INDEPENDENT AUDITORS' REPORT

Honorable William G. Holland
Auditor General
State of Illinois

Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Fulton/Schuyler Counties Regional Office of Education #22, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Fulton/Schuyler Counties Regional Office of Education #22's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Fulton/Schuyler Counties Regional Office of Education #22, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 13, the Fulton/Schuyler Regional Office of Education #22 will disband effective July 1, 2015. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Illinois Municipal Retirement Fund Schedule of Funding Progress on pages 14a through 14f and 49 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Fulton/Schuyler Counties Regional Office of Education #22's basic financial statements. The combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements and Schedule of Disbursements to School District Treasurers and Other Entities - Distributive Fund are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements and Schedule of Disbursements to School District Treasurers and Other Entities - Distributive Fund is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements and Schedule of Disbursements to School District Treasurers and Other Entities - Distributive Fund are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated March 4, 2015 on our consideration of the Fulton/Schuyler Counties Regional Office of Education #22's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Fulton/Schuyler Counties Regional Office of Education #22's internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable William G. Holland
Auditor General
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Fulton/Schuyler Counties Regional Office of Education #22, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Fulton/Schuyler Counties Regional Office of Education #22's basic financial statements, and have issued our report thereon dated March 4, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Fulton/Schuyler Counties Regional Office of Education #22's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fulton/Schuyler Counties Regional Office of Education #22's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fulton/Schuyler Counties Regional Office of Education #22's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Responses, we identified a certain deficiency in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and Responses as item 2014-001 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fulton/Schuyler Counties Regional Office of Education #22's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Fulton/Schuyler Counties Regional Office of Education #22's Response to Finding

Fulton/Schuyler Counties Regional Office of Education #22's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Responses. Fulton/Schuyler Counties Regional Office of Education #22's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fulton/Schuyler Counties Regional Office of Education #22's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fulton/Schuyler Counties Regional Office of Education #22's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SECTION II – FINANCIAL STATEMENT FINDINGS

Finding No. 2014-001 – Controls Over Financial Statement Preparation (Repeat of Prior Year Findings 13-001, 12-01, 11-01, 10-01, 09-01, 08-01 & 07-01)

Criteria/Specific Requirement:

The Fulton and Schuyler Counties Regional Office of Education #22 is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). The Regional Office of Education #22's internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge, skills, and experience to prepare GAAP based financial statements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

GASB Statement No. 34, *Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments* (Statement), requires governments to present government-wide and fund financial statements as well as a summary reconciliation of the (a) total governmental funds balances to the net position of governmental activities in the Statement of Net Position, and (b) total change in governmental fund balances to the change in the net position of governmental activities in the Statement of Activities. In addition, the Statement requires information about the government's major and nonmajor funds in the aggregate, to be provided in the fund financial statements.

Condition:

The Regional Office of Education #22 does not have sufficient internal controls over the financial reporting process. The Regional Office of Education #22 maintains its accounting records on the cash basis of accounting during the fiscal year and posts year-end accrual entries for financial statement purposes. While the Regional Office of Education #22 maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

During review of the Regional Office of Education #22's financial information prepared by the Regional Office of Education #22, auditors noted the Regional Office did not have adequate controls over the maintenance of complete records of accounts receivable, accounts payable, or unearned revenue. While the Regional Office did maintain records to indicate the balances of accounts receivable, accounts payable, and unearned revenue, no entries were provided to reconcile the Regional Office of Education #22's grant activity, such as posting grant receivables.

Finding No. 2014-001 – Controls Over Financial Statement Preparation (Repeat of Prior Year Findings 13-001, 12-01, 11-01, 10-01, 09-01, 08-01 & 07-01) (Concluded)

Effect:

The Regional Office of Education #22's management or its employees, in the normal course of performing their assigned functions, may not prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

Cause:

According to Regional Office officials, they did not have adequate funding to hire and/or train their accounting personnel in order to comply with these requirements.

Auditor's Recommendation:

As part of its internal control over the preparation of financial statements, the Regional Office of Education #22 should implement comprehensive preparation procedures to ensure that the financial statements are complete and accurate. These procedures should be performed by a properly trained individual(s) possessing a thorough understanding of applicable GAAP, GASB pronouncements, and knowledge of the Regional Office of Education #22's activities and operations.

