In a letter dated May 18, 2009 the officials of the Regional Office of Education No. 38 determined that a formal exit conference would not be necessary.

# FINANCIAL STATEMENT REPORT SUMMARY

#### FOR THE YEAR ENDED JUNE 30, 2008

The audit of the accompanying basic financial statements of the Logan/Mason/Menard Counties Regional Office of Education No. 38 was performed by Kyle E. McGinnis, CPA.

Based on their audit, the auditors expressed an unqualified opinion on the Regional Office of Education No. 38's basic financial statements.

#### **Independent Auditors' Report**

Honorable William G. Holland Auditor General State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Logan/Mason/Menard Counties Regional Office of Education No. 38, as of and for the year ended June 30, 2008, which collectively comprise the Regional Office of Education No. 38's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Regional Office of Education No. 38's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Regional Office of Education No. 38, as of June 30, 2008, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated May 27, 2009 on our consideration of the Regional Office of Education No. 38's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and Illinois Municipal Retirement Fund Schedule of Funding Progress on pages 19 through 24 and 47 are not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Regional Office of Education No. 38's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules, and Schedule of Disbursements to School District Treasurers and Others – Distributive Fund are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules, and Schedule of Disbursements to School District Treasurers and Others – Distributive Fund have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Honorable William G. Holland Auditor General State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Logan/Mason/Menard Counties Regional Office of Education No. 38, as of and for the year ended June 30, 2008, which collectively comprise the Regional Office of Education No. 38's basic financial statements and have issued our report thereon dated May 27, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Regional Office of Education No. 38's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements and not for the purpose of expressing an opinion on the effectiveness of the Regional Office of Education No. 38's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Regional Office of Education No. 38's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that is more than a remote likelihood that a misstatement of the entity's financial statements that is more than

inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies described in the accompanying Schedule of Findings to be significant deficiencies in internal control over financial reporting, 08-1 and 08-2.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies, and, accordingly, would not necessarily disclose all significant deficiencies that are also considered material weaknesses. However, of the significant deficiencies described above, we consider item 08-1 to be a material weakness.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Regional Office of Education No. 38's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also noted certain matters which we have reported to management of the Regional Office of Education No. 38 in a separate letter dated May 27, 2009.

Regional Office of Education No. 38's responses to the findings identified in our audit are described in the accompanying Schedule of Findings. We did not audit Regional Office of Education No. 38's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, agency management, others within the organization, Illinois State Board of Education, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Kyle E. McGinnis, CPA Springfield, Illinois

#### <u>LOGAN, MASON, MENARD COUNTIES –</u> REGIONAL OFFICE OF EDUCATION NO. 38

#### SCHEDULE OF FINDINGS

#### <u>SECTION II – FINANCIAL STATEMENT FINDINGS</u>

#### FOR THE YEAR ENDED JUNE 30, 2008

Finding No. 08-1 – Internal Control Over Financial Statement Preparation. (Repeated from Finding 07-3)

# Criteria/Specific Requirement:

The Regional Office of Education No. 38 is required to maintain a system of controls over the preparation of financial statement in accordance with generally accepted accounting principles (GAAP). Regional Office internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge and expertise to prepare and/or thoroughly review GAAP based financial statements to ensure that they are free of material misstatements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

#### **Condition:**

The Regional Office of Education No. 38 does not have sufficient internal controls over the financial reporting process. The Regional Office maintains their accounting records on the cash basis of accounting. While the Regional Office maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner. For example, auditors, in their review of the Regional Office's accounting records, noted the following:

 Numerous adjustments were required to present financial statements in accordance with generally accepted accounting principles.

#### **Effect:**

Management or employees in the normal course of performing their assigned functions may not prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

#### Cause:

According to Regional Office officials, this condition is caused by insufficient resources allocated to maintaining effective internal control over financial reporting.

# <u>LOGAN, MASON, MENARD COUNTIES</u> – REGIONAL OFFICE OF EDUCATION NO. 38

#### SCHEDULE OF FINDINGS

#### <u>SECTION II – FINANCIAL STATEMENT FINDINGS</u>

#### FOR THE YEAR ENDED JUNE 30, 2008

#### Recommendation:

As part of its internal control over the preparation of its financial statements, including disclosures, the Regional Office of Education No. 38 should implement a comprehensive preparation and/or review procedure to ensure that the financial statements, including disclosures, are completed and accurate. Such procedures should be performed by a properly trained individual(s) possessing a thorough understanding of applicable generally accepted accounting principles, GASB pronouncements, and knowledge of the Regional Office of Education's activities and operations.

