 on our consideration of the Bond, Fayette, and Effingham Counties Regional Office of Education #3's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and Illinois Municipal Retirement Fund - Schedule of Funding Progress on pages 18A-18K and 46 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Bond, Fayette, and Effingham Counties Regional Office of Education #3's basic financial statements. The combining and individual nonmajor fund financial statements and budgetary comparison schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules, and the Schedule of Expenditures of Federal Awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable William G. Holland
Auditor General
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Bond, Fayette, and Effingham Counties Regional Office of Education #3, as of and for the year ended June 30, 2010, which collectively comprise the Bond, Fayette, and Effingham Counties Regional Office of Education #3's basic financial statements and have issued our report thereon dated February 23, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Bond, Fayette, and Effingham Counties Regional Office of Education #3's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Bond, Fayette, and Effingham Counties Regional Office of Education #3's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Bond, Fayette, and Effingham Counties Regional Office of Education #3's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in the internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified a certain deficiency in internal control over financial reporting that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in finding 10-01 in the accompanying Schedule of Findings and Questioned Costs to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Bond, Fayette, and Effingham Counties Regional Office of Education #3's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters which we have reported to management of the Bond, Fayette, and Effingham Counties, Regional Office of Education #3 in a separate letter dated February 23, 2011.

Bond, Fayette, and Effingham Counties Regional Office of Education #3's response to the finding identified in our audit is described in the accompany Schedule of Findings and Questioned Costs. We did not audit Bond, Fayette, and Effingham Counties Regional Office of Education #3's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, agency management, others within the entity, Illinois State Board of Education, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL
EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Honorable William G. Holland
Auditor General
State of Illinois

Compliance

We have audited the Bond, Fayette, and Effingham Counties Regional Office of Education #3's compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010. The Bond, Fayette, and Effingham Counties Regional Office of Education #3's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Bond, Fayette, and Effingham Counties Regional Office of Education #3's management. Our responsibility is to express an opinion on the Bond, Fayette, and Effingham Counties Regional Office of Education #3's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Bond, Fayette, and Effingham Counties Regional Office of Education #3's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Bond, Fayette, and Effingham Counties Regional Office of Education #3's compliance with those requirements.

In our opinion, the Bond, Fayette, and Effingham Counties Regional Office of Education #3 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

Management of the Bond, Fayette, and Effingham Counties Regional Office of Education #3 is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Bond, Fayette, and Effingham Counties Regional Office of Education #3's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Bond, Fayette, and Effingham Counties Regional Office of Education #3's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, agency management, others within the organization, Illinois State Board of Education, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Section II: Financial Statement Findings

FINDING NO. 10-01 – Controls Over Financial Statement Preparation (repeat of 09-1, 08-1 and 07-1)

Criteria/Specific Requirement:

The Regional Office of Education #3 is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). Regional Office internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge and expertise to prepare and/or thoroughly review GAAP based financial statements to ensure that they are free of material misstatements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

Condition:

The Regional Office of Education #3 does not have sufficient internal controls over the financial reporting process. The Regional Office maintains their accounting records on the cash basis of accounting. While the Regional Office maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation/review of the GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner. For example, auditors, in their review of the Regional Office's accounting records, noted the following:

- The Regional Office did not have adequate controls over the maintenance of complete records of accounts receivable, capital assets, or deferred revenues.
- Numerous adjustments were required to present financial statements in accordance with generally accepted accounting principles.
- The Regional Office did not post all the prior year audit adjusting entries, which resulted in inaccurate financial statements during the course of the year.

Effect:

Management or employees in the normal course of performing their assigned functions may not prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

Cause:

According to Regional Office officials, they did not have adequate funding to hire and/or train their accounting personnel in order to comply with these requirements.

Auditors' Recommendation:

As part of its internal control over the preparation of its financial statements, including disclosures, the Regional Office of Education #3 should implement a comprehensive preparation and/or review procedure to ensure that the financial statements, including disclosures, are complete and accurate. Such review procedures should be performed by a properly trained individual(s) possessing a thorough understanding of applicable generally accepted accounting principles, GASB pronouncements, and knowledge of the Regional Office of Education's activities and operations.

