An unofficial version of the statutes can be viewed at <http://www.ilga.gov/legislation/ilcs/ilcs.asp>. The Auditor General's Procurement Rules (44 Ill. Adm. Code 500) are also applicable to this procurement and may be viewed at www.ilga.gov/commission/jcar/admincode/titles/html.

1.14 PROCUREMENT BULLETIN. We publish procurement information (including notices of procurement opportunities, notices of award, and updates) in the Auditor General Procurement Bulletin. Vendors may view this information at the Auditor General's web site (www.auditor.illinois.gov). Procurement information may not be available in any other form or location. You are responsible for monitoring the Auditor General Procurement Bulletin; we cannot be held responsible if you fail to read notices posted on the Auditor General Procurement Bulletin or to receive e-mail notices.

1.15 AWARD. We will post a notice to the Auditor General Procurement Bulletin identifying the apparent awardee. The notice extends the Offer Firm Time until we sign a contract or determine not to sign a contract. We may accept or reject your Offer as submitted, or may require contract negotiations. If negotiations do not result in an acceptable agreement, we may reject your Offer and begin negotiations with another Vendor. Protested awards are not final and are subject to resolution of the protest.

- 1.16 PUBLIC INFORMATION.** Offers become the property of the State and will not be returned. Your Offer will be open to the public under the Illinois Freedom of Information Act (FOIA) (5 ILCS 140) and other applicable laws and rules, unless you request in your Offer that we treat certain information as exempt. A request for confidential treatment will not supersede the State’s legal obligations under FOIA. We will not honor requests to exempt entire Offers. You must show the specific grounds in FOIA or other law or rule that support exempt treatment. Regardless, we will disclose the name of every Offeror, the substance of the Offer, and the price. If you request exempt treatment, you must submit an additional copy of the Offer with exempt information deleted. This copy must tell the general nature of the material removed and shall retain as much of the Offer as possible. You will be responsible for any costs or damages associated with our defending your request for exempt treatment. You agree the State may copy the Offer to facilitate evaluation, or to respond to requests for public records. You warrant that such copying will not violate the rights of any third party.
- 1.17 RESERVATIONS.** You must read and understand the solicitation and tailor your Offer and activities to ensure compliance. We reserve the right to amend the solicitation; to reject any or all offers in whole or in part; to reject individual offers for failure to meet any requirement; to award by item, part or portion of an item, group of items, or total; to cancel this request for supplies and/or services at any time; to issue a new solicitation and accept new offers; and to waive minor defects. We may request a clarification, inspect your premises, interview staff, request a presentation, or otherwise verify the contents of the Offer, including information about subcontractors and suppliers. We may request Best and Final Offers when appropriate. We will make all decisions on compliance, evaluation, and terms and conditions, and shall make decisions solely in the best interest of the State. This competitive process requires that you provide additional information and otherwise cooperate with us. If you do not comply with requests for information or cooperate, we may reject your Offer. You have no right to an award by submitting an Offer, nor do you have the right to a contract based on our posting your name in a Bulletin notice. We are not responsible for and will not pay any costs associated with the preparation and submission of your Offer. If you are the awardee, you shall not commence, and will not be paid for, any billable work prior to the date all parties execute the contract. **THIS SOLICITATION IS SUBJECT TO ERRORS, OMISSIONS, MODIFICATIONS, WITHDRAWAL OR CANCELLATION WITHOUT NOTICE.**
- 1.18 NON-DISCRIMINATION POLICY.** In compliance with the State and Federal Constitutions, the Illinois Human Rights Act, the U.S. Civil Rights Act, and Section 504 of the Federal Rehabilitation Act, the State of Illinois does not unlawfully discriminate in employment, contracts, or any other activity. If you need any special accommodation under the Americans with Disabilities Act (ADA) you must promptly notify the PROJECT CONTACT.
- 1.19 PUBLIC CONTRACTS NUMBER.** Vendors with 15 or more employees must have a Public Contracts Number issued by (or completed application submitted to) the Illinois Department of Human Rights prior to the opening date. Please visit <https://www.illinois.gov/dhr/PublicContracts/Pages/default.aspx> for forms and details.
- 1.20 EMPLOYMENT TAX CREDIT:** Vendors who hire qualified veterans and certain ex-offenders may be eligible for tax credits. Please contact the Illinois Department of Revenue for information about tax credits. (30 ILCS 500/45-67 and 45-70; 35 ILCS 5/216, 5/217).
- 1.21 RELEASE OF CLAIMS.** By submitting an Offer, the Vendor agrees that it will not bring any claim or cause of action against the OAG based on any misunderstanding concerning the information provided herein or concerning the OAG’s failure, negligent or otherwise, to provide the Vendor with pertinent information as intended by this RFP.
- 1.22 GOVERNING LAW AND FORUM.** Illinois law and rule govern this solicitation and any resulting contract. You must bring any action relating to this solicitation or any resulting contract in the appropriate court in Illinois. We do not allow binding arbitration. This document contains statutory references designed with “ILCS.” You may view the full text at <http://www.ilga.gov/legislation/ilcs/ilcs.asp>. The Auditor General’s procurement rules (44 Ill.Adm.Code 500) are applicable to this solicitation and may be viewed at www.ilga.gov/commission/jcar/admincode/titles.html.
- 1.23 COMPLETION OF SOLICITATION RESPONSE FORMS.** You must respond to all sections of each form including attachments, clearly show any “exceptions,” and complete, sign and return each of the forms as indicated. The solicitation forms show what we require in terms of specifications, contract terms and other requirements. It consists of the Vendor Transmittal letter and the attachments described below.

- a) Vendor's Transmittal Letter to OAG. The Vendor's Transmittal Letter to OAG identifies the Vendor's responsible party and, together with attachments, constitutes the Vendor's binding offer. By signing on the line provided you are making an offer to perform in accordance with the terms and conditions found in each section of the solicitation as modified by any exceptions properly noted. The State may accept your offer as submitted or may propose a counter-offer. It may be necessary to make modifications to the forms after award, or as a condition to award, to accurately reflect the final understanding of the Parties. You will need to complete the Vendor signature area. You must have an authorized person sign the form and complete the remaining blanks.
- b) Description of Services (General Requirements and Technical Requirements). In this attachment we tell what we want you to provide. We identify our needs, goals, any general project information and the specifications. Your offer must tell us how you will meet the stated requirements.
- c) Formal Cost Proposal. In this attachment we provide the format for how we want you to price the supplies or services. Do not show price information in other sections of the offer. **Place this attachment in a separate sealed envelope but submit it with the remainder of the offer in the offer container.**
- d) Standard Contract Provisions. This attachment contains terms and conditions of general applicability to this solicitation and any resulting contract.
- e) Standard Certifications. By signing the signature page, you are making the certifications described in this attachment.
- f) Vendor Provided Additional Material and Exceptions. This is where you provide any additional material that you want us to consider in the evaluation process and any exceptions to the terms and conditions of the solicitation. If you are taking any exceptions, this is where you must provide the detail of the exceptions.
- g) Department of Human Rights Public Contract Number. This is information requested by the Illinois Department of Human Rights. You may be disqualified if this information is not timely submitted.
- h) Disclosures and Conflicts of Interest form. This form must be signed by you, under penalty of perjury, and represents a continuing obligation on your part to inform us of any changes or instances of non-compliance throughout the contract term.
- i) Taxpayer Identification Number. We must have this to make payment to you.