#### Management's Response:

The Regional Office of Education No. 38 understands the nature of this finding and realizes that this circumstance is not unusual in an organization of this size. The Regional Office management is currently confident with the abilities of the accounting staff to prepare cash basis financial information as needed for reporting throughout the year. Management will review year end reporting controls annually and investigate the cost of training staff to reach an appropriate level of expertise to do a comprehensive preparation and/or review of financial statements. Management will pursue additional training when it is considered cost beneficial since training costs would take away from the funds available to provide educational services for the schools in the region.

# <u>LOGAN, MASON, MENARD COUNTIES</u> – REGIONAL OFFICE OF EDUCATION NO. 38

#### SCHEDULE OF FINDINGS

#### SECTION II – FINANCIAL STATEMENT FINDINGS

#### FOR THE YEAR ENDED JUNE 30, 2008

Finding No. 08-2 – Uninsured Deposits in Bank. (Repeated from Finding 07-4)

#### Criteria/Specific Requirement:

The Public Funds Deposit Act (30 ILCS 225/1) gives the authorization for deposits in excess of the federally insured limit to be covered by pledged collateral held by the financial institutions' trust departments in the Regional Office of Education No. 38's name. In addition, prudent business practice requires that all deposits held by financial institutions for the Regional Office of Education No. 38 be adequately covered by depository insurance or collateral.

#### Condition:

At June 30, 2008, the Regional Office of Education No. 38 had \$46,853 of deposits in a bank which exceeded the Federal Deposit Insurance Corporation (FDIC) insured limit and no additional collateral regarding the amount in excess of the FDIC insured limit was obtained.

#### Effect:

Failure to ensure bank balances are properly protected subjects the Regional Office of Education funds to a risk of loss in the event of failure of the bank in which the Regional Office of Education funds are deposited.

#### Cause:

The Regional Office of Education No. 38 did not monitor the collateral for deposits in excess of the FDIC insurance limit.

#### **Recommendation:**

The Regional Office of Education No. 38 should periodically monitor the amount of collateral held on deposit to ensure that an adequate amount is maintained.

#### Management's Response:

The Regional Office of Education No. 38 agrees. Appropriate collateralization of accounts has been confirmed by the Regional Office of Education No. 38. A separate account has been established in a different bank to accommodate the new G.E.D. testing program; as a result, G.E.D. funds no longer share a bank account with any other funds. Finally, the increase in the FDIC insurance limits should cover the deposits.

#### **CORRECTIVE ACTION PLAN**

#### FOR THE YEAR ENDED JUNE 30, 2008

#### Corrective Action Plan for current year audit findings

Finding No. 08-1. Internal Control Over Financial Statement Preparation

#### Condition:

The Regional Office of Education No. 38 does not have sufficient internal controls over the financial reporting process. The Regional Office maintains their accounting records on the cash basis of accounting. While the Regional Office maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner. For example, auditors, in their review of the Regional Office's accounting records, noted the following:

 Numerous adjustments were required to present financial statements in accordance with generally accepted accounting principles.

#### Plan:

The Regional Office of Education No. 38 understands the nature of this finding and realizes that this circumstance is not unusual in an organization of this size. The Regional Office management is currently confident with the abilities of the accounting staff to prepare cash basis financial information as needed for reporting throughout the year. Management will review year end reporting controls annually and investigate the cost of training staff to reach an appropriate level of expertise to do a comprehensive preparation and/or review of financial statements. Management will pursue additional training when it is considered cost beneficial since training costs would take away from the funds available to provide educational services for the schools in the region.

#### SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

#### FOR THE YEAR ENDED JUNE 30, 2008

Finding <u>Number</u>	Condition	Current Status
07-1	Controls Over Compliance with Laws Regulations	See note below
07-2	Not Reconciling Cash Balances	Finding was not repeated
07-3	Internal Control Over Financial Statement Preparation	Repeated as 08-1
07-4	Uninsured Deposits in Bank	Repeated as 08-2

**NOTE:** Although the Regional Office of Education No. 38 has not fully implemented the corrective action plan associated with this finding during the fiscal year 2008, they have made significant progress in addressing the condition. Therefore, the effect of the condition is inconsequential to the specific programs and the overall financial statements and is now being addressed with management in a separate letter dated May 27, 2009.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### FOR THE YEAR ENDED JUNE 30, 2008

The Regional Office of Education No. 38 provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2008. We encourage readers to consider this information in conjunction with the Agency's financial statements, which follow.