Management's Response:

The Regional Superintendent does not have funds available to hire a certified public accountant to prepare or review financial statements. The Regional Superintendent continues to seek supplemental training for the current bookkeeping staff to improve their understanding of accepted accounting principles and GASB pronouncements.

**MANAGEMENT'S DISCUSSION AND ANALYSIS
For the year ended June 30, 2010**

The following is a discussion and analysis of the financial performance of the Regional Office of Education for Bond, Fayette, and Effingham Counties for the fiscal year ended June 30, 2010. This section is a summary of the financial activities of the Regional Office of Education #3 based on currently known facts, decisions, or conditions. It is also based on both the government-wide and governmental fund financial statements. The results of the current year are discussed in comparison with the prior year, with an emphasis placed on the current year. This section is only an introduction and should be read in conjunction with the financial statements for the Regional Office of Education for Bond, Fayette, and Effingham Counties, which immediately follow this section.

Overview of the Financial Statements

This annual report consists of five parts: Management's Discussion and Analysis (MD&A), the Basic Financial Statements, Notes to the Financial Statements, required supplementary information, and supplementary information. The Basic Financial Statements include two kinds of statements that present different views of the Regional Office of Education #3:

- The first two statements are general financial statements that provide both short-term and long-term information about the Regional Office of Education #3's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Regional Office of Education #3, reporting the Regional Office of Education #3's operations in more detail than the general statements. The fund financial statements concentrate on the Regional Office of Education #3's most significant funds with all other non-major funds listed in total in one column.
- Governmental funds statements tell how basic services such as grant-funded programs were financed in the short term as well as what remains for future spending.
- Proprietary funds statements provide information related to services provided to organizations comprising the Bond, Fayette, and Effingham Counties Education Service Region.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. Required supplementary information includes the Management's Discussion and Analysis and the Illinois Municipal Retirement Fund Schedule of Funding Progress that further explains and supports the financial statements. Supplementary information provides a comparison of the Regional Office of Education #3's budgets for the year and also includes combining and individual nonmajor fund financial statements.

Figure A-1 summarizes the major features of the Regional Office of Education #3's financial statements, including the portion of the Regional Office of Education #3's activities they cover and the types of information they contain. The remainder of this overview section of MD&A highlights the structure and contents of each of the statements.

Overview of the Financial Statements (Continued)

Government-Wide Statements

The government-wide statements report information about the Regional Office of Education #3 as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the Regional Office of Education #3's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the Regional Office of Education #3's net assets and how they have changed. Net assets, the difference between the Regional Office of Education #3's assets and liabilities, is one way to measure the Regional Office of Education #3's financial health or position.

- Increases or decreases in the Regional Office of Education #3's net assets are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the Regional Office of Education #3, one needs to consider additional non-financial factors, such as changes in the State Board of Education's policies, as well as changes in federal programs and policies that impact educational services in individual States.

In the government-wide financial statements, the Regional Office of Education #3's activities are divided into two categories:

- **Governmental Activities:** Most of the Regional Office of Education #3's basic services are included here, such as grant-funded programs, support services, and administration.
- **Business-type activities:** The Regional Office of Education #3 charges fees to help cover the costs of certain services and workshops it provides.

Fund Financial Statements

The fund financial statements provide more detailed information about the Regional Office of Education #3's funds, focusing on its most significant or "major" funds – not the Regional Office of Education #3 as a whole. Funds are accounting devices the Regional Office of Education #3 uses to keep track of specific sources of funding and spending on particular programs. Some funds are required by State law. The Regional Office of Education #3 establishes other funds to control and to manage money for particular purposes or to show that it is properly using certain revenues, such as federal grants.

Overview of the Financial Statements (Continued)

Fund Financial Statements (Concluded)

The Regional Office of Education #3 has two kinds of funds:

- **Governmental Funds:** Most of the Regional Office of Education #3's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Regional Office of Education #3's programs. Because this information does not encompass the additional long-term focus of the government-wide financial statements a reconciliation between the governmental fund financial statements and the government-wide financial statements follow the related governmental fund financial statements.
- **Proprietary Funds:** The Regional Office of Education #3 charges fees for some services. Proprietary funds are reported in the same way as government-wide statements. The Regional Office of Education #3's Enterprise funds, one type of proprietary fund, is the same as its business-type activities, but provides more detail and additional information, such as cash flows. The Regional Office of Education #3 currently has one Enterprise Fund, the Local Workshops Fund.

