---

**Summary**

The audit of the accompanying Schedule of Employer Allocations by Fund, Schedule of Pension Amounts by Fund, and the related Notes to the Schedules (Schedules) of the State Employees' Retirement System of the State of Illinois (System) was performed by RSM US LLP.

Based on their audit, the auditors expressed unmodified opinions on the System's Schedules.

## Independent Auditor's Report

RSM US LLP

Honorable Frank J. Mautino  
Auditor General, State of Illinois

Board of Trustees  
State Employees' Retirement System of the State of Illinois

### Report on the Schedules

As Special Assistant Auditors for the Auditor General, we have audited the accompanying Schedule of Employer Allocations by Fund of the State Employees' Retirement System of the State of Illinois (System) as of and for the year ended June 30, 2021, and the related Notes to the Schedule. We have also audited the total for all entities of the columns titled ending net pension liability, total deferred outflows of resources, total deferred inflows of resources and total employer pension expense (specified column totals) included in the accompanying Schedule of Pension Amounts by Fund of the System as of and for the year ended June 30, 2021, and the related Notes to the Schedule.

### Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these Schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedules that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on the Schedule of Employer Allocations by Fund and the specified column totals included in the Schedule of Pension Amounts by Fund based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Employer Allocations by Fund and specified column totals included in the Schedule of Pension Amounts by Fund are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule of Employer Allocations by Fund and specified column totals included in the Schedule of Pension Amounts by Fund. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Schedule of Employer Allocations by Fund and specified column totals included in the Schedule of Pension Amounts by Fund, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Schedule of Employer Allocations by Fund and specified column totals included in the Schedule of Pension Amounts by Fund in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedule of Employer Allocations by Fund and specified column totals included in the Schedule of Pension Amounts by Fund.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the Schedules and the related Notes to the Schedules referred to above present fairly, in all material respects, the employer allocations by fund as of and for the year ended June 30, 2021, and the ending net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense for the total of all participating entities for the System as of and for the year ended June 30, 2021, in accordance with accounting principles generally accepted in the United States of America.

### **Other Matter**

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the System as of and for the year ended June 30, 2021, and our report thereon, dated May 20, 2022 expressed an unmodified opinion on those financial statements. Our report includes a reference to other auditors who audited the financial statements of the Illinois State Board of Investment, an internal investment pool of the State of Illinois, as described in our report on the System's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting (internal control) or compliance and other matters of the Illinois State Board of Investment that are reported on separately by those auditors. Our report also includes a reference to the fact that the actuarially determined net pension liability is dependent on several assumptions, including the assumption that future required contributions from State sources are made based on statutory requirements.

### **Restriction on Use**

Our report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the Comptroller, System management, System Board of Trustees, System Employers and their auditors as of and for the year ended June 30, 2021 and is not intended to be, and should not be, used by anyone other than these specified parties.

## **State Employees' Retirement System of the State of Illinois**

### **Notes to the Schedule of Employer Allocations and Pension Amounts by Fund Year Ended June 30, 2021**

---

The State Employees' Retirement System (SERS or the System) is a defined benefit, single-employer public employee retirement system. The System was established January 1, 1944, to provide retirement, death and disability benefits for State of Illinois employees.

#### **A. Defined Benefit Plan**

SERS is considered to be part of the State of Illinois financial reporting entity and is combined and included in the State of Illinois annual financial report. SERS is governed by the Illinois Compiled Statutes, specifically, Chapter 40, Act 5, Article 14. These statutes assign the authority to establish and amend the benefit provisions of the plan to the state legislature, subject to the approval by the governor. Operation of the plan and the direction of its policies are the responsibility of the SERS Board of Trustees. It is also these statutes that define the scope of SERS' reporting entity. There are no statutory provisions for termination of the plan. The Illinois Constitution provides that the pension obligation of the state be an enforceable contractual relationship, the benefits of which shall not be diminished or impaired.