1.24 CRITERIA FOR EVALUATION AND AWARD. We evaluate four categories of information: administrative compliance, vendor responsibility, responsiveness and price. All offers must meet the following administrative and responsibility criteria:

- a) **Administrative Compliance.** We will determine whether the offer complied with the Instructions for Submitting Offers. We must reject your offer if you submit it late. Failure to meet other requirements could result in rejection. To preserve the stability of the audit program, the OAG has established limitations on the number of hours and number of engagements that may be awarded to any given Vendor. Those limitations are set forth in Paragraph 5 of the Description of Services (General Requirements). Proposals from Vendors exceeding those limitations will be rejected unless waiver is determined to be in the OAG's best interest.
- b) **Vendor Responsibility.** We will determine whether the VENDOR submitting the offer is one with whom we can or should do business (a "responsible" Vendor).
 - 1) A "responsible" vendor must exist as a legal entity and must be authorized to transact or conduct business in Illinois at the time a bid, proposal or offer is submitted for a State contract. If your firm is a corporation, LP/LLP or LLC, it must be registered and in good standing with the Illinois Secretary of State at the time a proposal is submitted and, if awarded a contract, must maintain registration and be in good standing throughout the contract term.

- 2) The Auditor General’s procurement rules provide that a “prohibited bidder” includes a person assisting (except as part of a public request for information process) a State employee who, by the nature of his or her duties has the authority to participate personally and substantially in the decision to award a contract, by reviewing, drafting, directing or preparing solicitation or similar documents for the State. 44 Ill. Adm. Code 500.600 (i). Vendor is required to certify its compliance with this prohibition through the Certifications section of the Contract.
- 3) Other factors that we may evaluate to determine responsibility include, but are not limited to: certifications, conflicts of interest, financial disclosures, taxpayer identification number, Public Contracts Number from the Department of Human Rights, any other professional license or certification required for the type of service to be performed, past performance, financial stability, references (including those found outside the offer), compliance with applicable laws, the perceived ability to perform completely as specified, external peer review (Government Auditing Standards require firms providing audit or attestation services to undergo an external system peer review every three years), and other relevant factors. Vendors owing an unsatisfied delinquent debt to the State as shown in the Comptroller’s Offset System may be found to be non-responsible. (This step does not relieve any vendor from satisfying any debt owed to the State.) Vendors that have been debarred, suspended or sanctioned by any State or federal entity may be determined not responsible. A VENDOR must at all times have financial resources sufficient, in the opinion of the State, to ensure performance of the contract and must provide proof upon request. We will determine whether any failure to supply information, or the quality of the information, will result in rejection.

c) The evaluation and award criteria are shown in the following subsections.

- 1) Responsiveness. We will evaluate for “responsiveness” offers that meet the “administrative” and “responsibility” requirements. We will determine how well offers meet our requirements in terms of “responsiveness” to the specifications. Minor differences or deviations that have negligible impact on the price or suitability of the supply or service to meet the State’s needs may be accepted or corrections allowed. If no administratively compliant and responsible Vendor meets a particular requirement, we may waive that requirement. We will rank offers, without consideration of price, from best to least qualified using a point system (unless otherwise specified) as an aid in conducting the evaluation. References and past performance may be considered again in this portion of the evaluation. Point and other such evaluation methods are tools we use to aid us in the evaluation process but are not always definitive. We reserve the right to use our discretion to eliminate offers that we deem unacceptable.
- 2) The total number of points for “responsiveness” is 80. Vendors who do not receive 33 of the total “responsiveness” points available need not be considered for price evaluation and award. For each element, proposals will receive a number of points proportionate to how that proposal compared to other proposals. The OAG reserves the right to reject any proposal that is, in the OAG’s opinion, materially deficient in any one of the evaluation criteria, regardless of total overall score.
 - i. Appropriateness, comprehensiveness and responsiveness of proposer’s approach to the engagement, including the number of professional hours to be devoted to the engagement and its component tasks, the manner in which the requirements of the RFP and any special specifications or objectives are addressed, and the value of any special testing proposed 32 points;
 - ii. Extent and quality of proposer’s experience and the quality of similar services provided to the OAG and others, especially the proposer’s experience in completing similar engagements 24 points;
 - iii. The quality, depth and relevance of the experience and qualifications of the team leader and key staff, including any intended subcontractors, who will be performing the engagement, as well as the availability of staff to provide the services 16 points; and
 - iv. The mix or ratio of higher level (partner, manager, supervisor) hours to lower level (senior, staff and interns) hours for the staff assigned to the engagement 8 points.

- 3) Price. We will rank proposals from least costly to most costly using a point method based on total maximum cost for the engagement (i.e., the number of professional hours and the rate per hour, or overall fixed cost, whichever is applicable). Please note: Vendors will not be compensated for expenses related to this contract, including travel, lodging, per diem and meals.

The total number of points for “price” is 20. The least costly proposal will receive maximum points. All other proposals will receive a proportionate share of the points in accordance with the following formula:

$$\text{Maximum price points X } \frac{\text{Lowest Price}}{\text{Offeror's Price}} = \text{Total Price Points}$$

- 4) The maximum number of points is 100 (Responsiveness 80 plus Price 20) .
- 5) Award. The “responsible” offeror whose offer meets “administrative” requirements and whose offer is the most advantageous shall be eligible for award. In a point evaluation, the “most advantageous” proposal is the one with the highest cumulative points (“responsiveness” plus “price”). However, if we do not consider the price to be fair and reasonable and that price cannot be negotiated to an acceptable level, we reserve the right to award to the next highest ranked vendor. We will determine whether price is fair and reasonable by considering the offer, including the vendor’s qualifications, the vendor’s reputation, all prices submitted, other known prices, the project budget and other relevant factors. Only the OAG can determine if a price is fair and reasonable.
- d) Alternative Evaluation. If three or fewer offers are received, the offers may be evaluated without use of a point system, using simple comparative analysis.
- e) Best and Final Offers. The OAG reserves the right to enter into discussions with those Vendors who are eligible for further evaluation in accordance with the evaluation criteria. The purposes of such discussions include, but are not limited to, promoting understanding of the OAG’s requirements and the Vendor’s proposal and facilitating arriving at a contract that will be most advantageous to the OAG. The number of proposers allowed to participate in discussions or to submit best and final offers, and the scope of those discussions and best and final offers, shall be determined solely by the OAG.

4. Prequalification level. The OAG-assigned level for this engagement is (check one):

_____ One _____ Two _____ Three _____ Four

Only proposals from Vendors that are now or are currently eligible to be prequalified at or above the assigned level will be considered for this engagement. Proposers who are not currently prequalified with the OAG, or whose prequalification has lapsed (see below), are required to submit completed prequalification forms and such forms must be received at the OAG's Springfield location no later than the due date and time for submission of proposals. Prequalification forms must be sent separately from the proposal package. The OAG will make a decision regarding prequalification within ten (10) working days of receipt of fully-completed prequalification forms. Failure to meet the standards necessary for prequalification will be a basis of rejection of a proposal without the need for review, scoring or any further action on that proposal by the OAG. Prequalification forms and instructions for completing and submitting those forms may be obtained by contacting the OAG as provided in Section 1.8 of the Instructions for Submitting Offers.

Any subcontractor (excluding specialists that are not accounting firms) engaged by a Vendor in the performance of an OAG engagement must have an active (unexpired) prequalification with the OAG, but need not be prequalified at the job level assigned to the engagement on which the subcontractor will be working. "Specialists" as defined in Government Auditing Standards need not be prequalified unless they are accounting firms.