- The Truants Alternative/Optional Education Fund is administered by the Alternative Education Programs of the Regional Office of Education #3 and had a fund balance of \$144,176, which represents a \$35,867 increase above the previous year.
- The Regional Safe Schools Fund is administered by the Alternative Education Programs of the Regional Office of Education #3 and had a fund balance of \$27,836, which represents a \$5,967 decrease below the previous year. This decrease is due to slow payment by the State. Additional revenue of \$37,371 was earned during the fiscal year but was not received by the State so it had to be deferred in the fund.
- The Attendance Officer Fund is administered by the Regional Office of Education #3 and had a fund balance of \$6,432, which represents a \$1,621 increase over the previous year.

EDUCATION FUND (Continued)

- The Beginning Teacher Induction Pilot Program is administered by the Educational Services Division of the Regional Office of Education and had a fund balance of \$(8,957), which represents a \$8,957 decrease below the previous year.
- At the end of FY10, the State of Illinois was experiencing some cash flow issues, which is reflected in the negative fund balances for the Early Childhood, Adult Education and Family Literacy, and Beginning Teacher Induction Pilot Programs. This is also reflected in the Truants Alternative Education Program. Even though monies were vouchered by the State Board of Education, the Illinois Comptroller did not issue payments for these programs. The Regional Office of Education was able to support these programs by tapping into local resources.
- The Office of Violence Against Women (OVW) Program is administered by the Educational Services Division of the Regional Office of Education. The Regional Office of Education #3 began providing services through the OVW Rural grant in 2009. Our programming and thus the expenditure of funding got off to a slow start due to the "start-up" paperwork required by the Illinois Criminal Justice Authority. Once we did begin working on accomplishing the grant objectives, the focus was on planning and preparing for the trainings. Therefore, less funds were expended in the first year of the project (2009) than during the second year (2010). The majority of the costs of the entire project were related to the actual trainings (trainer fees, materials, travel, etc.). Therefore more funds were needed later in the project.

Financial Analysis of the Regional Office of Education #3's Funds (Concluded)

The Regional Office of Education #3 uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Regional Office of Education #3's governmental funds reported combined net assets of \$157,950 above last year's ending net asset balance of \$458,715. The Regional Office of Education #3's proprietary funds reported combined net assets of \$13,371 above last year's ending fund balance of \$254,175.

Governmental Fund Highlights

- The Regional Office of Education #3's General Fund showed revenue slightly less than expenses and Education Fund showed revenue slightly less than expenses. The decreased revenue on the fund financial statements is a result of slow payment by the State.

Proprietary Fund Highlights

- As part of its mission, the Regional Office of Education #3 continues to provide workshop and training services to school districts even during economically challenging times. Many workshops were offered free-of-charge and below cost-recovery in order to meet organizational objectives.

Budgetary Highlights

The Regional Office of Education #3 annually adopts a budget on a basis consistent with U.S. generally accepted accounting principles; however, the annual budget is not required to be legally adopted. The Illinois State Board of Education reviews the proposed budget and either grants approval or returns it without approval with comments. Any unapproved budget must be resubmitted to the Illinois State Board of Education for final approval. The budget may be amended during the year utilizing procedures prescribed by the Illinois State Board of Education. A schedule showing the original and final budget amounts compared to the Regional Office of Education #3's actual financial activity is included in the supplementary information section of this report.

Factors Bearing on the Regional Office of Education #3's Future

At the time these financial statements were prepared and audited, the Regional Office of Education #3 was aware of several existing circumstances that could significantly impact its financial health in the future:

- The Regional Office of Education #3 is obligated to provide programs and services in compliance with statutory, regulatory and mandated requirements from the Legislature and the Illinois State Board of Education. These programs and services are provided even though payments from the State have not been timely. The Regional Office of Education #3 must maintain a proficient professional and clerical staff in order to provide a consistent level of service to the constituents of the educational service region served by the regional superintendent of schools. Reliance on delayed state and federal funding brings an element of uncertainty to the budgeting process each year, yet the mandated programs and services have no contingencies built in.