#### 2008 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$304,866 in fiscal year 2007 to \$344,466 in fiscal year 2008, and the General Fund expenditures increased from \$304,195 in fiscal year 2007 to \$343,284 in fiscal year 2008. The Regional Office of Education No. 38 experienced an increase in the General Fund's fund balance from \$38,064 in fiscal year 2007 to \$39,348 in fiscal year 2008.
- The increase in General Fund revenues was attributable to the local sources of revenue. The increase in General Fund expenditures was primarily due to an increase in salaries and benefits.
- Education Fund revenues increased from \$93,169 in fiscal year 2007 to \$96,355 in fiscal year 2008, and the Education Fund expenditures increased from \$91,785 in fiscal year 2007 to \$97,661 in fiscal year 2008. The Education Fund's fund balance experienced a decrease from \$2,531 in fiscal year 2007 to \$1,259 in fiscal year 2008 due to overall decrease in federal support.

#### USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Agency's financial activities.
- The Government-wide financial statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of the Regional Office of Education No. 38 as a whole and present an overall view of the Agency's finances.
- The fund financial statements tell how governmental services were financed in the short-term, as
  well as what remains for future spending. Fund financial statements report the Agency's
  operations in more detail than the government-wide statements by providing information about the
  most significant funds.
- Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.
- Supplemental Information further explains and supports the financial statements with a
  comparison of the Agency's detailed information for each category of funds and provides detailed
  information about the nonmajor funds.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

#### REPORTING THE OFFICE AS A WHOLE

#### The Statement of Net Assets and the Statement of Activities

The Government-wide statements report information about the Regional Office of Education No. 38 as a whole using accounting methods similar to those used by private sector companies. The Statement of Net Assets includes all of the Agency's assets and liabilities. All of the current year revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two Government-wide statements report the Agency's net assets and how they have changed. Net assets – the difference between the assets and liabilities – are one way to measure the Agency's financial health or position.

- Over time, increases or decreases in the net assets can be an indicator of whether financial position is improving or deteriorating, respectively.
- To assess the Agency's overall health, additional non-financial factors, such as new laws, rules, regulations, and actions by officials at the state level need to be considered.

#### Fund Financial Statements

The fund financial statements provide detailed information about the Agency's funds, focusing on its most significant or "major" funds. Funds are accounting devices, which allow the tracking of specific sources of funding and spending on particular programs. State law requires the establishment of funds. The Regional Office of Education No. 38 established other funds to control and manage money for particular purposes.

The Agency has two kinds of Fund classifications:

- 1) Governmental funds account for all the Agency's services. These focus on how cash, and other financial assets that can be readily converted to cash, flow in and out and the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer resources that can be spent in the near future to finance the Agency's programs. The Agency's Governmental Funds include the General Fund and the Special Revenue Funds. The required financial statements for Governmental Funds include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balance.
- 2) Fiduciary Funds account for services for which the Regional Office of Education No. 38 acts as a fiscal agent for individuals and private or governmental organizations. The fiduciary funds' required financial statements include a Statement of Fiduciary Net Assets.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

#### Fund Financial Statements (Continued)

A summary reconciliation between the Government-wide financial statements and the fund financial statements is included in the fund financial statements.

#### Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of financial position. The Regional Office of Education No. 38's net assets at the end of fiscal year 2008 totaled \$163,534. At the end of fiscal year 2007, the net assets were \$170,893. The analysis that follows provides a summary of the Agency's net assets at June 30, 2008 and 2007 for governmental activities.

# CONDENSED STATEMENT OF NET ASSETS June 30, 2008 and 2007

### **Governmental Activities**

	2008	2007
Current Assets Capital Assets	\$ 156,425 	\$ 157,709 13,843
Total Assets	164,253	171,552
Current Liabilities	\$ 719	\$ 659
Total Liabilities	719	659
Net Asset Investment in capital assets, net of related debt Unrestricted Restricted for teacher professional development	7,828 91,703 64,003	13,843 87,193 69,857
Total Net Assets	\$ 163,534	<u>\$ 170,893</u>

The Regional Office of Education No. 38's net assets decreased by \$7,359 from fiscal year 2007 to fiscal year 2008. The decrease was primarily due to increases in salaries and benefits.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

# FOR THE YEAR ENDED JUNE 30, 2008

# **CHANGES IN NET ASSETS**

# MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

#### **Governmental Activities**

Revenues for governmental activities were \$468,235 and expenses were \$475,594. In a difficult budget year, the ROE was not able to keep expenditures below revenue which resulted in a decrease in net assets.