#### **B. Benefit Provisions**

A traditional defined benefit plan was established in 1944. A summary of benefit provisions can be found in the SERS annual financial report, "Notes to the Financial Statements." The SERS annual financial report can be accessed on the SERS website at [www.srs.illinois.gov](http://www.srs.illinois.gov).

#### **Summary of Significant Accounting Policies**

#### **C. Nature of Schedules**

Certain agencies and funds of the State of Illinois present financial statements in accordance with generally accepted accounting principles (GAAP) and the Illinois Office of the Comptroller has determined that those agencies and fund employers must recognize their proportionate share of collective pension amounts for pension benefits provided to members through the SERS plan in order to present their financial statements in accordance with GAAP.

GASB Statement No. 68, paragraph 92 states that in determining the employer's proportion of the collective net pension liability (NPL), the basis should be consistent with the manner in which contributions to the pension plan are determined, which is consistent with paragraphs 48-51.

The State's contributions to SERS are determined through actuarial valuations on an annual basis. Under the Illinois Compiled Statutes (40 ILCS 5/14-131), the actuarially determined contribution (Statutory Contribution) from the State of Illinois is calculated by an actuary in accordance with the Statutory Funding Plan. If an employee is paid from trust funds or federal funds, the department or other employer shall pay the employer contributions from those funds to SERS at the certified rate equal to the state contribution rate to SERS. The state contribution rate to SERS is the amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045.

## **State Employees' Retirement System of the State of Illinois**

### **Notes to the Schedule of Employer Allocations and Pension Amounts by Fund Year Ended June 30, 2021**

---

The Schedule of Employer Allocation by Fund presents the actual fiscal year 2021 employer contributions by fund (and applicable agency) used within the proportionate share calculation for each fund and the respective allocation percentage. The proportionate share calculation related to the general revenue fund (GRF) is further broken down by agency based on the GRF covered payroll for FY 2021.

The actual employer contributions and GRF payroll for each fiscal year was determined using the Illinois Office of the Comptroller's SAMs Data Warehouse expenditure tables, specifically detail object code "1161" for employer retirement contributions (primary allocation) and "1120" for payroll transactions (secondary allocation). GRF payroll transactions ("1120") to public universities were excluded from the secondary allocation, as those entities do not participate in SERS.

The Schedule of Pension Amounts by Fund presents the proportionate share of total pension liability, total deferred outflows of resources, total deferred inflow of resources, and total pension expense subject to allocation for all funds (and applicable agencies) contributing to SERS.

The pension expense includes the amortization of the differences between expected and actual economic and demographic experience, differences between projected and actual investment earnings (net) on System investments, the impact of changes in assumptions about future economic or demographic factors and the impact of changes in the funds' proportion of the collective net pension liability from the prior measurement date.

#### **D. Measurement Focus and Basis of Accounting**

The financial transactions are recorded using the economic resources measurement focus and the accrual basis of accounting. Employer contributions are recognized as revenue when due pursuant to statutory or contractual requirements.

#### **E. Use of Estimates in the Preparation of the Schedules**

The preparation of the SERS Employer Allocation and Pension Amounts Schedules by Fund in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts, and the changes therein, and disclosures. Actual results could differ from those estimates and differences could be material. SERS uses an actuary to determine total pension liability and to calculate the actuarially determined contributions of the State and its agencies and funds.

#### **F. Basis of Allocation**

In determining the proportionate share of the net pension liability and corresponding employer pension amounts by agency and fund for SERS, the basis should be consistent with the manner in which contributions to the System are determined. The System has determined that the actual contributions made to the System during fiscal year 2021 are appropriate as the basis because they are representative of future contributions. For the secondary allocation of the GRF by agency, the System has determined that the covered GRF payroll paid in fiscal year 2021 by each agency is appropriate as the basis because it is representative of future contributions.

## **State Employees' Retirement System of the State of Illinois**

### **Notes to the Schedule of Employer Allocations and Pension Amounts by Fund Year Ended June 30, 2021**

---

The net pension liability (NPL) is the System's total pension liability less the fiduciary net position. The NPL was determined by an actuarial valuation measured as of June 30, 2021. The System allocates the NPL to funds and agencies of the State of Illinois based on the allocation percentages calculated within the Schedule of Employer Allocations by Fund.

The fiscal year 2021 employer contributions total was used as the denominator for the allocation calculation in the Schedule of Employer Allocations by Fund. It can be reconciled to the SERS annual financial report for the fiscal year ended June 30, 2021 as follows:

Employer Contributions paid (DOC "1161" from State's Reporting Warehouse)	\$ 2,574,082,827
---	------------------

**Adjustments:**

Employer Contributions not in the State's Reporting Warehouse	2,181,270
Other Adjustments to General Revenue Fund (GRF)	(62,774,129)
General Obligation Bond Transfers	<u>(35,280,019)</u>

Employer Contributions - Fiscal Year 2021 SERS	
--	--

Annual Financial Report	2,478,209,949
Excluded Funds (net of General Obligation Bond Transfer)	<u>(71,392,328)</u>

Employer Contributions to be Allocated	<u>\$ 2,406,817,621</u>
--	-------------------------

**Adjustments:**

**Employer Contributions not in the State's Reporting Warehouse** – This adjustment includes the employer contributions paid by employees for certain types of optional service purchases. It also includes payroll and retirement contributions that are processed outside the State's reporting warehouse.

**Adjustments to General Revenue Fund (GRF)** – This adjustment accounts for the accrual entries necessary to true up the monthly GRF retirement contribution calculated using estimated payroll to the required GRF retirement contributions calculated using actual payroll at the end of the fiscal year.

**General Obligation Bond Transfers** – This adjustment deducts the debt service contributions made to fund the General Obligation bonds from the non-GRF funds from which they were collected.

**Excluded Funds** - The funds that are excluded from the allocation are the internal service funds, the pension trust fund, and the pension investment fund. Allocation to these funds would not be appropriate because the allocated pension costs for these funds ultimately must be recovered through charges to other State funds. By excluding them from the allocation denominator, their cost is recognized by other funds included in the pension allocation schedule.

## **State Employees' Retirement System of the State of Illinois**

### **Notes to the Schedule of Employer Allocations and Pension Amounts by Fund Year Ended June 30, 2021**

---

The details for the fiscal year 2021 funds excluded from the allocation are as follows:

Fund #	Fund Name	Agency #	ER Paid Contributions
0301	WORKING CAPITAL REVOLVING	426	\$ 2,234,289
0303	STATE GARAGE REVOLVING	416	5,376,304
0304	TECHNOLOGY MGMNT REVOLVING	360	111,650
0304	TECHNOLOGY MGMNT REVOLVING	448	37,929,502
0314	FACILITIES MANAGEMENT REVOLV	416	13,187,466
0317	PROFESSIONAL SERVICES	416	8,547,863
0332	WORKERS' COMPENSATION REVOLV	416	246,116
0342	AUDIT EXPENSE	103	42,836
0477	JUDGES RETIREMENT SYSTEM	275	300,376
0479	STATE EMPLOYEES RETIREMENT SYS	589	4,178,071
0481	GENERAL ASSEMBLY RETIREMENT	131	61,852
0529	IL STATE BOARD OF INVESTMENTS	555	796,055
0907	HEALTH INSURANCE RESERVE	416	<u>1,371,169</u>
			<u>\$ 74,383,550</u>

Calculation of the GRF "1120" wages used as the basis for the secondary allocation in the schedule is as follows:

GRF Wages Paid ("1120" from State's Reporting Warehouse)	\$ 3,148,859,278
Less: Wages paid to State Universities in Fiscal Year 2021	<u>(20,679,997)</u>
Fiscal Year 2021 GRF Wages used for Secondary Allocation	<u>\$ 3,128,179,281</u>

#### **G. Pension Expense and Amortization of Pension Expense**

Pension expense, as well as deferred outflows of resources and deferred inflows of resources related to pensions, should be recognized for the fund's (agency's) proportionate shares of collective pension expense and collective deferred outflows and deferred inflows of resources related to pensions.