NOTE: If your firm has not been prequalified in accordance with the Prequalification Information outlined on our website at <https://www.auditor.illinois.gov/Procurement-Bulletin/Prequalification-Info.asp>, you must submit the new forms in order to be considered for this engagement.

5. Audit/Engagement Limitations and/or Considerations. Part of the strength of the post audit program is the fact that OAG is not over reliant on any one firm, one individual, or the hiring of additional staff in the future to perform engagement work. To limit the business risk associated with any one firm the OAG limits the number of hours and engagements performed by one firm.

Unless a waiver by the Auditor General is obtained, Vendors will not be eligible for this engagement if, including this engagement, their total contracted and/or subcontracted audit/engagement hours or estimated audit/engagement hours with the OAG will exceed 35,000 (45,000 if the University of Illinois or the Statewide Single Audit is included in the total) for the year.

Generally, contractors with fewer than 10 full time professional staff at the time of proposal submission are generally not eligible for a contract or subcontract award if that award would make their total number of engagements for the Office of the Auditor General exceed seven during the annual audit cycle. Contractors with 10-15 full time professional staff at the time of proposal submission are generally not eligible for a contract or subcontract award if that award would make their total number of engagements for the OAG exceed ten for the annual audit cycle. Contractors with more than 15 full time professional staff at the time of proposal submission are generally not eligible for a contract or subcontract award if that award would make their total number of contracts exceed twenty for the annual audit cycle. For individual procurements, the maximum number of engagements may, at the Office's discretion, be waived if the waiver is in the Office's best interest. Decisions of this nature will be made on a case by case basis depending upon such factors as the number, quality and cost of other proposals received in response to the solicitation.

Part of the technical proposal review and scoring process focuses upon the mix of professional staff and the credentials of those being proposed. For example, firms proposing a higher mix of professional staff (i.e. partner, manager, and supervisor with a CPA certification credential) as compared to firms proposing a lower mix of professional staff (i.e. assistants without a CPA certification credential) generally receive a higher score on this criterion. Conversely, firms proposing the use of assistants without a CPA certification or the use of interns in lieu of full time professional staff generally receive a lower technical score on this criterion. Engagement evaluations conducted by the OAG include a comparison of staff contracted against those who performed the work.

6. Engagement Schedule--Key Dates. The following dates are approximate:

Compliance	Financial	
_____	_____	Request for proposals issued
_____	_____	Proposal Conference
_____	_____	Proposals due in Springfield Office by 3:30 p.m. (CST)

*NOTE: Due to fiscal year limitations, this award will be the subject of two contracts--one for work performed prior to July 1 and the other for work performed after June 30. For budgeting purposes, the OAG will expect the Contractor to perform approximately _____ % of the work during Phase I of the engagement for the year ended _____

7. Technical Requirements. All proposers must complete and return the attached Technical Requirements document. No cost information is to be included within the Technical Requirements. Cost information is to be submitted as provided in Section 1.4 of the Instructions for Submitting Offers.

8. Cooperation. Contractor must cooperate with staff from the OAG and other contractors in their conduct of additional or extended work assigned by the Auditor General as a part of, or supplement to, the contractor's work.

9. Renewal. This contract may be renewed for successive terms, subject to the OAG's discretion, with the mutual written consent of both parties and subject to performance review, the satisfactory negotiation of terms (including price) and the annual availability of an appropriation. In no event will the total term of the contract, including the initial term, and renewal terms and any extensions, exceed 10 years.

11. Billing Procedures and Progress Billings. The contract will set forth the total financial obligation of the OAG and contractor must agree to fully complete the statement of work and all contractual obligations within that stated total consideration. Amendments will be permitted only at the OAG's discretion. Billings must be prepared in accordance with the Auditor General's procedures regarding the submission of vouchers or other documentation. The voucher must list a total of the actual professional hours utilized for the work performed (extended at the agreed contract average hourly rate if the contract is an hourly rate contract). If total billings are less than the total consideration allowable under the contract, only the lesser cost shall be paid by the OAG. If progress payments are permitted, the contract will so specify.

12. Special Provisions

There are requirements for prior experience for this audit. This experience should include prior experience by the Primary contractor in conducting a statewide single audit in compliance with Title 2 U.S. Code of Federal Regulations part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance) or a large governmental audit (excess of 15,000 hours) that has a variety of federal programs audited in accordance with the Uniform Guidance. The Office of the Auditor General will consider proposals from all qualified firms, including proposals using subcontractors. Proposals which address the use of a subcontractor(s) must fully address the qualifications of each firm and proposed staff as it relates to performing OMB Uniform Guidance single audits, along with a detailed description of the nature, type, and estimated number of hours to be performed by each firm.

The Office of the Auditor General will audit and issue an opinion on the States' June 30, 2020 financial statements and will issue a report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with Government Auditing Standards at the statewide level as required. Further, the Office of the Auditor General will be responsible for reporting on certain required elements in the Schedule of Findings and Questioned Costs, namely the: 1) Summary of Auditors' Results, and 2) Findings related to Financial Statements which are required to be reported in accordance with Government Auditing Standards. The Office of the Auditor General will also follow up on prior statewide financial audit findings which are related to Government Auditing Standards. Although the Office of the Auditor General is responsible for reporting the above information, the Contractor is responsible for providing information to assist in the process. Specifically, the Contractor is required to prepare all necessary information related to federal awards for the Summary of Auditors' Results and follow up on all prior year single audit findings.

The results of the audit work called for in this RFP (20-1) will be combined with the State of Illinois CAFR and related report on internal control over financial reporting and on compliance and other matters based on an audit of the financial statements issued by the Office of the Auditor General to constitute a single audit of the State of Illinois single audit reporting entity for the year ended June 30, 2020. Although the selected contractor will not be directly involved in the State's financial audit, its audit effort and performance must be coordinated with the audit effort and performance of the Office of the Auditor General to address issues which may impact each auditor's reports. Potential contractors are required to propose relevant special services that would enhance or promote the efficient completion of this combined Single Audit work. The selected contractor will also interact with the Office of the Auditor General on all aspects of the Single Audit on an as-needed basis.

The scope of the audit work requested in this RFP (20-1) must be sufficient to meet the applicable requirements of the Single Audit Act as amended, the Uniform Guidance, and the OMB compliance supplement (including addendums) and result in the issuance of:

- An Independent Auditors' Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance*;
- An Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Schedule of Expenditures of Federal Awards Performed in Accordance with Government Auditing Standards;
- An Independent Auditors' Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance;

- A Schedule of Expenditures of Federal Awards and related notes;
- A Schedule of Findings and Questioned Costs, Current Federal Single Audit Findings;
- A Summary Schedule of Prior Federal Single Audit Findings;
- A Table of Award Numbers;
- Relevant Sections of the Data Collection Form; and
- Relevant Sections of the Summary of Auditors' Results pertaining to Federal Awards.

*Note: Proposals should address the audit approach to be used to enable an opinion to be issued on the Schedule of Expenditures of Federal Awards as required by the Uniform Guidance.

The Uniform Guidance requires a risk-based approach to determining major programs (2 CFR 200.518). The Uniform Guidance also requires the auditors to plan the testing of internal control over compliance for major programs to support a low assessed level of control risk for the assertions relevant to the compliance requirements for each major program and perform testing of internal control as planned (2 CFR 200.514). Proposals in response to this RFP (20-1) should specifically state that these requirements will be met and should address all significant assumptions and describe the approach to be used to conduct the State of Illinois single audit in accordance with all applicable requirements.