#### Financial Analysis of the Regional Office of Education No. 38 Funds

As previously noted, the Regional Office of Education No. 38 used fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Agency's Governmental Funds reported combined fund balances of \$155,706. This is a decrease of \$1,344 from last year's balance of \$157,050. The primary reason for the decrease was due to a decrease in local sources in the institute fund.

#### **Governmental Fund Highlights**

• County support for the Regional Office of Education No. 38 grew by approximately 1% over the last two fiscal years.

#### **Budgetary Highlights**

The Regional Office of Education No. 38 annually adopts budgets for several funds when required by the granting Agency. The Regional Superintendent annually prepares an Office Operations Budget and submits it to the three County Boards for their approval. The Office Operations Budget covers a fiscal year of December 1 through November 30.

All grant budgets are prepared by the Regional Office of Education No. 38 and submitted to the granting Agency for approval; however, they are not legally required or adopted. Amendments must be submitted under guidelines established by the granting Agency. Schedules showing the budget amounts compared to the Agency's actual financial activity are included in the supplementary information of this report.

#### Capital Assets

Capital Assets of the Regional Office of Education No. 38 include equipment, computers, audio-visual equipment and office furniture. The Regional Office of Education No. 38 maintains an inventory of capital assets, which have been accumulated over time. The decrease for fiscal year 2008 was \$6,015 a result of equipment being depreciated. The Regional Office of Education No. 38's capital asset balance for fiscal year 2008 is \$7,828, which is the total original cost of the capital assets less accumulated depreciation. More detailed information about capital assets is available in Note 6 to the financial statements.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

#### **Economic Factors and Next Year's Budget**

At the time these financial statements were prepared and audited, the Agency was aware of several existing circumstances that could significantly affect its financial health in the future:

- The interest rate on investments remains low and will impact interest earned.
- The Truancy Program funding should slightly increase.
- The Homeless Program funding will decrease in the next fiscal year.
- Since the State takes longer to issue money to the Regional Office of Education, it may force the Agency to take out a loan in order to cover some expenses while awaiting funding.
- The rising cost of supplies and personnel is not being met by the proposed funding from the State and local sources.

### Contacting the Regional Office's Financial Management

This financial report is designed to provide the Agency's citizens, taxpayers, clients, and other constituents with a general overview of its finances and to demonstrate the accountability for the money it receives. If the reader has questions concerning this report or needs additional financial information, please contact the Regional Superintendent of the Regional Office of Education No. 38, at 122 N. McLean Street, Lincoln, IL 62656.

#### NOTES TO FINANCIAL STATEMENTS

#### FOR THE YEAR ENDED JUNE 30, 2008

#### 1. Organization Description

The Regional Office of Education No. 38 was formed under the provisions of the State of Illinois, Illinois Board of Education.

In 2008, the Regional Office of Education No. 38 implemented Governmental Accounting Standards Board (GASB) Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues, and GASB Statement No. 50, Pension Disclosures – an amendment of GASB Statements No. 25 and No. 27. The Regional Office of Education No. 38 implemented these standards during the current year, however; GASB No. 48 has no impact on the financial statements.

The Logan, Mason, and Menard Counties Regional Office of Education No. 38 is an entity that is a result of two Educational Service Regions becoming a Regional Office of Education as of August 1, 1979. The Logan/Mason/Menard Counties Regional Office of Education No. 38 operates under the School Code (105 ILCS 5/3 and 5/3A). The Regional Office of Education No. 38 encompasses Logan, Mason, and Menard Counties, Illinois. A Regional Superintendent of Schools serves as Chief Administrative Officer of the Regional Office of Education No. 38 and is elected pursuant to 105 ILCS 5/3 and 5/3A of the School Code.

The Regional Superintendent is charged with responsibility for township fund lands; examinations and related duties; visitation of public schools; direction of teachers and school officers; to serve as the official advisor and assistant of school officers and teachers; to conduct teachers institutes as well as to aid and encourage the formation of other teacher meetings and assist their management; evaluate the schools in the region; examine evidence of indebtedness; file and keep the returns of elections required to be returned to the Regional Superintendent's office; and file and keep the reports and statements returned by school treasurers and trustees.