Management's Response:

The Regional Office of Education #22 understands the nature of this finding and realizes that this circumstance is not unusual in an organization of this size. The Regional Office accepts the degree of risk associated with this condition because the added expense of seeking additional accounting expertise to prepare and/or review financial statements would take away from the funds available to provide educational services for the schools in the region.

CORRECTIVE ACTION PLAN

Finding No. 2014-001 – Controls Over Financial Statement Preparation

Condition:

The Regional Office of Education #22 does not have sufficient internal controls over the financial reporting process. The Regional Office of Education #22 maintains its accounting records on the cash basis of accounting during the fiscal year and posts year-end accrual entries for financial statement purposes. While the Regional Office of Education #22 maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

During review of the Regional Office of Education #22's financial information prepared by the Regional Office of Education #22, auditors noted the Regional Office did not have adequate controls over the maintenance of complete records of accounts receivable, accounts payable, or unearned revenue. While the Regional Office did maintain records to indicate the balances of accounts receivable, accounts payable, and unearned revenue, no entries were provided to reconcile the Regional Office of Education #22's grant activity, such as posting grant receivables.

Plan:

The Regional Office of Education #22 accepts the degree of risk associated with this condition because the additional expense to seek outside accounting expertise to prepare and/or review financial statements would take away from the funds available to provide educational services for the schools in the region. The Regional Office of Education #22 will review, approve, and accept responsibility for the audit adjustments, financial statements and related notes provided by the auditors.

The Regional Office of Education #22 will continue to work with the other Regional Offices of Education to determine the most effective method of ensuring that our employees possess the knowledge required to compile the necessary GAAP-based financial statements.

Using This Report

This report consists of a series of financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Regional Office's financial activities.
- The Government-wide financial statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of the Regional Office as a whole and present an overall view of the Regional Office's finances.
- Fund financial statements report the Regional Office's operations in more detail than the government-wide statements by providing information about the most significant funds.
- Notes to the financial statements provide additional information that is needed for a full understanding of the data provided in the basic financial statements.
- Required supplementary information further explains and supports the financial statements and supplementary information provides detail information about the non-major funds.

Reporting the Office as a Whole

The Statement of Net Position and the Statement of Activities

The Government-wide statements report information about the Regional Office as a whole. The Statement of Net Position includes all of the assets and liabilities. All of the current year revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid, using accounting methods similar to those used by private-sector companies.

FULTON/SCHUYLER COUNTIES
REGIONAL OFFICE OF EDUCATION #22
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014

Reporting the Office as a Whole (Concluded)

The two Government-wide statements report the Regional Office's net position and how they have changed. Net Position – the difference between the assets and liabilities – are one way to measure the Regional Office's financial health or position.

- Over time, increases or decreases in the net position can be an indicator of whether financial position is improving or deteriorating, respectively.
- To assess the Regional Office's overall health, additional non-financial factors, such as new laws, rules, regulations, and actions by officials at the State level need to be considered.

The Government-wide financial statements present all of the Regional Office's activities as governmental and business-type activities. Local, State and federal aid finance most of these activities.

The fund financial statements provide detailed information about the Regional Office's funds, focusing on its most significant or "major" funds. Funds are accounting devices, which allow the tracking of specific sources of funding and spending on particular programs. Some funds are required by State law. The Regional Office established other funds to control and manage money for particular purposes.

The Regional Office has three kinds of funds:

- 1) Governmental funds account for all of the Regional Office's services. These focus on how cash and other financial assets can be readily converted to cash flow in and out and the balances left at year-end available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer resources that can be spent in the near future to finance the Regional Office's programs. The Regional Office's Governmental Funds include: the general funds and the special revenue funds. The governmental funds' required financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.
- 2) Fiduciary funds are used to account for assets held by the Regional Office in a trust capacity or as an agent for individuals and private or governmental organizations. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The fiduciary funds required financial statements include a Statement of Fiduciary Net Position.
- 3) Proprietary funds, which include only a business-type fund, are used to account for the goods and services provided by one fund for the benefit of the school districts in the county. The proprietary funds required financial statements include a Statement of Net Position, Statement of Revenues, Expenses, and Changes in Fund Net Position, and Statement of Cash Flows.

A summary reconciliation between the Government-wide financial statements and the fund financial statements follows the fund financial statements.