The Uniform Guidance requires the auditor to follow up on prior audit findings, perform procedures to assess the reasonableness of the summary schedule of prior findings prepared by the auditee, and report as current-year audit findings when the auditor concludes that the summary schedule of prior audit findings materially misrepresents the status of any prior audit finding (2 CFR 200.516). Proposals in response to this RFP (20-1) should specifically state that these procedures will be performed and should describe the approach to be used to meet these requirements.

Prior audit findings will be contained in the FY 2019 single audit report for the period ended June 30, 2019. Further, these findings will relate to federal programs which will likely be both major and nonmajor programs in the FY 2020 State of Illinois single audit.

The Contractor will have the responsibility to make the auditee agencies aware of their responsibilities regarding the "Reporting Package". Although the auditor has no responsibility for the preparation of a "Corrective Action Plan" under the Uniform Guidance, the Contractor will be responsible to help facilitate and coordinate the compilation of a "Corrective Action Plan".

The required reports, opinions, and work products are to be submitted in accordance with the Key Dates specified in RFP (20-1) Description of Services (General Requirements). These are critical dates and the contractor should establish appropriate controls to ensure these dates are met. Contractors must be prepared to deliver at least 100 copies of the reports (actual quantity to be determined later). The Contractor will also be required to participate, at no additional cost, in the federal cognizant agency's Quality Control Review of the Single Audit workpapers, if one is conducted, which is at the discretion of the federal government.

It should be noted that federal compliance testing and reporting for the State of Illinois single audit entity does not include the State Universities, the Illinois Housing Development Authority, the Illinois Finance Authority, or other component units of the Primary Government. These entities will continue to have separate individual agency level or unit level single audits performed annually.

Procedures Governing Protected Health Information (PHI). Various State agencies are designated as “covered entities” or “hybrid entities” under the federal Health Insurance Portability and Accountability Act (“HIPAA”). Any vendor auditing or examining a covered or hybrid entity must enter into a memorandum of understanding (MOU) with the OAG acknowledging the firm’s understanding of and compliance with federal requirements regarding protected health information (PHI). This MOU must be executed prior to commencement of any services pursuant to this proposal. A blank copy of the required MOU document is available in the RFP materials for RFP 20-1 in our Springfield and Chicago libraries or can be requested by calling the Project Contact noted on page 2 of this proposal.

Completion of Data Collection Form (Electronic). The successful proposer, along with the OAG manager, will work with the Governor’s Office of Management and Budget in completing and submitting the data collection form to the Federal Audit Clearinghouse as required by the Uniform Guidance.

Office of the Auditor General Staff Assistance, Support and Testing. In addition to the OAG’s assigned Single Audit manager, the OAG will assign staff to perform testing for the Contractor of program areas associated with income tax records due to restrictions specified in 30 ILCS 5/6-1, requiring only a payroll employee of the Office of the Auditor General to receive confidential income tax records. The areas of testing impacted as of FY 2019 are related to TANF eligibility within the Illinois Department of Revenue, as well as areas within Special Tests for the Unemployment Insurance program. The Contractor will be responsible for providing the OAG with audit programs, testing templates and samples for each of the testing areas, all of which will be required to be provided early in the audit cycle. The Contractor will have to have reliance on the testing performed by the OAG based on generally summarized level information; however, the Contractor will not be allowed to review or maintain details supporting testing performed in these areas due to the confidentiality requirements specified in 30 ILCS 5/6-1. In the event legislative relief is provided from this requirement, the Contractor will be responsible for the testing performed in these areas. The amount of hours allocated for this testing by OAG staff is up to 350 hours.

Communications with Federal Cognizant Agency. It is the responsibility of the successful proposer to include the OAG audit manager in all discussions with the federal cognizant audit agency, which is currently Health and Human Services.

Attendance at Multiple LAC Hearings. The successful proposer’s engagement partner (or designee) will be required to attend and testify at all Legislative Audit Commission (LAC) hearings held in either Springfield IL or Chicago IL where findings for specific agencies were included in the single audit report. Historically, this has entailed several different LAC hearings. No reimbursement for expenses associated with these hearings will be paid by the OAG. The Contractor will be responsible for all costs associated with contractor’s attendance at these hearings.

Major Program Selection Process. The State does not currently maintain a centralized grant accounting system. As a result, for planning purposes, the identification of major programs is based on the prior year expenditures adjusted for significant known changes. Type A programs for the State are those with federal awards expended greater than .0015 of the total awards expended for the State due to the State’s total federal expenditures exceeding the \$20 Billion threshold (2 CFR 200.518). The Type A thresholds utilized for FY 2018 and FY 2017 were \$43,494,869 and \$41,258,459, respectively. The number of major programs or program clusters audited for the last 5 years (2014 thru 2018) were as follows; 33, 31, 28, 30 and 28, respectively. Proposals in response to this RFP (20-1) should specifically

describe the approach to be used for the identification of major programs and should base their proposal on 32 major programs.

The State's process for preparing the SEFA relies on the Illinois Office of the Comptroller's (IOC) GAAP reporting by each agency, which has historically not been finalized until late in the calendar year (October thru December). As a result, the determination of the State's total federal statewide spending threshold is not always known until late in the calendar year. Historically, there are two or three programs that are on the border of being determined as Type A, but due to the process of determining federal statewide spending being reliant on the GAAP reporting process, the threshold is not always known until October or later. This delay sometimes requires a revision of programs late in the process to satisfy the Type A and Type B testing requirements. The OAG will expect the successful firm to provide the needed resources to complete any additionally determined program(s) in a timely manner. (See below for contract amendment process)

Contract Amendment Process. The OAG has developed a process that assists the Contractor to timely begin the audit of Type A (major) programs that are identified late in the audit process. As part of the annual contracting process, a special contract provision identifies the potential need to adjust, both upward and downward, the number of program/clusters to be audited as major programs. This special provision also identifies the potential need to adjust the hours needed to perform prior year finding follow up required by the Uniform Guidance for those programs that do not meet the criteria for being audited as a major program in the current year but which there are findings related to that program from the prior audit. The OAG and Contractor will agree to an amendment increase of 300 hours (at computed rate) per major program when additional program(s) are identified as a major program over the base proposal of 32. Likewise, the OAG and Contractor will agree to an amendment decrease of 300 hours (at computed rate) per major program if the number of major programs are determined to be less than 32. The OAG and Contractor will also agree to an amendment for hours (at computed rate) to be agreed upon to follow up on findings reported in the prior audit for those programs that do not meet the criteria for being audited as a major program in the current year but which there were findings related to the major program in the prior year. Any amendment to the contract will take place during "phase II" of the contract period and will take place as soon as possible as agreed upon between the OAG audit manager and the engagement partner. Please see information about the audited entity that is available at the Office of the Auditor General (current and prior year contracts).

Providing Timely Budget Information. The OAG has the responsibility to inform State agencies of the amount which each major program and/or program cluster will be billed (billing estimate and final billing). This information is critical for the OAG to bill agencies for the cost incurred during each year's audit and paid by the agencies from their lapsing appropriation. Thus, the successful proposer is required to timely provide all needed information to the OAG audit manager as to hours and costs related to each major program/or program cluster incurred at each agency. There are a few programs and/or program clusters that incur audit activity at multiple agencies. Please see information about the audited entity that is available at the Office of the Auditor General. Information available is noted in Step 12 on page 12 of this proposal.