Factors Bearing on the Regional Office of Education #3's Future (Concluded)

- The Regional Office of Education #3 has a long-standing policy of re-deploying aging computer and audio-visual inventory within the organization. The equipment being replaced is refurbished for use by the alternative education programs, which are also accepting donated computer equipment from other agencies and using open source licensed software programs rather than commercial licensed software programs in an effort to reduce costs. This practice has resulted in an increased number of computers available for student use at little or no expense to any program. The regional superintendent provides new equipment, software and training to personnel as warranted.
- A limited number of federal and state grant programs help support the Regional Office of Education #3's Educational Services Division and the Alternative Education Programs. Funding from these grant programs is not assured from year to year. Because of limited availability of funds to other agencies and organizations, there is increased competition for funded grant programs due in part to a reduction in the amount of grant funding available and the similar financial circumstances all entities are experiencing. The future of the Alternative Education Programs and the Educational Services Division (and the programs and services they provide) is directly dependent on their abilities to compete for grant funding. The Alternative Education Programs have been expanding due to increased needs by the districts for placement of students requiring alternative educational services. Because of an increase in the number of students served by the programs, an increase in personnel has been required.
- The Regional Office of Education #3 operates under conservative fiscal management and will continue to remain productive through the current State budgetary conundrum through frugal fiscal management, staying within fiscal limits and by utilizing human resources and physical resources effectively. A continuous review of current and past practices, as well as current operations policies has led to practical modifications resulting in reduction of expenditures and reasonably stable fund balances.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Regional Office of Education #3's accounting policies conform to generally accepted accounting principles which are appropriate to local governmental units of this type.

A. Reporting Entity

The Regional Office of Education #3 was created by Illinois Public Act 76-735, as amended, effective August 8, 1995. The region encompasses Bond, Fayette, and Effingham counties.

The Regional Superintendent of Schools is the chief administrative officer of the region and is elected to the position for a four-year term. The Regional Superintendent is responsible for the supervision and control of the school districts.

The Regional Superintendent's responsibilities for administering the school educational service region programs include, but are not limited to, providing directions to teachers and school officials on science, art and teaching methods; implementing the State Board of Education's Policy Programs; encouraging camaraderie among teachers through the teachers' institute; making public notice of unfilled teaching positions within the region; and ensuring of the safety, health and welfare of the students in the region by periodically inspecting the school buildings and ensuring that the bus drivers have valid driving licenses and are properly trained to operate the school buses. Further, the Regional Superintendent receives an allocation of school funds from the State Board of Education and apportions these funds to the school districts in accordance with the State Board of Education's formula.

The Regional Office of Education #3 derives its oversight power and authority over the school districts from the School Code and is responsible for its own fiscal and budgetary matters. The Regional Office of Education #3 exercises no oversight responsibility on financial interdependency, selection of governing authority, designation of management or the ability to significantly influence the operations of any other outside agencies. Control or dependency is determined on the basis of budget adoption, taxing authority, funding and appointment of the respective governing order. Therefore, no other agency has been included as a component unit in the Regional Office of Education #3's financial statements. In addition, the Regional Office of Education #3 is not aware of any entity that would exercise oversight as to result in the Regional Office of Education #3 being considered a component unit of the entity.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by intergovernmental revenues, are reported separately from the *business-type activities*, which rely to a significant extent on fees and charges for support.

**BOND, FAYETTE, AND EFFINGHAM COUNTIES
REGIONAL OFFICE OF EDUCATION #3**

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-wide and Fund Financial Statements (Continued)

The Statement of Net Assets includes all of the Regional Office of Education #3's assets and liabilities, including capital assets. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenues received more than 60 days after the end of the current period are deferred in the governmental fund financial statements but are recognized as current revenues in the government-wide financial statements. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

It is the Regional Office of Education #3's policy to first apply restricted resources when an expenditure or expense is incurred for which both restricted and unrestricted resources are available.

The Regional Office of Education #3 reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the Regional Office of Education #3 and is used to account for all financial resources that are not legally restricted for expenditure for specified purposes. This fund is available to pay general and administrative expenditures of the Regional Office of Education #3. Included in this fund are:

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The Regional Office of Education #3 reports the following major proprietary fund:

Enterprise Funds - Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprise where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis should be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control accountability, or other purposes. Included in this fund is:

Workshops - To account for the fees and local revenues received and related expenses incurred while performing the corresponding program services.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements and the proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Under the provision of GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Regional Office of Education #3 applies all GASB pronouncements and has elected to apply only the pronouncements issued on or before November 30, 1989 for the following: Statements and Interpretations of the Financial Accounting Standards Board (FASB), Accounting Principles Board (APB) Opinions, and Accounting Research Bulletins (ARBs) of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Regional Office of Education #3's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services and administrative expenses.