Office-Wide Financial Analysis

As noted earlier, net position may serve when examined over time as one indicator of the financial position of the Regional Office. The net position at the end of FY14 totaled \$697,412. At the end of FY13, the net position was \$741,200. The analysis that follows provides a summary of the Regional Office's net position at June 30, 2014 and 2013, for the governmental and business-type activities.

Governmental Activities

For FY14, revenues for governmental activities were \$888,846, which is less than FY13 amounts, and expenses were \$933,277, which is more than FY13 amounts. The Regional Office determined the decrease in revenue resulted from decreases in operating grants and contributions. Expenses reflect salary and benefit, purchased services, rent, and On-behalf payments increases, but lowered costs in supplies and materials. The decrease in revenues approximates a 1.54% decrease while the increase in expenses was 5.49%.

Business-Type Activities

The Regional Office's business-type activity is related to a Background Checks program.

Financial Analysis of the Regional Office Funds

Governmental Fund Highlights:

- The dollar return on investments (savings and checking accounts) decreased because of declining interest rates.
- County support for the Regional Office County Budget FY14 decreased. Therefore, the Regional Office continues to reduce spending to the best of its ability.
- State Aid foundation level remains at \$6,119 per student with a proration of approximately 89%.
- Payments for Truants Alternative Optional Education and Alternative School funding were somewhat timely for FY14.

Budgetary Highlights

The Regional Office annually adopts budgets for several funds. The Education Fund and the Nonmajor Special Revenue Fund budgets are prepared by the Regional Superintendent and serve as a guideline for activities and expenditures. The Regional Superintendent annually prepares an Office Operations Budget and submits it to the two County Boards for their approval. The Office Operations Budget covers a fiscal year, which runs from December 1 to November 30. All grant budgets are prepared by the Regional Office and submitted to the granting agency for approval. Amendments must be submitted under guidelines established by the granting agency. Schedules showing the budget amounts compared to the Regional Office's actual financial activity are included in the supplementary information of this report.

Capital Assets

Capital Assets of the Regional Office include office equipment, computers, audio-visual equipment and office furniture. The Regional Office maintains an inventory of capital assets, which have been accumulated over time. There was no increase in FY13 for the Regional Office. In addition, the Regional Office has adopted a depreciation schedule which reflects the level of Net Governmental Activities Capital Assets. More detailed information about capital assets is available in Note 10 to the financial statements.

Economic Factors and Next Year's Budget

At the time these financial statements were prepared and audited, the Regional Office was aware of several existing circumstances that could affect its financial health in the future:

- The State of Illinois Foundation level used in the General State Aid calculation would remain at \$6,119 per student, with the number of payments reduced as a result of approximately 89% proration to GSA.
- The interest rate on investments remains low and will impact interest earned.
- The Regional Office will continue minimal Gifted funding for special projects only.
- The Truants Alternative Optional Education and Regional Safe School's grant funding decreased minimally for FY15.
- The Regional Office continues to purchase their own janitorial supplies at one of the alternative schools.
- The Regional Office was instructed to submit a budget for county support close to the amount requested in FY14 due to County Board cuts. Therefore, Schuyler County's contribution will be less. Salary increases/raises for county employees for FY14 & FY15 were granted.
- The Regional Office is not receiving FY15 State grant money in a timely manner. The State of Illinois remains in a financial crisis and the Regional Office continues to see severe cuts in funding for education programs.
- In addition, FY15 salaries for all Regional Superintendents and Assistants in the State of Illinois continue to be paid out of the CPPRT (Corporate Personal Property Replacement Tax).
- The restructuring of the Regional Offices in the state of Illinois has been determined. As a result of this consolidation, the FY15 consolidated budget was broken down to reflect the five remaining months as ROE #22 and the seven months after consolidation. This resulted in a major budget cut that will impact revenue normally received from Fulton and Schuyler counties.

REGIONAL OFFICE OF EDUCATION #22
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Regional Office of Education #22 was formed under the provisions of the State of Illinois, Illinois State Board of Education.