Agreed Upon Procedures (AUP) Letters. The OAG Audit Guide provides procedures for the preparation and submission of the results of certain agreed-upon procedures applicable to performing engagements of either a financial audit or attestation examination. Agencies that receive federal grants and contracts submit expenditure/program name/CFDA number, and pass-through amounts on IOC SCO forms 563, 567 and 568 (See OAG Audit Guide Chapter 27). Certain procedures, as agreed upon by the Governor's

Office of Management and Budget (the responsible party preparing the SEFA) and the Illinois Office of the Comptroller, are performed by OAG staff and the Contractor relative to the amounts reported via the State's GAAP reporting process. Copies of the AUP letters will be sent to the OAG single audit manager, who will provide a copy to the Statewide Single Audit Contractor, Governor's Office of Management and Budget and the IOC.

State Revolving Funds and SWICAP Testing for Federal Compliance. The FY 2020 State of Illinois single audit should also include approximately 650 hours for the successful proposer to adequately test and document the results of its testing of the compliance concerning the operations of certain revolving funds and the Statewide Indirect Cost Allocation Plan expenditures charged to federal programs during the year.

Independence. The successful proposer, and any proposed subcontractors, will be required to comply with all independence rules and interpretations published by the AICPA and Government Accountability Office (GAO) with regard to any entity within the State of Illinois' primary government, including related organizations, joint ventures, and jointly-governed organizations. Proposals in response to this RFP (20-1) should specifically describe the approach to be used for ensuring compliance with the Independence Standards established by the GAO within the Government Auditing Standards to be implemented beginning with the FY 2021 statewide single audit.

Evaluation and Award Criteria. Pages 6 through 8 of this RFP (20-1) document sets forth the evaluation and award criteria for reviewing proposals which are timely submitted. The "responsiveness" specification has 4 particular components. All technical proposals, at a minimum, must specifically address in detail the special provisions set forth in this section.

Partner Rotation Policy. It is the Office's goal to maintain a vigorous audit program. In order to meet this goal, it is imperative a partner rotation policy is instituted to strengthen independence and audit quality. The Office's partner rotation policy is to require firms contracting for the same auditee for more than 10 consecutive years (the 11th year) to rotate the lead engagement audit partner. The rotated partner is subject to a two-year timeout period before returning to the rotated engagement. Small firms with fewer than two partners must rotate the audit engagement manager for engagements for which they contract for more than 10 consecutive years (the 11th year). "Audit engagement manager" is defined as the individual responsible for decision-making on any significant part of audit, accounting or reporting matters.

Other.

The FY 2019 statewide single audit has not been completed and released as of the date of this RFP (20-1); therefore, the final audit report is not available for review.

For any proposal involving more than one firm, i.e., the primary contractor and subcontractor(s), the primary contractor must perform at least 80% of the total professional audit hours.

Engagement Hours by Area (Section B – Page 19): Please modify (as appropriate) the major audit areas to coincide with the FY 2020 statewide single audit engagement.

The Office of the Auditor General is **not** precluding the public accounting firm (KPMG, LLP) that performed the prior audit of the State of Illinois Single Audit from submitting a proposal as described in this solicitation.

STANDARD CONTRACT PROVISIONS

The following terms and conditions will govern this contractual relationship and the VENDOR is bound by them and is responsible for reading and understanding them.

1. **BILLING:** VENDOR shall submit invoices on the schedule and with the detail required by the OAG.
 - (a) Invoices shall be signed by VENDOR. Record-keeping shall be in accordance with generally accepted accounting practices. If total billings are less than the total consideration allowable under this contract, only the lesser cost shall be paid by the OAG. All billings must be submitted to the OAG at the cover page address directed to the attention of the Contract Manager. By submitting an invoice, VENDOR certifies that the equipment, supplies and/or services provided meet all requirements of the contract and the amount billed is as allowed in this contract.
 - (b) VENDOR shall not bill for any taxes unless accompanied by proof the State is subject to the tax. If necessary, VENDOR may request the OAG's Illinois tax exemption number and federal tax exemption information.
 - (c) All invoices for supplies purchased or services performed and expenses (if billable) incurred through June 30 of any year must be submitted to the OAG no later than July 31 of that year; otherwise, VENDOR may have to seek payment through the Illinois Court of Claims (30 ILCS 105/25).

2. **PAYMENT:**
 - (a) The OAG shall not be liable to pay for any equipment and/or supplies provided and/or services rendered prior to the execution of this contract by the Parties, even if the effective date of the contract is prior to execution. VENDOR shall not commence billable work in furtherance of the contract prior to final execution of the contract.
 - (b) The approved invoice amount will be paid less any retainage and previous partial payments. Final payment shall be made upon determination by the OAG that all requirements under this contract have been completed, which determination shall not be unreasonably withheld.
 - (c) Payments, including late payment charges, will be paid in accordance with the State Prompt Payment Act (30 ILCS 540) and rules (74 Ill.Adm.Code 900) when applicable. This shall be VENDOR's sole remedy for late payments by the State. Payment terms contained on VENDOR's invoices shall have no force and effect.
 - (d) The OAG's total financial obligation under this contract shall not exceed the total consideration set forth in the contract and VENDOR agrees to fully complete the statement of work specified in the appropriate contract schedule and all obligations within that stated total consideration. If and when this contract is renegotiated to allow increased costs due to unforeseen contingencies not apparent at the time of execution, an amendment shall be agreed to only at the OAG's sole option.
 - (e) As a condition of receiving payment, VENDOR must (i) be in compliance with the contract; (ii) pay its employees prevailing wages when required by law (e.g., public works, printing, janitorial, window washing, building and grounds services, site technician services, natural resource services, security guard and food services). VENDOR is responsible for contacting the Illinois Department

of Labor (217/782-6206; <http://www.illinois.gov/idol/Pages/default.aspx>) to ensure understanding of prevailing wage requirements; (iii) pay its suppliers and subcontractors according to the terms of their respective contracts; and (iv). provide lien waivers to the State upon request.

- (f) If the OAG in good faith determines that the VENDOR has failed to perform or deliver any service or product as required by this contract, the VENDOR shall not be entitled to any compensation under this contract until such service or product is performed or delivered. In this event, the OAG may withhold that portion of the VENDOR's compensation which represents payment for service or product that was not performed or delivered.
- (g) The State may set off any sum owed to the VENDOR on account of any debt owed to the State, unless otherwise required by law, in accordance with the State Comptroller Act (15 ILCS 405). The VENDOR agrees that this provision constitutes proper and timely notice under the law of setoff.

3. **PROGRESS PAYMENTS FOR AUDIT SERVICES:** If this contract is for audit or attestation services, unless otherwise specified in writing now within this contract or hereafter incorporated by reference, VENDOR may submit progress billings in the manner set forth below as follows:

- (a) At any time after the work has begun, VENDOR may submit a bill for actual hours worked, at the agreed contract average hourly rate. If the total amount of such bill is for an amount equal to or in excess of 50% of the total amount due under this contract, VENDOR shall be entitled to receive an amount equal to 50% of the total amount due under this contract. If the total amount of such bill is for an amount less than 50% of the total amount due under this contract, the VENDOR shall be entitled to receive the amount billed.
- (b) Upon delivery of all written draft deliverables and completion of assigned fieldwork, analysis and contractor drafting tasks as specified in this contract in a form acceptable to the OAG, VENDOR may submit a further bill for actual hours worked at the agreed average contract hourly rate. If the total amount of such bill is for an amount in excess of 75% of the total amount due under this contract, VENDOR shall be entitled to receive an amount equal to 75% of the total amount due under this contract, less any amount paid pursuant to the first progress billing. If the total amount of such bill is for an amount less than 75% of the total amount due under this contract, VENDOR shall be entitled to receive the amount billed, less any amount paid pursuant to the first progress billing.
- (c) Upon delivery of the final report or equivalent to the OAG and acceptance thereof, VENDOR may submit a final bill for the balance due for actual hours worked at the agreed average contract hourly rate pursuant to the terms of this contract. If the total cost exceeds the agreed total maximum contract payment, then the amount in excess of the contract maximum shall be deducted from the total cost of the work done so as to arrive at the net amount due in accordance with the total maximum contract payment specified in Section 2, above.