All funds not needed for immediate disbursement are maintained in interest bearing accounts.

Statutes authorize the Regional Office of Education #3 to make deposits or invest in obligations of states and their political subdivisions, savings accounts, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds Money Market Fund.

6. RETIREMENT FUND COMMITMENTS

A. Teachers' Retirement System of the State of Illinois

The Regional Office of Education #3 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago.

The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The State of Illinois maintains primary responsibility for the funding of the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the system's administration.

TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher certification is required. The active member contribution rate for the year ended June 30, 2010 was 9.4 percent of creditable earnings. These contributions, which may be paid on behalf of employees by the employer, are submitted to TRS by the employer. The active member contribution rate was also 9.4 percent for the years ended June 30, 2009 and 2008.

The State of Illinois makes contributions directly to TRS on behalf of the Regional Office of Education #3's TRS-covered employees.

On-Behalf Contributions to TRS - The State of Illinois makes employer pension contributions on behalf of the Regional Office of Education #3. For the year ended June 30, 2010, State of Illinois contributions were based on 23.38 percent of creditable earnings not paid from federal funds, and the Regional Office of Education #3 recognized revenue and expenditures of \$142,745 in pension contributions that the State of Illinois paid directly to TRS. For the years ended June 30, 2009, and June 30, 2008, the State of Illinois contribution rates as percentages of creditable earnings not paid from federal awards were 17.08 percent (\$77,864) and 13.11 percent (\$53,772), respectively.

The Regional Office of Education #3 makes other types of employer contributions directly to TRS.

2.2 Formula Contributions – Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2010 were \$2,598. Contributions for the years ended June 30, 2009, and June 30, 2008 were \$2,790 and \$2,400, respectively.

Federal and Special Trust Fund Contributions - When TRS members are paid from federal and special trust funds administered by the Regional Office of Education #3, there is a statutory requirement for the Regional Office of Education #3 to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that was first effective for the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS.

6. RETIREMENT FUND COMMITMENTS (Continued)

A. Teachers' Retirement System of the State of Illinois (Continued)

For the year ended June 30, 2010, the employer pension contribution was 23.38 percent of salaries paid from federal and special trust funds. For the years ended June 30, 2009 and 2008, the employer contribution was 17.08 and 13.11 percent of salaries paid from federal and special trust funds, respectively. For the year ended June 30, 2010, salaries totaling \$19,868 were paid from federal and special trust funds that required employer contributions of \$4,645. For the years ended June 30, 2009, and June 30, 2008, required Regional Office of Education #3 contributions were \$3,770 and \$2,894, respectively.

Early Retirement Option – The Regional Office of Education #3 is also required to make one-time employer contributions to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the age and salary of the member.

Public Act 94-0004 made changes in the ERO program that were in effect for all ERO retirements in fiscal years 2008 through 2010. The act increased member and employer contributions and eliminated the waiver of member and employer ERO contributions that had been in effect for members with 34 years of service.

Under the current ERO, the maximum employer contribution was 117.5 percent and applies when the member is age 55 at retirement.

For the three years ended June 30, 2010, the Regional Office of Education #3 made no payments to TRS for employer contributions under the Early Retirement Option.

Salary Increases Over 6 Percent and Excess Sick Leave – Public Act 94-0004 added two additional employer contributions to TRS.

If an employer grants salary increases over 6 percent and those salaries are used to calculate a retiree's final average salary, the employer makes a contribution to TRS. The contribution will cover the difference in actuarial cost of the benefit based on actual salary increases and the benefit based on salary increases of up to 6 percent.

For the three years ended June 30, 2010, the Regional Office of Education #3 made no payments for employer contributions to TRS due on salary increases in excess of 6 percent.

If an employer grants sick leave days in excess of the normal annual allotment and those days are used as TRS service credit, the employer makes a contribution to TRS. The contribution is based on the number of excess sick leave days used as service credit, the highest salary used to calculate final average salary, and the TRS total normal cost rate (18.55 percent of salary during the year ended June 30, 2010).