The Regional Superintendent is also charged with the responsibilities of conducting a special census, when required; providing notice of money distributed to treasurers, board presidents, clerks, and secretaries of the school districts on or before September 30; maintenance of a map and numbering of the Regional Office of Education No. 38's districts; to inspect and approve building plans which comply with State laws; to perform and report on annual building inspections; investigate bus drivers for valid bus driver permits and take related actions as may be required; to maintain a list of unfilled teaching positions and carry out other related duties required or permitted by law.

The Regional Superintendent is responsible for inspection and approval or rejection of school treasurer's bonds. The Regional Superintendent is also required to provide the State Board of Education with an affidavit showing that the treasurers of school districts within the region are properly bonded.

The Regional Superintendent is also responsible for apportionment and payments of funds received from the State for the districts in the region, or see that no payments are made unless the treasurer has filed or

# NOTES TO THE FINANCIAL STATEMENTS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

#### 1. Organization Description (Continued)

renewed appropriate bond and that the district has certified publication of the annual financial report. The Regional Superintendent is required to provide opinions and advice related to controversies under school law.

For the period ended June 30, 2008, the Regional Office of Education No. 38 applied for, received and administered State programs and grants in assistance and support of the educational activities of the school districts of the Regional Office of Education No. 38. Such activities are reported as a single major special revenue fund (Education Fund).

#### 2. Summary of Significant Accounting Policies

The financial statements of the Regional Office of Education No. 38 have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), as prescribed by the Government Accounting Standards Board (GASB). To facilitate the understanding of data included in the financial statements, summarized below are the more significant accounting policies.

### a. Financial Reporting Entity

The Regional Office of Education No. 38's reporting entity includes all related organizations for which the Regional Office of Education No. 38 exercises oversight responsibility.

The Regional Office of Education No. 38 has developed criteria to determine whether outside agencies with activities that benefit the citizens of the Regional Office of Education No. 38, including joint agreements that serve pupils from numerous school districts, should be included within its financial reporting entity. The criteria include but are not limited to, whether the Regional Office of Education No. 38 exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matter), scope of public service, and special financing relationships.

The Regional Office of Education No. 38 acts as the administrative agent for the Regional Vocational Delivery System (a joint agreement). As administrative agent, the Regional Office of Education No. 38 receives and distributes the Regional Vocational Delivery System's funding.

The joint agreements have been determined not to be a part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are therefore excluded from the accompanying financial statements because the Regional Office of Education No. 38 does not control the assets, operations, or management of the districts or joint agreements. In addition, the Regional Office of Education No. 38 is not aware of any entity, which would exercise such oversight as to result in the Regional Office of Education No. 38 being considered a component unit of the entity.

# NOTES TO FINANCIAL STATEMENTS (Continued)

### FOR THE YEAR ENDED JUNE 30, 2008

## 2. Summary of Significant Accounting Policies (Continued)

#### b. Basis of Presentation

### Governmental-wide and Fund Financial Statements

The government-wide financial statements (i.e. Statement of Net Assets and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effects of interfund activity have been removed from these statements. Governmental activities include programs supported by State and Federal grants and other intergovernmental revenues.

The Regional Office of Education No. 38's government-wide financial statements include a Statement of Net Assets and a Statement of Activities. These statements present summaries of governmental activities for the Regional Office of Education No. 38 accompanied by a total column. These statements are presented on an "economic resources" measurement as prescribed by GASB Statement No. 34. All of the Regional Office of Education No. 38's assets and liabilities, including capital assets, are included in the accompanying Statement of Net Assets. The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges for services, and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as payables, receivables and transfers. Interfund activities between governmental funds appear as due to/due from on the governmental fund Balance Sheet and as other resources and other uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances. All interfund transactions between governmental funds are eliminated on the government-wide financial statements. All internal balances in the Statement of Net Assets have been eliminated.

#### Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain differences in

# NOTES TO FINANCIAL STATEMENTS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

### 2. Summary of Significant Accounting Policies (Continued)

### b. Basis of Presentation (Continued)

### Governmental Fund Financial Statements (Continued)

fund balances and changes in fund balances as presented in these statements to the net assets and changes in net assets presented in the government-wide financial statements.

The governmental fund financial statements have been prepared in accordance with generally accepted accounting principles on the modified accrual basis. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for prepaid expenses and other long-term obligations, which are recognized when paid.

### c. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

The governmental funds financial statements focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balances (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during the period.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Regional Office of Education No. 38, therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually recoverable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenue at the time of receipt or earlier if the susceptible to accrual criteria are met.