Throughout this contract, when the term “audit” is used it includes attestation services and agreed-upon procedures if such services are the subject of the engagement.

4. **COMPLIANCE WITH THE LAW AND PROFESSIONAL STANDARDS:**

- (a) The VENDOR, its employees, agents and subcontractors shall comply with all applicable federal, state and local laws, rules, ordinances, regulations, orders,

federal circulars and all license and permit requirements in the performance of this contract.

- (b) VENDOR shall be in compliance with applicable tax requirements and shall be current in payment of such taxes.
- (c) VENDOR warrants that VENDOR, its employees, agents and subcontractors who would perform services requiring a license have and maintain any required license. If this contract is for audit or attestation services, VENDOR, its employees, agents and any subcontractor engaged by it must meet all requirements necessary to comply with applicable professional standards, including peer review, continuing education and independence.

5. **AUDIT/RETENTION OF RECORDS:** VENDOR and its subcontractors shall maintain books and records relating to the performance of the contract or subcontract and necessary to support amounts charged to the State under the contract or subcontract. Books and records, including information stored in databases or other computer systems, shall be maintained by the VENDOR for a period of 3 years from the later of the date of final payment under the contract or completion of the contract, and by the subcontractor for a period of 3 years from the later of the date of final payment under the subcontract or completion of the subcontract. The 3 year period shall be extended for the duration of any audit in progress during the term. Book and records required to be maintained under this Section shall be available for review or audit by the OAG, its representatives, and any other governmental entity with monitoring authority upon reasonable notice and during normal working hours. VENDOR and its subcontractors shall cooperate fully with any such audit or review. The VENDOR shall not impose a charge for audit or examination of the VENDOR's books and records. If any audit indicates overpayment to VENDOR, or subcontractor, the OAG shall adjust future or final payments otherwise due. If no payments are due and owing to VENDOR, or if the overpayment exceeds the amount otherwise due, VENDOR shall immediately refund all amounts that may be due to the OAG. Failure to maintain the books and records required by this Section shall establish a presumption in favor of the State for the recovery of any funds paid by the State under the contract for which adequate books and records are not available to support the disbursement. The VENDOR shall take reasonable steps to ensure that any subcontractor is in compliance with the requirements of this section.

6. **RETENTION OF WORKING PAPERS:** If this contract is for audit or attestation services, VENDOR shall maintain all working papers and reports, at VENDOR's expense, for a minimum of five years from the report release date, unless the firm is notified in writing by the OAG of the need to extend the retention period. VENDOR agrees to make the working papers available, upon the OAG's request and without limitation and at no charge, to: the OAG; the agency reviewed; successor auditors; any federal cognizant agency; parties designated by the federal or state government or others as part of a quality review process; auditors of entities of which the audited agency is a sub-recipient of grant funds; auditors of entities of which the audited entity is a component unit; members of the legislature and the public in compliance with the Illinois State Auditing Act, the Illinois Freedom of Information Act and regulations adopted under those Acts.

7. **SCHEDULE OF WORK AND REPORTING REQUIREMENTS:** Any work performed on State premises shall be done during the hours designated by the State and performed in a manner that does not interfere with the State and its personnel. VENDOR shall immediately notify the OAG of any event that may have a material impact on VENDOR's ability to perform the contract.
8. **INDEPENDENT CONTRACTOR:** VENDOR shall, in the performance of this contract, be an independent contractor and not an agent or employee of, or joint venturer with, the State. All payments by the State shall be made on that basis.
9. **ASSIGNMENT AND SUBCONTRACTING:**
- (a) This contract may not be assigned, transferred or subcontracted in whole or in part by the VENDOR without the prior written consent of the OAG. VENDOR shall describe within this contract the names and addresses of all authorized subcontractors utilized by VENDOR in the performance of this contract, together with the anticipated amount of money that each subcontractor is expected to receive pursuant to this contract. For purposes of this section, subcontractors are those specifically hired to perform all or part of the work or to provide the supplies covered by the contract.
 - (b) Any dispute between Vendor and any third party, including any subcontractor, shall be solely between such third party and Vendor, and the Agency shall be held harmless by Vendor. Vendor agrees to assume all risk of loss and to indemnify and hold the Agency and its officers, agents, and employees harmless from and against any and all liabilities, demands, claims, suits, losses, damages, causes of action, fines or judgments, including costs, attorneys' and witnesses' fees, and expenses incident thereto, for Vendor's failure to pay any subcontractor, either timely or at all, regardless of the reason.
10. **CONFIDENTIALITY:**
- (a) Any documents or information obtained by VENDOR in connection with this contract shall not be provided to any third party unless disclosure is approved in writing by OAG. If, during the course of providing the services required by this Contract, VENDOR may access, use or disclose protected health information (PHI), as that term is defined in the Health Insurance Portability and Accountability Act (HIPAA), then VENDOR agrees to execute a Business Associate Agreement with the OAG and to abide by federal law and regulations pertaining to the privacy and security of PHI.
 - (b) VENDOR is required to encrypt or redact any confidential information on all networks, servers, computers and other electronic media or storage devices. VENDOR may not transmit confidential information by any electronic means without encrypting the information or otherwise securing it in a manner that is accepted in the industry. Confidential information includes, but is not limited to, personal information as defined in the Personal Information Protection Act (815 ILCS 530/1 et seq.), and shall include any Social Security Number or Federal Employer Identification Number whether or not in conjunction with an individual's name.
 - (c) The Vendor shall immediately report to the OAG any unauthorized disclosure of confidential information.

- (d) VENDOR agrees to assume without restriction any and all associated costs that arise from the State providing notification to any and all individuals affected or potentially affected by any event or incident considered an actual or potential breach of security and includes personally identifiable information from or associated with the VENDOR'S network, computer equipment or any technology device containing such personally identifiable information or any written material that VENDOR is managing on behalf of the State and is, was or should have been under the control of the VENDOR. Any personally identifiable information that is protected under any Illinois or federal law will trigger this obligation to the extent that the information is breached while in the control of the VENDOR during the performance of this contract or while still in VENDOR'S possession or control following the termination of this contract. VENDOR must immediately notify the State of such a breach and agrees not to initiate any independent notification of those actually or potentially affected until a determination is made by the State as to the most appropriate method, timeline and content of such notice. The State reserves the right to make the final determination as to the timing and substance of any such notification.
- (e) VENDOR'S obligations regarding confidentiality under this contract shall survive termination of this contract.