For the three years ended June 30, 2010, the Regional Office of Education #3 made no payments for employer contributions to TRS for sick leave days granted in excess of the normal annual allotment.

B. Illinois Municipal Retirement Fund

Plan Description – The Regional Office of Education #3's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education #3's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Funding Policy – As set by statute, the Regional Office of Education #3's Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate for calendar year 2009 was 8.02 percent of annual covered payroll. The Regional Office of Education #3 also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while supplemental retirement benefits rate is set by statute.

Annual Pension Cost – For fiscal year ending December 31, 2009, the Regional Office of Education #3's annual pension cost of \$46,252 for the Regular plan was equal to Regional Office of Education #3's required and actual contributions.

6. RETIREMENT FUND COMMITMENTS (Continued)

B. Illinois Municipal Retirement Fund (Continued)

The required contribution for 2009 was determined as part of the December 31, 2007, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2007, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.0 percent a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4 percent to 10.0 percent per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3.0 percent annually. The actuarial value of the Regional Office of Education #3's Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 15.0 percent corridor between the actuarial and market value of assets. The Regional Office of Education #3's Regular plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at December 31, 2007, was 5 years.

Funded Status and Funding Progress – As of December 31, 2009, the most recent actuarial valuation date, the Regular plan was 86.06 percent funded. The actuarial accrued liability for benefits was \$1,276,996 and the actuarial value of assets was \$1,098,927, resulting in an underfunded actuarial accrued liability (UAAL) of \$178,069. The covered payroll (annual payroll of active employees covered by the plan) was \$576,703 and the ratio of the UAAL to the covered payroll was 31.0 percent. In conjunction with the December 2009 actuarial valuation the market value of investments was determined using techniques that spread the effect of short-term volatility in the market value of investments over a five-year period with a 20.0 percent corridor between the actuarial and market value of assets. In 2010, the unfunded actuarial accrued liability is being amortized on a level percentage of projected payroll on an open 10 year basis.

The schedule of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

C. Social Security

Employees not qualifying for coverage under the Illinois Teachers' Retirement System or the Illinois Municipal Retirement Fund are considered "nonparticipating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security.

7. OTHER POST EMPLOYMENT BENEFITS

Teacher Health Insurance Security

The Regional Office of Education #3 participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit postemployment healthcare plan that was established by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants may participate in the state administered participating provider option plan or choose from several managed care options.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The Illinois Department of Healthcare and Family Services (HFS) and the Illinois Department of Central Management Services (CMS) administer the plan with the cooperation of TRS. The director of HFS determines the rates and premiums for annuitants and dependent beneficiaries and establishes the cost-sharing parameters. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to the TRS who are not employees of the state make a contribution to THIS.

The percentage of employer required contributions in the future will be determined by the director of Healthcare and Family Services and will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

On behalf contributions to THIS Fund - The State of Illinois makes employer retiree health insurance contributions on behalf of the Regional Office of Education #3. State contributions are intended to match contributions to THIS Fund from active members which were 0.84 percent of pay during the year ended June 30, 2010. State of Illinois contributions were \$5,295, and the Regional Office of Education #3 recognized revenue and expenditures of this amount during the year. Had the Regional Office of Education #3 recognized revenue and expenditures for State contributions intended to match active member contributions during the years ended June 30, 2009 and June 30, 2008, under the current standards, the contribution match would have been .84 percent of pay or \$5,554 and \$5,060, respectively.

Employer contributions to THIS Fund - The Regional Office of Education #3 also makes contributions to THIS Fund. The employer THIS Fund contribution was 0.63 percent during the years ended June 30, 2010, June 30, 2009, and June 30, 2008. For the year ended June 30, 2010, the Regional Office of Education #3 paid \$2,817 to the THIS Fund. For the years ended June 30, 2009 and June 30, 2008, the Regional Office of Education #3 paid \$3,011 and \$2,584 to the THIS Fund, respectively, which was 100 percent of the required contribution.

The publicly available financial report of the THIS Fund may be obtained by writing to the Department of Healthcare and Family Services, 201 S. Grand Ave., Springfield, IL 62763-3838.