# NOTES TO FINANCIAL STATEMENTS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

### 2. Summary of Significant Accounting Policies (Continued)

### c. Measurement Focus and Basis of Accounting (Continued)

Under the terms of grant agreements, the Regional Office of Education No. 38 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and urestricted resources available to finance the program. It is the Regional Office of Education No. 38's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

### d. Fund Accounting

The Regional Office of Education No. 38 uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Regional Office of Education No. 38 uses governmental and fiduciary funds.

#### Governmental Funds

Governmental funds are those through which most governmental functions typically are reported. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as a fund balance.

As prescribed by GASB 34, governmental fund reporting focuses on the major funds, rather than fund type. There is a two-step process for determining if a fund should be reported as a major fund: (1) total assets, liabilities, revenues or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 10% of the corresponding total for the fund type, and (2) total assets, liabilities, revenues or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 5% of the corresponding total for the total of all governmental and proprietary funds combined. Funds that do not meet the major fund determination requirements are reported in aggregate as nonmajor funds. The Regional Office of Education No. 38 has presented all major funds that meet the above qualifications.

The Regional Office of Education No. 38 reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the Regional Office of Education No. 38. It is used to account for the expenditures, which benefit all school districts in the region except those required to be accounted for in other funds. General funds include the following:

# NOTES TO FINANCIAL STATEMENTS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

## 2. Summary of Significant Accounting Policies (Continued)

### d. Fund Accounting (Continued)

Operating Fund – This fund accounts for the support that provides funding for the Regional Office of Education No. 38.

Indirect Cost Fund – This fund accounts for the indirect costs for the Regional Office of Education No. 38.

Operating/Land Transfer Fund – The Regional Office of Education is responsible for Land Transfer petition. A person wishing to send their child to another school district can petition the Regional Board of School Trustees to detach their property from one district and annex it to another. The petitioner is required to pay for this process and this account tracks the money that they pay to the office.

Major Special Revenue Funds — Special revenue funds are used to account for the proceeds of specific revenue sources (other than fiduciary or major capital projects) that are legally restricted to expenditures for specified purposes. Major special revenue funds include the following:

Education Fund – This fund is used to account for various grant and education enhancement programs as follows:

Truants Alternative/Optional Education – This fund is used to account for a grant that provides truancy guidance and alternative education options for applicable students within the region.

McKinney Education for Homeless Children – This program facilitates the enrollment, attendance and educational success of homeless children and youths so that they have an opportunity to meet the same challenging State standards to which all students are held.

The Hancock/McDonough Regional Office of Education receives the McKinney Homeless funds and then sends the Regional Office of Education No. 38 an approved budgeted portion of the grant to pay for a Homeless Coordinator.

General Education Development Fund - This fund is used to account for the administration of General Education Development testing for applicants within the region.

# NOTES TO FINANCIAL STATEMENTS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

## 2. Summary of Significant Accounting Policies (Continued)

### d. Fund Accounting (Continued)

The Institute Fund accounts for teacher registration fees. These fees are to be used to defray expenses connected with improving the technology necessary for the efficient processing of certificates as well as any expenses incidental to teacher institutes, workshops, or meetings of a professional nature that are designed to promote the professional growth of teachers. All funds generated remain restricted until expended only on the aforementioned activities.

The Institute Fund receives money from Teacher Certification fees to be used for Teacher inservice Workshops or other items pertaining to the teachers in the region. Checks are written out of this account. The Institute Fund also includes an investment account which is a 6 month CD at a local bank. The investment account receives no other money, except by transfer, and writes no checks.

The Institute Fund shares a bank account with GED and the Bus Driver Fund.

The Regional Office of Education No. 38 reports the following nonmajor governmental funds:

Nonmajor Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary or major capital projects) that are legally restricted to expenditures for specified purposes. Nonmajor special revenue funds include the following:

Supervisory Fund – This fund accounts for proceeds provided to the Regional Superintendent by the Illinois State Board of Education to be used for travel and related purposes.

Media Materials Fund – This fund is used to account for library and video materials that are available to all the districts in the region.

Bus Driver Fund – This fund is used to account for the testing and training of bus drivers for districts within the region.

Substitute Teacher Fingerprinting Fund – This fund is used to account for fingerprinting services for new substitute teachers in the region.

# NOTES TO FINANCIAL STATEMENTS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

## 2. Summary of Significant Accounting Policies (Continued)

### d. Fund Accounting (Continued)

### Fiduciary Funds

Agency Funds – Agency Funds are used to account for assets held by the Regional Office of Education No. 38 in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or funds. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Distributive Fund – This fund is used to track the flow-through of funds from the Illinois State Board of Education (ISBE) to the recipients and the programs that the Regional Office of Education No. 38 serves as the administrative agent.