11. USE OF WORK PRODUCT

- (a) All work performed or supplies created by VENDOR under this contract, whether written documents or data, goods or deliverables of any kind, shall be deemed work-for-hire under copyright law and all intellectual property and other laws, and the State of Illinois is granted sole and exclusive ownership to all such work, unless otherwise agreed to herein. VENDOR hereby assigns to the State all right, title, and interest in and to such work including any related intellectual property rights, and/or permanently waives any and all claims that VENDOR may have to such work including any so-called "moral rights" in connection with the work. VENDOR acknowledges the State may use the work product for any purpose. Confidential data or information contained in such work shall be subject to confidentiality provisions of this contract. VENDOR shall exclusively own any intellectual property rights (i) owned by VENDOR prior to the commencement of services or (ii) developed or acquired by VENDOR independent of the services provided under this contract; however, if incorporated into any work product provided under this contract, VENDOR'S intellectual property rights will not extend to (i) any portion of the State's material incorporated into any work product or (ii) to any information specific to any products or the State's business operations. The State will retain ownership of all intellectual property rights (such as copyrights and trade secrets) in or to any information and/or materials that the State supplies to VENDOR, or that the State develops in connection with this agreement.
- (b) To the extent VENDOR is providing the State with software under this contract, or a service that incorporates or includes software requiring a license for its proper use, and in consideration for a one time payment of any applicable license fee for such software, or any identified service fee that covers the use of the software, VENDOR hereby grants to the State and the State hereby accepts a non-transferable (except within State of Illinois government), nonexclusive, perpetual, irrevocable license to use the software. Continuous use of the license

is subject only to the specific terms contained within any specific license terms attached to this contract.

- (c) Where the State is purchasing maintenance for software, previously purchased by the State from VENDOR, that is perpetual in nature, all rights granted in the original license agreement are unaffected by this contract.
- (d) Where the State purchases annual maintenance, following the initial term of the agreement for term licenses, all licenses granted in this contract shall continue in force during the annual maintenance period (s).
- (e) Upon completion or at the termination of this contract, all such documents and information shall, at the option of the OAG, be appropriately arranged, indexed and delivered to the OAG by VENDOR.
- (f) VENDOR's obligations regarding work product under this contract shall survive termination of this contract.

12. **SOLICITATION AND EMPLOYMENT:** VENDOR shall not employ any person employed by the State during the term of this contract to perform any work under this contract. VENDOR shall give notice immediately to the Auditor General if VENDOR solicits or intends to solicit State employees to perform any work under this contract .

13. **BACKGROUND CHECK:** VENDOR is responsible for ensuring that all contractor and subcontractor staff who will (1) be assigned to an OAG audit team or (2) have access to confidential information obtained from an OAG engagement (which may include reviewing partners, support staff, IT personnel, etc.) undergo a fingerprint-based criminal history background check before being assigned to an OAG engagement or related administrative functions. Costs related to criminal history background checks on contractor/subcontractor staff will be paid by VENDOR and are not reimbursable by the OAG. For purposes of this paragraph, the term “staff” includes all employees, interns, consultants, agents, or any other individuals - whether temporary or permanent, paid or unpaid, full- or part-time - who, by virtue of their affiliation with the VENDOR or the VENDOR’s subcontractor: (i) will have access to State facilities; (ii) are specifically assigned to an OAG engagement; or (iii) will have access to confidential information obtained from an OAG engagement(s). VENDOR will be responsible for conducting the criminal history background checks in accordance with applicable laws, rules and procedures. VENDOR will be responsible for reporting the results of the criminal history background checks to the OAG and agrees to immediately remove from the audit team or related administrative functions any staff member that is deemed, in the OAG’s discretion, to not be suitable to work on the OAG engagement and to replace that individual with another qualified staff member.

14. **RENEWAL:** This contract shall not be automatically renewable but shall terminate on June 30 of the fiscal year in which it was effective, or on the termination date actually specified in the contract. This contract may be renewed for successive terms, subject to the OAG's discretion, with the mutual written consent of both parties and subject to performance review, the satisfactory negotiation of terms (including price) and the annual availability of an appropriation. In no event will the total term of the contract, including the initial term, and renewal terms and any extensions, exceed 10 years.

15. **AVAILABILITY OF APPROPRIATIONS:** This contract is contingent upon and subject to the availability of funds. The State, at its sole option, may terminate or

suspend this contract, in whole or in part, without penalty or further payment being required, if: (1) the Illinois General Assembly or the federal funding source fails to make an appropriation sufficient to pay such obligation, or if funds needed are insufficient for any reason; (2) the OAG's funding is reduced through reserves, or (3) the OAG determines, in its sole discretion, that a reduction is necessary or advisable based upon actual or projected budgetary considerations. VENDOR will be notified in writing of the failure of appropriation or of a reduction or decrease. VENDOR's obligation to perform shall cease upon receipt of the notice.

16. INDEMNIFICATION AND LIABILITY:

- (a) The VENDOR agrees to indemnify and hold harmless the State of Illinois, its agencies, officers, employees, agents and volunteers from any and all costs, demands, expenses, losses, claims, damages, liabilities, settlements and judgments, including in-house and contracted attorneys' fees and expenses, arising out of (a) any breach or violation by VENDOR of any of its certifications, representations, warranties, covenants or agreements, (b) any actual or alleged death or injury to any person, damage to any property or any other damage or loss, claimed to result in whole or in part from VENDOR's negligent performance, (c) any act, activity or omission of VENDOR or any of its employees, representatives, subcontractors or agents.
- (b) VENDOR, at its own expense, shall indemnify, defend and hold harmless the State, its officers, employees and agents against any claims based on any allegation that the use by the State of any software furnished by VENDOR, separately or as part of a service containing the software at issue, to the State under this contract infringes any third party patent, copyright or other proprietary right. If an action is brought against the State claiming that the authorized use of the software infringes such third party patent, copyright or other proprietary right, VENDOR will defend the State at VENDOR'S expense and pay the actual damages, attorney's fees, and costs finally awarded against the State in any proceedings arising from an infringement action. The State must promptly notify VENDOR in writing of any allegations of infringement made and permit the VENDOR, at VENDOR'S request and expense, to defend and conclude the action. If any claim arises or is reasonably likely to arise, VENDOR shall either procure, at VENDOR'S sole cost, the right for the State to continue to use the software or modify the software (without causing diminution in functionality) so that it does not infringe the third party's rights or if VENDOR is not able to accomplish either of the above, provide written notice to the State to that effect and refund to the State (within thirty days) all licensing fees and any prepaid maintenance fees paid by the State to the VENDOR and terminate the license for the software involved. This indemnity does not apply to the extent that infringement results from alterations or additions to the software made by the State that caused the infringement or use of the software in combination with any other software, where the infringement would not have occurred without the other software.
- (c) Any indemnification obligation of the parties shall survive termination of this contract.
- (d) VENDOR shall assume risk of loss until delivery to the OAG's facility. VENDOR shall do nothing to prejudice the State's right to recover against third parties for any loss, destruction or damage to State property and shall, at the

State's request and expense, furnish to the State reasonable assistance and cooperation, including assistance in the prosecution of suit and the execution of instruments of assignment in favor of the State in obtaining recovery.

- (e) The OAG assumes no liability for actions of VENDOR and is unable to indemnify or hold VENDOR or any third party harmless for claims based on this contract or use of VENDOR provided supplies or services. Unless provided by law, VENDOR is not eligible for indemnity under the State Employee Indemnification Act (5 ILCS 350/1 et seq.). The OAG shall not be liable for any incidental, special, consequential or punitive damages.

17. WARRANTIES:

- (a) VENDOR warrants that the supplies and equipment furnished under this contract (i) will conform to the standards, specifications, drawings, samples or descriptions furnished by the State or furnished by the VENDOR and agreed to by the State, including but not limited to all specifications attached as exhibits hereto, (ii) will be merchantable, of good quality and workmanship, free from defects for a period of twelve months or longer if so specified in writing, and fit and sufficient for the intended use, (iii) will comply with all federal and state laws, regulations and ordinances pertaining to the manufacturing, packing, labeling, sale and delivery of the supplies, (iv) will be of good title and be free and clear of all liens and encumbrances, (v) will be new, unused, of most current manufacture and not discontinued, and (vi) will not infringe any patent, copyright or other intellectual property rights of any third party. VENDOR shall insure that all manufacturers' warranties are transferred to the State and shall provide a copy of the warranty. VENDOR agrees to reimburse the State for any losses, costs, damages or expenses, including without limitation, reasonable attorney's fees and expenses, arising from failure of the supplies to meet such warranties. These warranties shall be in addition to all other warranties, express, implied or statutory, and shall survive the State's payment, acceptance, inspection or failure to inspect the supplies.
- (b) VENDOR warrants that all services will be performed in a good and professional manner to industry standards by trained and competent personnel. VENDOR shall monitor the performance of each individual and shall reassign immediately any individual who is not performing to professional standards, who is not efficient or effective in performing the work of the contract, who is disruptive or not respectful of others in the workplace, or who in any way violates the contract or State policies. Vendor specifically acknowledges its responsibility to comply with provisions of the Illinois Human Rights Act (775 ILCS 5) and to prevent discrimination and sexual harassment by its employees, consultants, contractors and subcontractors against the State's employees and non-employees encountered in the workplace during the course of performing this contract. As required by Sections 2-105 (A) (4) and 2-109 (C) of the Act, VENDOR further agrees to have written sexual harassment policies applicable to its employees and to conduct sexual harassment prevention training on at least an annual basis.
- (c) If VENDOR is providing the State with software under this contract, VENDOR warrants that the software will perform in all material respects in accordance with specifications relied upon by the State in entering into this contract for the period of time necessary to accomplish the intended purpose of the State in purchasing the software from VENDOR. VENDOR will replace any software which fails to

meet this warranty. If VENDOR is unable to deliver a replacement, the State may terminate the license for the non-conforming software by providing written notice to VENDOR and returning the software to VENDOR for a full refund of the license fees and any associated maintenance fees paid for the software. VENDOR will not be responsible for replacing software that does not function properly to the extent that State employees or agents caused the software not to function properly through no fault of the VENDOR.

- (d) The VENDOR warrants that no person has been employed or retained to solicit and secure this contract upon an agreement or understanding for commission, percentage, brokerage or contingency except bona fide employees or selling agents maintained for the purpose of securing business.

18. INSURANCE: VENDOR shall, at all times during the term and any renewals, maintain and provide, upon request, a Certificate of Insurance naming the State as additional insured for all required bonds and insurance. Certificates may not be modified or canceled until at least 30 days notice has been provided to the State. VENDOR shall provide: (a) General Commercial Liability-occurrence form in the amount of \$1,000,000 per occurrence (Combined Single Limit Bodily Injury and Property Damage) and \$2,000,000 Annual Aggregate; (b) Auto Liability, including Hired Auto and Non-owned Auto, (Combined Single Limit Bodily Injury and Property Damage) in amount of \$1,000,000 per occurrence; and (c) Worker's Compensation Insurance in amounts required by law. Insurance shall not limit VENDOR'S obligation to indemnify, defend, or settle any claims.

19. TERMINATION OF CONTRACT:

- (a) Termination for Cause without Advance Notice: The OAG may terminate this contract, in whole or in part, for any of the following reasons effective immediately and without advance notice:
 - (i) In the event the VENDOR is required to be certified or licensed as a condition precedent to providing services, the revocation or loss of such license or certification will result in immediate termination of the contract effective as of the date on which the license or certification is no longer in effect;
 - (ii) The OAG determines that the actions, or failure to act, of VENDOR, its agents, employees or subcontractors have caused, or reasonably could cause, jeopardy to health, property or safety;
 - (iii) The VENDOR fails to comply with federal, state and local laws, rules, ordinances, regulations and orders , including laws protecting confidential information;
 - (iv) The VENDOR furnished any statement, representation or certification in connection with this contract or the RFP that is materially false, deceptive, incorrect or incomplete or the contract was obtained by fraud, collusion, conspiracy or other unlawful means;
 - (v) The VENDOR is guilty of misrepresentation in connection with another contract for the sale of supplies or services to the State such that the VENDOR cannot reasonably be depended upon to fulfill obligations as a responsible VENDOR under other contracts with the State;
 - (vi) The VENDOR is adjudged bankrupt; enters into receivership or makes a general assignment for the benefit of creditors due to insolvency;

- (vii) The contract conflicts with any statutory or constitutional provision of the State of Illinois or of the United States; or
- (viii) The VENDOR has notified the OAG that it is unable or unwilling to perform the contract.

In the event of termination for cause without advance notice, the State may seek any available legal or equitable remedies, including but not limited to monetary damages and reasonable attorney fees and costs.

- (b) Termination for Cause with Notice: The occurrence of any one or more of the following events shall constitute cause for the OAG to declare the VENDOR in default of its obligations under this contract:
 - (i) The VENDOR fails to perform, to the OAG's satisfaction, any material requirement of this contract or is in violation of a material provision of this contract;
 - (ii) The OAG determines that satisfactory performance of this contract is substantially endangered or that a default is likely to occur; or
 - (iii) The VENDOR fails to make substantial and timely progress toward performance of the contract.

The OAG shall provide written notice to the VENDOR requesting that the breach or noncompliance be remedied within the period of time specified in the OAG's written notice. If the breach or noncompliance is not remedied by that date, the OAG may either: (A) immediately terminate the contract without additional written notice; or (B) enforce the terms and conditions of the contract, and in either event seek any available legal or equitable remedies and damages.

- (c) Withholding Money to Compensate OAG for Damages: If a contract is terminated or rescinded for cause, the OAG may deduct from whatever is owed the VENDOR on that or any other contract an amount sufficient to compensate the OAG for any damage resulting from termination or rescission.
- (d) Termination for Convenience upon Notice: Following ten (10) days written notice, the OAG may terminate this contract in whole or in part, without the payment of any penalty or incurring any further obligation to the VENDOR.
- (e) Termination due to Lack of Funds or Change in Law: The OAG shall have the right to immediate termination of this contract without penalty by giving written notice to the VENDOR as a result of any of the following:
 - (i) Adequate funds are not appropriated or granted to allow the OAG to fulfill its obligations under this contract;
 - (ii) Funds are de-appropriated, reduced through reserves or not allocated;
 - (iii) Funds needed by the OAG, at the OAG's sole discretion, are insufficient for any reason or the OAG determines, in its sole discretion, that a reduction is necessary or advisable based upon actual or projected budgetary considerations;
 - (iv) There is a material alteration in the programs administered by the OAG; or
 - (v) The OAG's duties are substantially modified.

- (f) VENDOR's Remedies in Event of Termination by OAG: In the event of termination of this contract for any reason by the OAG, the OAG shall pay only those amounts, if any, due and owing to the VENDOR for usable work completed to the satisfaction of the OAG up to and including the date of termination and for which the OAG is obligated to pay pursuant to this contract.