In 2014, the Regional Office of Education #22 implemented *Governmental Accounting Standards Board (GASB) Statement No. 65, Items Previously Reported as Assets and Liabilities*; *GASB Statement No. 66, Technical Corrections – 2012 - an amendment of GASB Statements No. 10 and No. 62*; *GASB Statement No. 67, Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25*; and *GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees*. The Regional Office of Education #22 implemented these standards during the current year; however, GASB Statement No. 70 had no impact on the financial statements. The implementation of GASB Statement No. 65 reclassifies, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The implementation of GASB Statement No. 66 resolved conflicting guidance that resulted from the issuance of GASB Statement Nos. 54 and 62 regarding risk financing activities, operating leases, purchased loans, and servicing fees. The implementation of GASB Statement No. 67 improved financial reporting by state and local governmental pension plans.

The *Government Accounting Standards Board* has issued Statement No. 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB No. 27*. This statement will be implemented for the fiscal year ending, June 30, 2015. The revised requirements establish new financial reporting requirements for state and local governments which provide their employees with pension benefits, including additional note disclosures and required supplementary information. In addition, the Statement of Net Position is expected to include a significant liability for the government's proportionate share of the employee pension plan.

A. DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through March 4, 2015, the date when the financial statements were available to be issued.

B. FINANCIAL REPORTING ENTITY

The Regional Office of Education #22 was formed as a result of an Educational Service Region becoming a Regional Office of Education on August 7, 1995. The Regional Office operates under the School Code (105 ILCS 5/3 and 5/3A). The Regional Office of Education #22 encompasses Fulton and Schuyler Counties in Illinois. A Regional Superintendent of Schools serves as chief administrative officer of the Regional Office and is elected pursuant to 105 ILCS 5/3 and 5/3a of the School Code. The principal financial duty of the Regional Superintendent is to receive and distribute monies due to school districts from general State aid, State categorical grants, and various other sources.

B. FINANCIAL REPORTING ENTITY (Concluded)

The Regional Superintendent is charged with responsibility for township fund lands; registration of the names of applicants for scholarships to State-controlled universities; examinations and related duties; visitation of public schools; direction of teachers and school officers; to serve as the official advisor and assistant of school officers and teachers; to conduct teachers institutes as well as to aid and encourage the formation of other teachers' meetings and assist in their management; to evaluate the schools in the region; to examine evidence of indebtedness; to file and keep the returns of elections required to be returned to the Regional Superintendent's office; and to file and keep the reports and statements returned by school treasurers and trustees.

The Regional Superintendent is also charged with the responsibilities of conducting a special census, when required; providing notice of money distributed to treasurers, board presidents, clerks, and secretaries of the school districts on or before each September 30; maintenance of a map and numbering of the Regional Office of Education #22's districts; providing township treasurers with a list of district treasurers; inspecting and approving building plans which comply with State law; performing and reporting on annual building inspections; investigating bus drivers for valid bus driver permits and take related action as may be required; maintaining a list of unfilled teaching positions; and carrying out other related duties required or permitted by law.

The Regional Superintendent is responsible for inspection and approval or rejection of school treasurers' bonds. The Regional Superintendent is also required to provide the State Board of Education with an affidavit showing that the treasurers of school districts under his control are properly bonded.

The Regional Superintendent is also responsible for apportionment and payment of funds received from the State for the districts in the Regional Office of Education #22, or see that no payments are made unless the treasurer has filed or renewed appropriate bond and that the district has certified publication of the annual financial report. The Regional Superintendent is required to provide opinions and advice related to controversies under school law.

For the period ended June 30, 2014, the Regional Office of Education #22 applied for, received, and administered numerous State and federal programs and grants in assistance and support of the educational activities of the school districts in Fulton and Schuyler counties. Such activities are reported as a single special revenue fund (Education Fund).

C. SCOPE OF THE REPORTING ENTITY

The Regional Office of Education #22 reporting entity includes all related organizations for which they exercise oversight responsibility.

FULTON/SCHUYLER COUNTIES
REGIONAL OFFICE OF EDUCATION #22
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. SCOPE OF THE REPORTING ENTITY (Concluded)

The Regional Office of Education #22 has developed criteria to determine whether outside agencies with activities which benefit the citizens of the region, including districts or joint agreements which serve pupils from numerous regions, should be included in its financial reporting entity. The criteria include, but are not limited to, whether the Regional Office of Education #22 exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The districts and joint agreements have been determined not to be a part of the reporting entity after applying the criteria of manifesting of oversight, scope of public service, and special financing relationships and are therefore excluded from the accompanying financial statements because the Regional Office of Education #22 does not control the assets, operations, or management of the districts or joint agreements. In addition, the Regional Office of Education #22 is not aware of any entity that would exercise such oversight as to result in the Regional Office of Education #22 being considered a component unit of the entity.

D. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Regional Office of Education #22's activities with most of the inter-fund activities removed. Governmental activities include programs supported primarily by State and federal grants and other intergovernmental revenues. The Regional Office of Education has one business-type activity that relies on fees charged for services.

The Regional Office of Education #22's government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present a summary of governmental and business-type activities for the Regional Office of Education #22 accompanied by a total column. These statements are presented on an "economic resources" measurement as prescribed by GASB Statement No. 34. All of the Regional Office of Education #22's assets and liabilities, including capital assets, are included in the accompanying Statement of Net Position. The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges for services, and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

D. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Concluded)

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as, payables, receivables and transfers. Interfund activities between governmental funds and between governmental funds and proprietary funds appear as due to/due from on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Position and as other resources and other uses on the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Fund Net Position. All interfund transactions between governmental funds will be eliminated on the government-wide financial statements. Interfund activities between governmental funds and business-type funds will remain as due to/due from on the government-wide financial statements. All internal balances in the Statement of Net Position will be eliminated except those representing balances between the governmental activities and the business-type activities. In the Statement of Activities those transactions between governmental and business-type activities have not been eliminated.

The purpose of interfund borrowing and permanent transfers is to cover temporary or permanent short falls in cash flow within grant programs and funds.

E. PROPRIETARY FUND FINANCIAL STATEMENTS

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and non-major funds aggregated.

Proprietary funds are accounted for using the “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

F. GOVERNMENTAL FUND FINANCIAL STATEMENTS

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain the differences between fund balances and changes in fund balances presented in these statements and the net position and changes in net position presented in the government-wide financial statements.

The governmental fund financial statements have been prepared in accordance with generally accepted accounting principles on the modified accrual basis. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues received more than 60 days after the end of the current period are deferred inflows of resources in the governmental fund financial statements but are recognized as current revenues in the government-wide financial statements. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for prepaid expenses, and other long-term obligations, which are recognized when paid.

Revenue received after the Regional Office's availability period are reported as deferred inflows of resources in the fund statements and are reported as current revenue in the Statement of Activities.

G. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

The governmental funds financial statements focus on the measurement of spending, or "financial flow," and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. The reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

G. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Concluded)

In applying the susceptible-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Regional Office of Education #22; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually recoverable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible-to-accrual criteria are met.

Under the terms of grant agreements, Regional Office of Education #22 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted funding resources available to finance the program. It is Regional Office of Education #22's policy to first apply restricted funds to such programs, and then unrestricted funds. For unrestricted funds, committed funds are used first, then assigned funds, then unassigned funds if any.

H. FUND ACCOUNTING

The Regional Office of Education #22 uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Regional Office of Education #22 uses governmental, proprietary, and fiduciary funds.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are reported. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance.

As prescribed by GASB Statement No. 34, governmental fund reporting focuses on the major funds, rather than on the fund type. There is a two-step process for determining if a fund should be reported as a major fund: 1) total assets (including deferred outflows), liabilities (including deferred inflows), revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 10% of the corresponding total for the fund type, and 2) total assets (including deferred outflows), liabilities (including deferred inflows), revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 5% of the corresponding total for the total of all governmental and proprietary funds combined. Funds that do not meet the major fund determination requirements are reported in aggregate as nonmajor funds. The Regional Office of Education #22 has presented all major funds that met the above qualifications. The Fulton/Schuyler Counties Regional Office of Education #22 reports the following major governmental funds:

I. GOVERNMENTAL FUND BALANCES

Governmental fund equity is classified as fund balance. Fund balance is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in a Governmental Fund. The following types of fund balances may be presented in the Governmental Funds Balance Sheet and Governmental Funds Combining Schedule of Accounts:

Nonspendable Fund Balance - The portion of a Governmental Fund's net position that are not available to be spent, either short term or long term, due to either their form or legal restrictions. The Regional Office of Education #22 has no nonspendable fund balances.