Interest on Distributive Fund - The Regional Office of Education No. 38 has agreements with all districts in the region whereby the Regional Office of Education No. 38 is allowed to keep the interest for expenditures benefiting all districts.

#### e. Fund Balances and Net Assets

The Statement of Net Assets includes the following:

Investment in Capital Assets, net of related debt – the component of net assets that reports the difference between capital assets less both accumulated depreciation and the outstanding balance of debt, excluding unexpected proceeds, that is directly attributable to the acquisition, construction or improvement of these assets.

Restricted – represents resources in which the ROE is legally obligated to spend in accordance with restrictions imposed by enabling legislation.

Unrestricted – represents resources used for transactions relating to the general operating of the ROE and may be used at the discretion of management to meet expenses for any purpose.

#### f. Cash and Cash Equivalents

Cash and cash equivalents consist of cash on deposit. The Regional Office of Education No. 38 considers all liquid investments with a maturity of three months or less when purchased to be cash equivalents.

# NOTES TO FINANCIAL STATEMENTS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

### 2. Summary of Significant Accounting Policies (Continued)

#### g. Inventory

Inventory is not recorded. The cost is recorded as expenditure at the time individual inventory items are purchased.

## h. Capital Assets

Capital assets purchased or acquired with an original cost of \$500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Capital assets are depreciated using the straight-line method over the estimated useful lives of the assets as follows:

Office equipment furniture	8 – 15 years
Computer equipment	5-8 years
Leasehold Improvements	15 – 25 years

### i. Compensated Absences

Employees who work 12 calendar months earn up to 20 vacation days for a full year of service. The accumulated total of vacation days may never exceed 30 days. In the event that a program terminates, no vacation days will be honored past the ending date of the program. Employees who work less than 12 calendar months per year do not earn vacation days.

Employees receive up to 12 sick days annually and the unused portion is accumulated up to 180 days and carried forward. Employee sick leave is recorded when paid. Upon termination, employees do not receive any accumulated sick leave pay and therefore, no liability is accrued.

### j. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

# NOTES TO FINANCIAL STATEMENTS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

### 2. Summary of Significant Accounting Policies (Continued)

### k. Budget Information

The Regional Office of Education No. 38 acts as the administrative agent for certain grant programs that are accounted for in the General and Education Funds. Certain programs have separate budgets and are required to report to the Illinois State Board of Education; however, none of the budgets have been legally adopted, nor are they required to be. The General Fund and certain programs within the Special Revenue Fund do not have separate budgets. Comparisons of budgeted and actual results are presented as supplemental information. Budget Information has been provided in supplementary schedules for the Operating Fund, Truants Alternative/Optional Education Fund and McKinney Education for Homeless Children.

### 3. Deposits and Investments

## a. Deposits

Effective for the year ending June 30, 2005, the Regional Office of Education No. 38 adopted GASB Statement No. 40, Deposit and Investment Risk Disclosures (an amendment of GASB Statement No. 3), which adds, modifies, and eliminates certain risk disclosures related to deposits and investments. There was no significant impact on the Regional Office of Education No. 38's financial statements as a result of adopting this statement.

The Regional Office of Education No. 38 is allowed to invest in securities as authorized by 30 ILCS-235/2 and 6 and 105 ILCS-5/8-7.

At June 30, 2008, the carrying amount and bank balance of the Regional Office of Education No. 38's Governmental Fund deposits was \$156,232 and \$163,135, respectively. The Agency Fund carrying amount and bank balance was \$1,823 and \$16,096 at June 30, 2008, respectively. The amount of deposits in excess of Federal Deposit Insurance Corporation (FDIC) coverage and collateral was \$46,853 at June 30, 2008. The deposits are categorized in accordance with risk factors created by governmental reporting standards.

The Regional Office of Education No. 38 does not have a policy regarding custodial credit risk for deposits.

#### b. Investments

The Regional Office of Education No. 38 does not have a formal investment policy. As of June 30, 2008, the Regional Office of Education No. 38 did not have investments.

