INTRODUCTION

This digest covers the Southern Illinois University Financial Audit as of and for the year ended June 30, 2020. Southern Illinois University's financial audit report consists of three sets of financial statements as follows - the financial statements of Southern Illinois University; the financial statements of the Housing and Auxiliary Facilities System, a segment financial report of the University issued for bondholders; and the financial statements of the Medical Facilities System, a segment financial report of the University issued for bondholders.

The University's Compliance Examination (including the Single Audit) covering the year ended June 30, 2020 will be issued in a separate report at a later date.

SYNOPSIS

• (20-01) The University did not have adequate internal control over reporting its census data and did not have a reconciliation process to provide assurance census submitted was complete and accurate.

Category 1: Findings that are **material weaknesses** in internal control and/or a **qualification** on compliance with State laws and regulations (material noncompliance).

Category 2: Findings that are significant deficiencies in internal control and noncompliance with State laws and regulations.

Category 3: Findings that have no internal control issues but are in noncompliance with State laws and regulations.

FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS

INADEQUATE INTERNAL CONTROLS OVER CENSUS DATA

The University did not have adequate internal control over reporting its census data and did not have a reconciliation process to provide assurance census submitted to its pension and other postemployment benefits plans was complete and accurate.

During testing, some of the more significant issues we noted included the following:

- The University had not performed an initial complete reconciliation of its census data recorded by the State Universities Retirement System (SURS) and the State Employees Group Insurance Program sponsored by the State of Illinois, Department of Central Management Systems (CMS) to its internal records to establish a base year of complete and accurate census data.
- We conducted data matches of (1) individuals pulled from the University's records whom the University believed should have been participating in SURS during the census data accumulation period throughout Fiscal Year 2018 and (2) the University's faculty members teaching a class during the census data accumulation period throughout Fiscal Year 2018 to SURS' records. As a result of this testing, we identified 14 individuals who had been improperly excluded from participating in SURS, which resulted in these people not having any employee contributions collected by the University and reported to SURS during the census data accumulation period throughout Fiscal Year 2018. (Finding 1, pages 7-11)

We recommended the University implement controls to ensure census data events are timely and accurately reported to SURS and CMS. Further, we recommended the University work with SURS and CMS to develop an annual reconciliation process of its active members' census data from its underlying records to a report from each plan of census data submitted to the plan's actuary.

The University agreed and stated the campuses have developed processes to address the recommendation and will work toward implementation of those processes.

A reconciliation had not been performed to ensure complete and accurate census data

14 individuals were improperly excluded from participating in SURS

OTHER FINDING

The remaining finding pertains to controls over financial reporting of capital asset additions. We will review the University's progress towards the implementation of our recommendations in our next financial audit.

AUDITOR'S OPINIONS

The auditors stated the financial statements of the University, the Housing and Auxiliary Facilities System, and the Medical Facilities System, as of and for the year ended June 30, 2020, are fairly stated in all material respects.

This financial audit was conducted by Plante & Moran, PLLC.