Restricted Fund Balance - The portion of a Governmental Fund's net position that are subject to external enforceable legal restrictions. The following accounts' fund balances are restricted by grant agreements or contracts: McCall Summer School, and School and Community Assistance Team. The following funds are restricted by Illinois Statute: General Education Development, Bus Driver Training, and Institute Funds.

Committed Fund Balance - The portion of a Governmental Fund's net position with self-imposed constraints or limitations that have been placed at the highest level of decision making. The Regional Office of Education #22 has no committed fund balances.

Assigned Fund Balance - The portion of a Governmental Fund's net position for which an intended use of resources has been denoted. The accounts presented with assigned fund balances are specified for a particular purpose by the Regional Superintendent. The Regional Office of Education #22 has assigned fund balances in the Regional Safe Schools, Spoon River Academy, and Gifted Program funds.

Unassigned Fund Balance - Available expendable financial resources in a governmental fund that are not designated for a specific purpose. Regional Office of Education #22 has unassigned fund balances in the General Fund and County Fund.

J. NET POSITION

Equity is classified as net position and displayed in three components:

Net investment in capital assets – Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position – Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

K. CASH AND CASH EQUIVALENTS

The Regional Office of Education #22’s cash and cash equivalents are considered to be demand deposits and short term investments. All interest income is recognized as revenue in the appropriate fund’s Statement of Revenues, Expenditures and Changes in Fund Balance.

L. CAPITAL ASSETS

Capital assets purchased or acquired with an original cost of \$500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received.

Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Equipment	5 -7 years
Building improvements	15 years

M. COMPENSATED ABSENCES

The employees of the Regional Office receive 2 personal days annually and receive no vacation days. The personal days do not accumulate; therefore, no liability is accrued.

Certified employees receive up to 12 sick days annually and the unused portion is accumulated up to 170 days and carried forward. Employee sick leave is recorded when paid. Upon termination, employees do not receive any accumulated sick leave pay, and therefore, no liability is accrued.

N. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

O. DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES

Decreases in net assets that relate to future periods are reported as deferred outflows of resources. Increases in net assets that relate to future periods are reported as deferred inflows of resources. When an asset is recorded in the governmental fund financial statements but the revenue is not available, the Regional Office reports a deferred inflow of resources until such time as the revenue becomes available. *Available* means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues are not available if they are received more than 60 days after the end of the fiscal year. The Regional Office had no deferred inflows or outflows of resources in the current year.

Plan Description. The Regional Office of Education #22's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education #22's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. The employer annual required contribution rate for calendar year 2013 used by the employer was 25.17 percent. The Regional Office of Education #22 also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. NOTE 3 - DEFINED BENEFIT PENSION PLAN (Concluded)

The required contribution for 2013 was determined as part of the December 31, 2011, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2011, included a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), b) projected salary increases of 4.00% a year, attributable to inflation, c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and d) post retirement benefit increases of 3% annually. The actuarial value of the Fulton/Schuyler Counties Regional Office of Education #22's Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The Fulton/Schuyler Counties Regional Office of Education #22's Regular plan's unfunded actuarial accrued liability at December 31, 2011 is being amortized as a level percentage of projected payroll on an open 10 year basis.

Funded Status and Funding Progress. As of December 31, 2013, the most recent actuarial valuation date, the Regular plan was 76.63 percent funded. The actuarial accrued liability for benefits was \$236,595 and the actuarial value of assets was \$181,292, resulting in an underfunded actuarial accrued liability (UAAL) of \$55,303. The covered payroll for calendar year 2013 (annual payroll of active employees covered by the plan) was \$62,505 and the ratio of the UAAL to the covered payroll was 88 percent.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 4 - TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The Regional Office of Education #22 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago.

The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The State of Illinois maintains primary responsibility for funding of the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the system's administration.

TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The active member contribution rate for the year ended June 30, 2014, was 9.4 percent of creditable earnings. The same contribution rate applies to members whose first contributing service is on or after January 1, 2011, the effective date of the benefit changes contained in Public Act 96-0889. These contributions, which may be paid on behalf of employees by the employer, are submitted to TRS by the employer. The active member contribution rate was also 9.4 percent for the years ended June 30, 2013 and 2012.

Salary increases over 6 percent and excess sick leave. If the Regional Office of Education #22 grants salary increases over 6 percent and those salaries are used to calculate a retiree's final average salary, the Fulton/Schuyler Counties Regional Office of Education #22 makes a contribution to TRS.