# NOTES TO FINANCIAL STATEMENTS (Continued)

### FOR THE YEAR ENDED JUNE 30, 2008

### 4. Due to Other Government Agencies

The Regional Office of Education No. 38's Distributive Fund has funds due to other government agencies which consist of the following:

Accumulated Interest Payable

\$ 1,823

The Regional Office of Education No. 38's Teacher Certificate and Indirect Cost Fund have funds due to other government agencies as follows:

Teacher Certificate

**\$** 172

Indirect Cost Fund

\$ 547

### 5. Due from Other Government Agencies

The Regional Office of Education No. 38's Operating and GED Funds have funds due from other government agencies which consisted of the following:

Due from other government agencies

General Fund (Operating)

\$ 13

GED Fund

\$ 180

# NOTES TO FINANCIAL STATEMENTS (Continued)

### FOR THE YEAR ENDED JUNE 30, 2008

## 6. Capital Assets

In accordance with GASB Statement No. 34, the Regional Office of Education No. 38 has reported capital assets in the government-wide Statement of Net Assets. Purchases are reported as capital outlay in the governmental fund statements. The following table provides a summary of changes in capital assets for the year ended June 30, 2008:

	Bal	ance					Net		Ва	lance
	_July 1.	, 2007	Additio	ons	Deletions	<u></u>	transfers	_	June 30	, 2008
Governmental activities	s:									
General Fund ROE Operations	\$	29,250	\$	-	\$	-	\$	-	\$	29,250
Education Fund Truants Alternati Optional Educati	,	23,700		1,166				<u>-</u>		2 <u>4,866</u>
Governmental Funds Total Assets	\$	52,950	\$	<u>1,166</u>	\$		\$	<u> </u>	<u>\$</u>	54,116

Capital assets are depreciated using the straight-line method over the estimated useful lives of the assets. Depreciation expense for the year ended June 30, 2008 of \$6,015 was charged to governmental activities. The following table provides a summary of changes in accumulated depreciation for the year ended June 30, 2008:

Governmental activities	Balance July 1, 2007 :	Addit	ions	Deletions	_	Net transfers		June 30	alance , 2008_

#### 7. Pension Plan

Plan Description. The Regional Office of Education No. 38's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education No. 38 employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF) an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publically available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Funding Policy. As set by statute, the Regional Office of Education No. 38 regular plan members are required to contribute 4.5 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate for calendar year 2007 was 11.79 percent of annual covered payroll. The Regional Office of Education No. 38 also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. For 2007, the Regional Office of Education No. 38's annual pension cost of \$18,375 for the regular plan was equal to the Regional Office of Education No. 38's required and actual contributions.

# NOTES TO FINANCIAL STATEMENTS (Continued)

#### FOR THE YEAR ENDED JUNE 30, 2008

Three Year Trend Information for Regular Plan

Fiscal Year	Annual Pension	Percentage of	Net Pension
<u>Ending</u>	Cost (APC)	APC Contributed	<b>Obligation</b>
12/31/07	18,375	100%	\$0
12/31/06	11,068	100%	0
12/31/05	3,202	100%	0

The required contribution was determined as part of the December 31, 2005 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at December 31, 2005, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10.0% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increases of 3% annually. The actuarial value of the Regional Office of Education No. 38 plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 15% corridor between the actuarial and market value of assets. The Regional Office of Education No. 38 regular plan's overfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at December 31, 2007, was 5 years.

Funded Status and Funding Progress. As of December 31, 2007, the most recent actuarial valuation date, the regular plan was 102.62 percent funded. The actuarial accrued liability for benefits was \$647,265 and the actuarial value of assets was \$664,253, resulting in an overfunded actuarial accrued liability (UAAL) of \$16,988. The covered payroll (annual payroll of active employees covered by the plan) was \$155,849 and since the plan is overfunded, there is no ratio of the UAAL to the covered payroll.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

### 8. Risk Management

The Regional Office of Education No. 38 is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; workers compensation and natural disasters. No losses have been incurred in excess of the amounts covered by insurance over the past three years.

# NOTES TO FINANCIAL STATEMENTS (Continued)

### FOR THE YEAR ENDED JUNE 30, 2008

### 9. On Behalf Payments

The State of Illinois paid the following salaries on behalf of the Regional Office of Education No. 38:

Regional Superintendent	\$ 101,218
Regional Superintendent fringe benefits	
(including State paid insurance)	11,700
Assistant Regional Superintendent	91,030
Assistant Regional Superintendent fringe benefits	
(including State paid insurance)	 11,042
Total	\$ 214,990

Salary and benefit data for the Regional Superintendent and Assistant Regional Superintendent was calculated based on data provided by the Illinois State Board of Education.

These amounts have been recorded in the accompanying financial statements as State revenue and expenditures.

#### 10. Transfers.

The following is a summary of transfers in and out for the year ended June 30, 2008:
