The audit of the accompanying basic financial statements of the Grundy/Kendall Counties Regional Office of Education #24 was performed by Kemper CPA Group LLP.

Based on their audit, the auditors expressed an unmodified opinion on the Grundy/Kendall Counties Regional Office of Education #24's basic financial statements.

INDEPENDENT AUDITOR'S REPORT

Honorable William G. Holland
Auditor General
State of Illinois

Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Grundy/Kendall Counties Regional Office of Education #24, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Grundy/Kendall Counties Regional Office of Education #24's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Grundy/Kendall Counties Regional office of Education #24, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Illinois Municipal Retirement Fund Schedule of Funding Progress, and Other Post Employment Benefits – Health Insurance Schedule of Funding Progress on pages 14a-14g, 54, and 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Grundy/Kendall Counties Regional Office of Education #24's basic financial statements. The combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements, and Schedule of Disbursements to School District Treasurers and Other Entities – Distributive Fund are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements, and Schedule of Disbursements to School District Treasurers and Other Entities – Distributive Fund is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements, and Schedule of Disbursements to School District Treasurers and Other Entities – Distributive Fund are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 18, 2015, on our consideration of the Grundy/Kendall Counties Regional Office of Education #24's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Grundy/Kendall Counties Regional Office of Education #24's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable William G. Holland
Auditor General
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Grundy/Kendall Counties Regional Office of Education #24, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Grundy/Kendall Counties Regional Office of Education #24's basic financial statements, and have issued our report thereon dated May 18, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Grundy/Kendall Counties Regional Office of Education #24's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Grundy/Kendall Counties Regional Office of Education #24's internal control. Accordingly, we do not express an opinion on the effectiveness of Grundy/Kendall Counties Regional Office of Education #24's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Responses as item 2014-001 to be a material weakness.

A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying Schedule of Findings and Responses as item 2014-002 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Grundy/Kendall Counties Regional Office of Education #24's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Regional Office of Education #24's Responses to Findings

Grundy/Kendall Counties Regional Office of Education #24's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Responses. Grundy/Kendall Counties Regional Office of Education #24's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Grundy/Kendall Counties Regional Office of Education #24's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Grundy/Kendall Counties Regional Office of Education #24's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

For the Year Ended June 30, 2014**

FINDING No. 2014-001 – Controls Over Financial Statement Preparation (Repeat of Prior Year Findings 13-001, 12-2, 11-2 and 10-2)

CRITERIA/SPECIFIC REQUIREMENT:

The Regional Office of Education #24 is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). Regional Office of Education #24's internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge, skills and experience to prepare GAAP based financial statements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

GASB Statement No. 34, *Basic Financial Statements – Management's Discussion and Analysis – for State and Local Governments* (Statement), requires governments to present government-wide and fund financial statements as well as a summary reconciliation of the (a) total governmental funds balances to the net position of governmental activities in the Statement of Net Position, and (b) total change in governmental fund balances to the change in net position of governmental activities in the Statement of Activities. In addition, the Statement requires information about the government's major and nonmajor funds in the aggregate, to be provided in the fund financial statements.

CONDITION:

The Regional Office of Education #24 does not have sufficient internal controls over the financial reporting process. The Regional Office of Education #24 maintains its accounting records on the cash basis of accounting during the fiscal year and posts year-end accrual entries for financial statement purposes. While the Regional Office of Education #24 maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

During review of the Regional Office of Education #24's financial information prepared by the Regional Office of Education #24, auditors noted the Regional Office's financial information required material adjusting entries to accounts receivable, prepaid expenses, accounts payable, accrued payroll and unearned revenue in order to present its financial statements in accordance with generally accepted accounting principles. Proposed adjusting entries were approved and accepted by Regional Office management.

FINDING No. 2014-001– Controls Over Financial Statement Preparation (Repeat of Prior Year Findings 13-001, 12-2, 11-2 and 10-2) (Concluded)

EFFECT:

The Regional Office of Education #24 management or its employees, in the normal course of performing their assigned functions, may not prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

CAUSE:

According to Regional Office officials, they did not have adequate funding to hire and/or train their accounting personnel in order to comply with these requirements.

RECOMMENDATION:

As part of internal control over the preparation of financial statements, the Regional Office of Education #24 should implement comprehensive preparation procedures to ensure that the financial statements are complete and accurate. These procedures should be performed by a properly trained individual possessing a thorough understanding of the applicable GAAP, GASB pronouncements, and knowledge of the Regional Office of Education #24's activities and operations.

MANAGEMENT'S RESPONSE:

The Regional Office of Education has taken the following steps to address this finding:

1. Implemented a new software system – now in our second year of use;
2. Hired a local accounting firm to review our financial statements; and
3. Sent personnel to trainings.

The Regional Office of Education will continue to address this finding using the limited resources that we have.

SECTION II – FINANCIAL STATEMENT FINDINGS
For The Year Ended June 30, 2014**

FINDING No. 2014-002 – Controls Over Property and Equipment

CRITERIA/SPECIFIC REQUIREMENT:

The Regional Office of Education #24's policy is to maintain detailed fixed asset records for property and equipment with a cost of \$5,000 or more and a useful life greater than one year. Generally accepted accounting principles (GAAP) require inventory and depreciation schedules be maintained for all fixed assets meeting the capitalization threshold for reporting.

CONDITION:

During audit procedures related to property and equipment, auditors noted the following:

- The fixed asset listing incorrectly calculated beginning accumulated depreciation, depreciation expense, and ending accumulated depreciation.
- New property acquired, which met the criteria for capitalization under the Regional Office of Education #24's capitalization policy, was omitted from the depreciation schedule.
- Items were included on the depreciation schedule which the Regional Office of Education had transferred to Regional Office of Education #56.

EFFECT:

Inaccurate recording of the book value of fixed assets and depreciation expense could cause the financial statements to be materially misstated. Additionally, an incomplete and incorrect fixed asset inventory does not provide an adequate basis for physical control and losses may occur without being detected.

CAUSE:

Regional Office personnel were not following established internal control policies regarding the tracking of fixed assets. Additionally, the Regional Office did not have a procedure in place to ensure newly acquired property, meeting the capitalization policy, were included on the depreciation schedule.

RECOMMENDATION:

The Regional Office of Education should follow established internal controls and/or implement procedures to:

- Review calculation of depreciation expense and verify the beginning balance of accumulated depreciation is correctly stated.
- Review equipment and supply accounts at year end to ensure that all fixed assets have been properly added to the fixed asset inventory listing and depreciation schedule.
- Periodically review the listing of fixed assets and remove any that have become obsolete, are no longer in service or have been transferred to another Regional Office.

MANAGEMENT'S RESPONSE:

The Regional Office of Education has taken the follow steps to address this finding.

1. Working to ensure beginning balance is correct; and
2. Reviewed and ensured all fixed assets are listed correctly.

Reporting the Regional Office of Education No. 24 as a Whole

The Statement of Net Position and the Statement of Activities

The government-wide statements report information about the Regional Office of Education #24 as a whole. The Statement of Net Position includes all of the assets and liabilities. All of the current year revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid, using accounting methods similar to those used by private-sector companies.

The two government-wide statements report the Office's net position and how they have changed. Net position (the difference between the assets and liabilities) are one way to measure the Office's financial health or position.

- Over time, increases or decreases in the net position can be an indicator of whether financial position is improving or deteriorating, respectively.
- To assess the Regional Office's overall health, additional non-financial factors, such as new laws, rules, regulations, and actions by officials at the state level need to be considered.

The government-wide financial statements present the Office's activities as both governmental and business-type activities. Local, state and federal aid finance most of these activities.

The fund financial statements provide detailed information about the Grundy/Kendall County Regional Office's funds, focusing on its most significant or "major" funds. Funds are accounting devices that allow the tracking of specific sources of funding and spending on particular programs. Some funds are required by state law. The Regional Office of Education #24 established other funds to control and manage money for particular purposes.