Deferred outflows of resources are the consumption of net position by SERS that is applicable to future reporting periods. Deferred outflows of resources have a positive effect on net position. Deferred inflows of resources are the acquisition of net position that is applicable to future reporting periods. Deferred inflows of resources have a negative effect on net position. Other than differences between projected and actual investment earnings, deferred inflows and outflows of resources are recognized in pension expense at the beginning of the current period, using a straight-line method over a closed period equal to the average expected remaining service lives of all employees that are provided with pensions through the System (active or inactive), determined as of the beginning of the measurement period.

## **State Employees' Retirement System of the State of Illinois**

### **Notes to the Schedule of Employer Allocations and Pension Amounts by Fund Year Ended June 30, 2021**

---

Net deferred inflows (or outflows) of resources pertaining to differences between projected and actual investment earnings are similarly recognized over a closed five-year period.

The pension amounts allocated to funds (agencies) are based on the total contributions paid as the primary allocation and on covered payroll for a secondary allocation to those agencies with GRF payrolls preparing their own financial statements.

The components of pension expense are shown on the following table:

	<b>Amount</b>
Service cost	\$ 844,746,330
Interest on the total pension liability	3,369,337,076
Current period benefit changes	3,353,888
Member contributions	(280,583,917)
Projected earnings on plan investments	(1,291,551,993)
Recognition of outflow (inflow) of resources due to differences between expected and actual experience	47,493,766
Recognition of outflow (inflow) of resources due to assumption changes	281,270,490
Recognition of outflow (inflow) of resources due to differences between expected and actual investment earnings	(777,917,516)
 Total pension expense	 <u>\$ 2,196,148,124</u>

The average of the expected remaining service lives of all members for fiscal year 2021 is 4.5109 years.

#### **H. Net Pension Liability**

The net pension liability for SERS is calculated as follows for the fiscal year ended June 30, 2021:

	<b>Amount</b>
Net pension liability beginning balance	\$ 34,868,678,093
Total pension expense	2,196,148,124
Changes in deferred liability experience	538,198,367
Changes in deferred assumption changes	720,936,875
Changes in deferred investment experience	(2,745,031,360)
Employer contributions	(2,478,209,949)
 Net pension liability - ending balance	 <u>\$ 33,100,720,150</u>

## **State Employees' Retirement System of the State of Illinois**

### **Notes to the Schedule of Employer Allocations and Pension Amounts by Fund Year Ended June 30, 2021**

---

**Actuarial Assumptions** The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the three-year period ending June 30, 2018.

Actuarial valuation date	June 30, 2021
Measurement date of the net pension liability	June 30, 2021
Plan's fiscal year ending date (GASB 67 reporting)	June 30, 2021
Employer's fiscal year ending date (GASB 68 reporting)	June 30, 2022

Actuarial assumptions include the following:

<b>Inflation</b>	2.25%
<b>Projected Salary Increases</b>	Salary increase rates based on age-related productivity and merit rates plus inflation
<b>Post-Retirement Increases</b>	Post-retirement benefit increases of 3.00%, compounded, for Tier 1 and 3.00% or one-half of the annual increase in the Consumer Price Index, whichever is less, simple, for Tier 2.
<b>Investment Rate of Return</b>	6.75%
<b>Mortality Rates</b>	Pub-2010 General and Public Safety Healthy Retiree mortality tables, sex distinct, with rates projected to 2018 generational mortality improvement factors were updated to projection scale MP-2018.

#### **I. Long-term Expected Rate of Return**

The long-term expected rate of return on pension plan investments is reviewed annually by the System's actuary, Gabriel Roeder Smith, and Company (GRS), as part of the economic assumptions review. The actuarial assumptions are developed using historical data and projections employed to model future returns as provided by the Illinois State Board of Investments (ISBI) in conjunction with its investment consultant. The assumed rate of inflation which must be combined with the projected real return is 2.25%.

The target allocations and forward looking annualized geometric real rates of return for each major asset class, which are applicable for a 20-year projection period, are summarized in the following table. The 20-year projections produced an estimated annual real return of 6.72% and a standard deviation of 11.8% for the aggregate portfolio.

**State Employees' Retirement System of the State of Illinois**

**Notes to the Schedule of Employer Allocations and  
Pension Amounts by Fund  
Year Ended June 30, 2021**

---

<b>Asset Class</b>	<b>Asset Allocation</b>	
	<b>Target Allocation</b>	<b>20-Year Simulated Real Rate of Return</b>
U.S. Equity	23%	4.8%
Developed Foreign Equity	13%	5.3%
Emerging Market Equity	8%	6.5%
Private Equity	7%	6.8%
Intermediate Investment Grade Bonds	14%	0.4%
Long-term Government Bonds	4%	0.6%
TIPS	4%	0.3%
High Yield and Bank Loans	5%	2.5%
Opportunistic Debt	8%	4.3%
Emerging Market Debt	2%	2.2%
Real Estate	10%	5.6%
Infrastructure	2%	6.5%
Total	100%	

**J. Discount Rate**

A Single Discount Rate of 6.20 percent was used to measure the total pension liability. This Single Discount Rate was based on an expected rate of return on pension plan investments of 6.75 percent and a municipal bond rate of 1.92 percent. The projection of cash flows used to determine this Single Discount Rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between statutory contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2076. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2076, and the municipal bond rate was applied to all benefit payments after that date.

Regarding the sensitivity of the net pension liability to changes in the Single Discount Rate, the following presents the plan's net pension liability, calculated using a Single Discount Rate of 6.20 percent, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

	June 30, 2021		
	1% Decrease	Current Discount Rate	1% Increase
State's net pension liability	\$ 40,844,637,185	\$ 33,100,720,150	\$ 26,745,194,833

## State Employees' Retirement System of the State of Illinois

### Notes to the Schedule of Employer Allocations and Pension Amounts by Fund Year Ended June 30, 2021

---

#### K. Amortization of Plan Experience

The following schedule illustrates the recognition in pension expense of differences between expected and actual experience on total pension liability.

Positive amounts are outflows (losses that increase net pension liability) and negative amounts are inflows (gains that decrease net pension liability).

Difference between Actual and Expected Experience						
Measurement Year	2017	2018	2019	2020	2021	TOTAL
<b>Amount Established</b>	\$ (601,530,567)	\$ (185,488,891)	\$ (24,683,325)	\$ 114,763,238	\$ 585,692,133	
<b>Recognition Period</b>	4.5	4.5	4.7	4.5	4.5	
<b>Annual Recognition</b>	(135,047,947)	(41,366,836)	(5,280,759)	25,640,832	129,839,308	
<b>Amount Recognized</b>						
2017	(135,047,947)					\$ (135,047,947)
2018	(135,047,947)	(41,366,836)				(176,414,783)

## **State Employees' Retirement System of the State of Illinois**

### **Notes to the Schedule of Employer Allocations and Pension Amounts by Fund Year Ended June 30, 2021**

---

#### **L. Amortization of Investment Earnings**

The following schedule illustrates the recognition in pension expense of differences between expected and actual earnings on total pension plan investments.

Positive amounts are outflows (losses that increase net pension liability) and negative amounts are inflows (gains that decrease net pension liability).

<b>Difference between Projected &amp; Actual Earnings (Investment)</b>

**State Employees' Retirement System of the State of Illinois**

**Notes to the Schedule of Employer Allocations and  
Pension Amounts by Fund  
Year Ended June 30, 2021**

---

**Requests for Information**

SERS is included in the State of Illinois' annual financial report as a single employer pension trust fund. SERS is governed by 40 ILCS 5/14 of the Illinois Compiled Statutes. SERS issues an annual financial report that includes financial statements and required supplementary information. The SERS annual financial report is available to the public and can be obtained by accessing the SERS website at [www.srs.illinois.gov](http://www.srs.illinois.gov).