The Office has three kinds of funds:

- 1) Governmental funds account for all of the Office's services. These focus on how cash and other financial assets that can be readily converted to cash flow in and out and the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer resources that can be spent in the near future to finance the Office's programs. The Office's Governmental Funds include: the General Fund, Education Fund, Institute Fund and various other non-major funds.

The governmental funds required financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances.

**GRUNDY/KENDALL COUNTIES
REGIONAL OFFICE OF EDUCATION #24
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2014**

Reporting the Regional Office of Education No. 24 as a Whole (Concluded)

- 2) Fiduciary funds are used to account for assets held by the Regional Office of Education #24 in a trust capacity or as an agent for individuals and private or governmental organizations. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The fiduciary funds' required financial statements include a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

- 3) Proprietary funds account for activities where the ROE charges customers for services. These funds are most similar to a business that operates for a profit. The ROE has three enterprise funds, Criminal Backgrounds, Grundy County Summer School, and Will County Summer School fund.

The proprietary fund required financial statements include a Statement of Net Position, Statement of Revenues, Expenses, and Changes in Fund Net Position, and a Statement of Cash Flows.

A summary reconciliation between the government-wide financial statements and the fund financial statements follows the fund financial statements.

Government- Wide Financial Analysis

As noted earlier, net position may serve, when examined over time, as one indicator of the financial position of the Regional Office. The net position at the end of fiscal year 2014 totaled \$1,494,847. At the end of fiscal year 2013, the net position was \$1,550,246. Net position related to the Institute Fund is considered restricted for teacher professional development. The analysis that follows provides a summary of the Office's net position as of June 30, 2014 and 2013, for the governmental and business-type activities.

B. REPORTING ENTITY (Concluded)

For the period ended June 30, 2014, the Grundy/Kendall Counties Regional Office of Education #24 applied for, received, and administered numerous State and federal programs and grants in assistance and support of the educational activities of the school districts in Grundy/Kendall Counties Regional Office of Education #24. Such activities are reported as a single special revenue fund (Education Fund).

C. SCOPE OF THE REPORTING ENTITY

The Grundy/Kendall Counties Regional Office of Education #24 reporting entity includes all related organizations for which they exercise oversight responsibility.

The Grundy/Kendall Counties Regional Office of Education #24 has developed criteria to determine whether outside agencies with activities which benefit the citizens of the Grundy/Kendall Counties Regional Office of Education #24, including districts or joint agreements which serve pupils from numerous regions, should be included in its financial reporting entity. The criteria include, but are not limited to, whether the Grundy/Kendall Counties Regional Office of Education #24 exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The districts and joint agreements have been determined not to be a part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are therefore excluded from the accompanying financial statements because the Grundy/Kendall Counties Regional Office of Education #24 does not control the assets, operations, or management of the districts or joint agreements. In addition, the Grundy/Kendall Counties Regional Office of Education #24 is not aware of any entity, which would exercise such oversight as to result in the Grundy/Kendall Counties Regional Office of Education #24 being considered a component unit of the entity.

D. NEW ACCOUNTING PRONOUNCEMENTS

In 2014, the Regional Office of Education #24 implemented Governmental Accounting Standards Board (GASB) Statement No. 65, *Items Previously Reported as Assets and Liabilities*; GASB Statement No. 66, *Technical Corrections – 2012 - an amendment of GASB Statements No. 10 and No. 62*; GASB Statement No. 67, *Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25*; and GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. The Regional Office of Education #24 implemented these standards during the current year; however, GASB Statement No. 70 had no impact on the financial statements. The implementation of GASB Statement No. 65 reclassifies, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The implementation of GASB Statement No. 66 resolved conflicting guidance that resulted from the issuance of GASB Statement Nos. 54 and 62 regarding risk financing activities, operating leases, purchased loans, and servicing fees. The implementation of GASB Statement No. 67 improved financial reporting by state and local governmental pension plans.

The Governmental Accounting Standards Board has issued Statement No. 68, *Accounting and Financial Reporting for Pensions - an Amendment of GASB No. 27*. This statement will be implemented for the fiscal year ending June 30, 2015. The revised requirements establish new financial reporting requirements for state and local governments which provide their employees with pension benefits, including additional note disclosures and required supplementary information. In addition, the Statement of Net Position is expected to include a significant liability for the government's proportionate share of the employee pension plan.

E. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Grundy/Kendall Counties Regional Office of Education #24's activities with most of the interfund activities removed. Governmental activities include programs supported primarily by State and federal grants and other intergovernmental revenues. The Grundy/Kendall Counties Regional Office of Education #24 has three business-type activities that rely on fees and charges for support.

The Grundy/Kendall Counties Regional Office of Education #24's government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of governmental and business-type activities for the Grundy/Kendall Counties Regional Office of Education #24 accompanied by a total column. These statements are presented on an "economic resources" measurement as prescribed by GASB Statement No. 34. All of the Grundy/Kendall Counties Regional Office of Education #24's assets and liabilities, including capital assets, are included in the accompanying Statement of Net Position.

E. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Concluded)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges for services, and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as, payables, receivables and transfers. Interfund activities between governmental funds and proprietary funds appear as due to/due from on the governmental fund Balance Sheet and proprietary fund Statement of Net Position and as other resources and other uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances and on the proprietary fund Statement of Revenues, Expenses and Changes in Fund Net Position. All interfund transactions between governmental funds are eliminated on the government-wide financial statements. Interfund activities between governmental funds and business-type funds remain as due to/due from on the government-wide financial statements. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities. The purpose of interfund borrowing and permanent transfers is to cover temporary or permanent short falls in cash flow within grant programs and funds.

F. PROPRIETARY FUND FINANCIAL STATEMENTS

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each nonmajor fund.

Proprietary funds are accounted for using the “economic resources” measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

G. GOVERNMENTAL FUND FINANCIAL STATEMENTS

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements and the net position and changes in net position presented in the government-wide financial statements.

The governmental fund financial statements have been prepared in accordance with generally accepted accounting principles on the modified accrual basis. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, typically 60 days. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for other long-term obligations, which are recognized when paid. Revenues received more than 60 days after the end of the current period are deferred inflows of resources in the governmental fund financial statements, but are recognized as current revenues in the government-wide financial statements.

H. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

The governmental funds financial statements focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

H. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (Concluded)

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Grundy/Kendall Counties Regional Office of Education #24; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually recoverable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Under the terms of grant agreements, Grundy/Kendall Counties Regional Office of Education #24 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted funding resources available to finance the program. It is the Grundy/Kendall Counties Regional Office of Education #24's policy to first apply restricted funds, then unrestricted. For unrestricted funds, committed funds are used first, then assigned funds, then unassigned if any.

I. FUND ACCOUNTING

The Grundy/Kendall Counties Regional Office of Education #24 uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Grundy/Kendall Counties Regional Office of Education #24 uses governmental, proprietary, and fiduciary funds.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are reported. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as a fund balance.

As prescribed by GASB Statement No. 34, governmental fund reporting focuses on the major funds, rather than on the fund type.

INTEREST RATE RISK

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

The Regional Office of Education #24's policy for reducing its exposure to the risk is to structure their portfolio so that securities mature to meet the cash requirements for ongoing operations. As of June 30, 2014, all the investments have investment maturities of less than one year.

CONCENTRATION OF CREDIT RISK

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Regional Office of Education #24 does not have a policy that specifically addresses concentration of credit risk. As of June 30, 2014, the Regional Office of Education #24's investment in certificates of deposit which is 96% of total investment and totaling \$251,775 is subject to concentration of credit risk.

NOTE 4 – DEFINED BENEFIT PENSION PLAN (Concluded)

Funding Policy. As set by statute, the Grundy/Kendall Counties Regional Office of Education #24’s Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2013 was 9.71 percent. The Grundy/Kendall Counties Regional Office of Education #24 also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. The required contribution for calendar year 2013 was \$675,572.

A. THREE-YEAR TREND INFORMATION FOR THE REGULAR PLAN

Calendar Year <u>Ending</u>	Annual Pension <u>Cost (APC)</u>	Percentage of APC <u>Contributed</u>	Net Pension <u>Obligation</u>
12/31/13	\$ 675,572	100%	\$ -
12/31/12	683,673	100%	-
12/31/11	619,580	100%	-

The required contribution for 2013 was determined as part of the December 31, 2011, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2011, included a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), b) projected salary increases of 4.00% a year, attributable to inflation, c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and d) post retirement benefit increases of 3% annually. The actuarial value of your employer Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The Grundy/Kendall Counties Regional Office of Education #24’s Regular plan’s unfunded actuarial accrued liability at December 31, 2011 is being amortized as a level percentage of projected payroll on an open 10 year basis.

Funded Status and Funding Progress. As of December 31, 2013, the most recent actuarial valuation date, the Regular plan was 96.33 percent funded. The actuarial accrued liability for benefits was \$9,285,204 and the actuarial value of assets was \$8,944,424, resulting in an underfunded actuarial accrued liability (UAAL) of \$340,780. The covered payroll for calendar year 2013 (annual payroll of active employees covered by the plan) was \$6,957,482 and the ratio of the UAAL to the covered payroll was 5 percent.

The schedule of funding progress, presented as required supplemental information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 5 – TEACHERS’ RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The Grundy/Kendall Counties Regional Office of Education #24 participates in the Teachers’ Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago.

The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor’s approval. The state of Illinois maintains the primary responsibility for funding the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the system’s administration.

TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The active member contribution rate for the year ended June 30, 2014, was 9.4 percent of creditable earnings. The same contribution rate applies to members whose first contributing service is on or after January 1, 2011, the effective date of the benefit changes contained in Public Act 96-0889. These contributions, which may be paid on behalf of employees by the employer, are submitted to TRS by the employer. The active member contribution rate was also 9.4 percent for the years ended June 30, 2013 and 2012.

The State of Illinois makes contributions directly to TRS on behalf of the Grundy/Kendall Counties Regional Office of Education #24’s TRS-covered employees.

On behalf contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the Grundy/Kendall Counties Regional Office of Education #24. For the years ended June 30, 2013 and June 30, 2012, the State of Illinois contribution rates were 28.05 percent (\$154,887) and 24.91 percent (\$273,282), respectively.

The Grundy/Kendall Counties Regional Office of Education #24 makes other types of employer contributions directly to TRS:

- **2.2 formula contributions.** Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2014 were \$2,238. Contributions for the years ending June 30, 2013 and June 30, 2012, were \$2,204 and \$5,210, respectively.

**NOTE 5 – TEACHERS’ RETIREMENT SYSTEM OF THE STATE OF ILLINOIS
(Continued)**

- **Federal and special trust fund contributions.** When TRS members are paid from federal and special trust funds administered by the Grundy/Kendall Counties Regional Office of Education #24, there is a statutory requirement for the Grundy/Kendall Counties Regional Office of Education #24 to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that has been in effect since the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS. Public Act 98-0674 now requires the two rates to be the same.

For the year ended June 30, 2014, the employer pension contribution was 35.41 percent of salaries paid from federal and special trust funds. For the years ended June 30, 2013 and 2012, the employer pension contribution was 28.05 and 24.91 percent, respectively. For the year ended June 30, 2014, 2013, and 2012 no salaries were paid from federal and special trust funds therefore there were no required employer contributions.

Early Retirement Option. The Grundy/Kendall Counties Regional Office of Education #24 is also required to make one-time employer contributions to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the age and salary of the member.

The maximum employer ERO contribution under the current program is 146.5 percent and applies when the member is age 55 at retirement.

For the years ended June 30, 2014, 2013, and 2012, the Grundy/Kendall Counties Regional Office of Education #24 paid no employer contribution to TRS under the ERO program.

- **Salary increases over 6 percent and excess sick leave.**

If the Grundy/Kendall Counties Regional Office of Education #24 grants salary increases over 6 percent and those salaries are used to calculate a retiree’s final average salary, the Grundy/Kendall Counties Regional Office of Education #24 makes a contribution to TRS. The contribution will cover the difference in actuarial cost of the benefit based on actual salary increases and the benefit based on salary increase of up to 6 percent.

For the years ended June 30, 2014, 2013, and 2012, the Grundy/Kendall Counties Regional Office of Education #24 made no employer contribution to TRS for employer contributions due on salary increases in excess of 6 percent.

If the Grundy/Kendall Counties Regional Office of Education #24 grants sick leave days in excess of the normal annual allotment and those days are used as TRS service credit, the Grundy/Kendall Counties Regional Office of Education #24 makes a contribution to TRS.

b. Benefits Provided

The Grundy & Kendall Counties ROE #24 provides continued health insurance coverage at the blended employer rate to all eligible retirees in accordance with Illinois Compiled Statutes, which creates an implicit subsidy of retiree health insurance. To be eligible for benefits, an employee must qualify for retirement under the Grundy & Kendall Counties ROE #24 retirement plan. Upon a retiree reaching age 65 years of age, Medicare becomes the primary insurer and the retiree is no longer eligible to participate in the plan, but can purchase a Medicare supplement plan from the Grundy & Kendall Counties ROE #24 insurance provider.

c. Membership

At June 30, 2014 membership consisted of:

Retirees and beneficiaries currently receiving benefits	-
Terminated employees entitled to benefits but not yet receiving them	-
Active vested plan members	5
Active nonvested plan members	6
Total	<u>11</u>
Number of participating employers	<u>1</u>

d. Funding Policy

The Grundy & Kendall Counties ROE #24 is not required to and currently does not advance fund the cost of benefits that will become due and payable in the future. Active employees do not contribute to the plan until retirement.

e. Annual OPEB Costs and net OPEB Obligation

The Grundy & Kendall Counties ROE #24 had an actuarial valuation performed for the plan as of June 30, 2014 to determine the funded status of the plan as of that date as well as the employer's annual required contribution (ARC) for the fiscal year ended June 30, 2014. The Grundy & Kendall Counties ROE #24's annual OPEB cost (expense) of \$2,835 was equal to the ARC for the fiscal year, as the transition liability was set at zero as of July 1, 2009. The Grundy & Kendall Counties ROE #24's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for fiscal years 2014, 2013, and 2012 was as follows:

f. **Funded Status and Funding Progress**

The funded status of the plan was as follows:

	Fiscal Year	
	2014	2013
Actuarial Accrued Liability (AAL)	\$ 24,454	\$ 24,454
Actuarial Value of Plan Assets	-	-

Funded Ratio (Actuarial Value of Plan Assets/AAL)	0%	0%
Covered Payroll (Active Plan Members)	\$ 344,844	\$ 386,815
UAAL as a Percentage of Covered Payroll	7.09%	6.32%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2014**

**NOTE 13 – OTHER POST EMPLOYMENT BENEFITS – HEALTH INSURANCE
(Concluded)**

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2014 and 2013, actuarial valuation, the entry age normal cost method was used. The actuarial assumptions included a discount rate of 4.00% and an initial healthcare cost trend rate of 8.00% with a ultimate healthcare inflation rate of 6.00% increase for 2015 and later years. Both rates include a 3.00% inflation assumption. The actuarial value of assets was not determined as the Grundy & Kendall Counties ROE #24 has not advance funded its obligation. The plan’s unfunded actuarial accrued liability is being amortized using a level-percent-of-pay method. The remaining amortization period at June 30, 2014 and 2013 was 30 years.

NOTE 14 – DEFICIT FUND BALANCES
