**INDEPENDENT AUDITORS' REPORT**

Honorable William G. Holland  
Auditor General  
State of Illinois

Board of Directors  
Intermediate Service Center No. 2

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Intermediate Service Center No. 2, as of and for the year ended June 30, 2010, which collectively comprise the Intermediate Service Center No. 2's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Intermediate Service Center No. 2's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Intermediate Service Center No. 2, as of June 30, 2010, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated April 13, 2011 on our consideration of the Intermediate Service Center No. 2's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 14 through 17 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Intermediate Service Center No. 2's basic financial statements. The Budgetary Comparison Schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The Budgetary Comparison Schedule and the Schedule of Expenditures of Federal Awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable William G. Holland  
Auditor General  
State of Illinois

Board of Directors  
Intermediate Service Center No. 2

As Special Assistant Auditors for the Auditor General, we have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Intermediate Service Center No. 2, as of and for the year ended June 30, 2010, which collectively comprise the Intermediate Service Center No. 2's basic financial statements and have issued our report thereon dated April 13, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Intermediate Service Center No. 2's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Intermediate Service Center No. 2's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Intermediate Service Center No. 2's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, agency management, others within the organization, Illinois State Board of Education, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS  
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE  
IN ACCORDANCE WITH OMB CIRCULAR A-133**

Honorable William G. Holland  
Auditor General  
State of Illinois

Board of Directors  
Intermediate Service Center No. 2

**Compliance**

We have audited the Intermediate Service Center No. 2's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Intermediate Service Center's major federal programs for the year ended June 30, 2010. The Intermediate Service Center No. 2's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Intermediate Service Center No. 2's management. Our responsibility is to express an opinion on the Intermediate Service Center No. 2's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Intermediate Service Center No. 2's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Intermediate Service Center No. 2's compliance with those requirements.

In our opinion, the Intermediate Service Center No. 2 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

## Internal Control Over Compliance

Management of Intermediate Service Center No. 2 is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Intermediate Service Center No. 2's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Intermediate Service Center No. 2's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, agency management, others within the organization, Illinois State Board of Education, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

**INTERMEDIATE SERVICE CENTER NO. 2**  
**Required Supplementary Information**  
**Management Discussion and Analysis**  
Year Ended June 30, 2010

---

As management of Intermediate Service Center No. 2 (“the Center”), we offer the readers of the financial statements this narrative overview and analysis of the financial activities of Intermediate Service Center No. 2 for the year ended June 30, 2010.

Management’s Discussion and Analysis (MD&A) is an element of required supplementary information specified in the Governmental Accounting Standards Board’s (GASB) Statement No. 34 issued in June 1999. Certain comparative information between the current year (2010) and the prior year (2009) is required to be presented in the MD&A and included for this reporting period.

MD&A is provided at the beginning of the report to provide an overview of Intermediate Service Center No. 2’s financial position at June 30, 2010 and the results of operations for the year. This summary should not be taken as a replacement for the audit report, which consists of the financial statements, notes to the financial statements, required and other supplementary information.

**Using This Financial Report**

The financial section of this annual report consists of four parts – Independent Auditor’s Reports, required supplementary information which includes the MD&A (this section), the basic financial statements, and other supplementary information. The basic financial statements include two kinds of statements that present different views of Intermediate Service Center No. 2: 1) Government -wide financial statements and 2) fund financial statements.

**Government – Wide Financial Statements**

The first two statements are government -wide financial statements that provide both short term and long term information about Intermediate Service Center No. 2’s overall financial status, similar to a private sector business. In the government -wide financial statements, activities are shown in one category – governmental activities. Intermediate Service Center No. 2’s basic service is education. These activities are largely financed with local, State and federal revenues.

The Statement of Net Assets presents information on all of Intermediate Service Center No. 2’s assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Intermediate Service Center No. 2 is improving or deteriorating.

The Statement of Activities presents information showing how the government’s net assets changed during the most recent fiscal year. The financial statements are prepared under the accrual basis of accounting, whereby revenues and assets are recognized when earned; expenditures and liabilities are recognized when incurred.

Fund Financial Statements

The fund financial statements provide more detailed information about Intermediate Service Center No. 2's funds – not Intermediate Service Center No. 2 as a whole. Funds are specific segregations of cash and accounting devices Intermediate Service Center No. 2 uses to keep track of specific sources of funding and spending on particular programs. Some funds are required by state law, while others are established to control and manage money for particular purposes or to show that Intermediate Service Center No. 2 is properly using certain revenues.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for each. By doing so, readers may better understand the long-term impact of Intermediate Service Center No. 2's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balance provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

Intermediate Service Center No. 2 maintains an individual governmental fund. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balance for this fund. This fund is considered a major fund of Intermediate Service Center No. 2. More detail of the individual revenues and expenditures for this fund is presented in the supplementary section of this report.

Intermediate Service Center No. 2 is not legally required to adopt a budget, but an annual budget is reviewed for the Education Fund. Illinois State Board of Education, a granting agency, requires the Intermediate Service Center No. 2 to adopt budgets for certain program revenues. A budgetary comparison schedule has been provided as supplementary information for the Education Fund only, which is in compliance with GASB Statement No. 34.

Unrestricted net assets

During the year unrestricted net assets and net assets invested in capital assets increased \$137,309, due to the fact that revenues increased at a higher rate over expenses from a year ago. Total revenue for fiscal year ended June 30, 2009 was \$5,212,168 and decreased by \$598,369 to \$4,613,799 for fiscal year ended June 30, 2010, (primarily due to decreased state grant revenue for fiscal year ended June 30, 2010). Expenses decreased by \$603,299 from \$5,079,789 in fiscal year ended June 30, 2009, to \$4,476,490 in fiscal year ended June 30, 2010. The factors which have contributed to this condition are explained below.

**Factors or Conditions Impacting Future Periods**

On the revenue side, revenues decreased from the prior year; we anticipate this trend will continue.

On the expenditure side, decreased spending as a result of decreasing revenue will force the Center to do more with less.

In summary, this expectation of continued increases in service demand will result in larger response times, reduced array of services, and the need to do more with existing human resources.

### Notes to Basic Financial Statements

---

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

A. Reporting Entity (Continued):

These financial statements include Intermediate Service Center No. 2 and its component units, entities for which it is considered financially accountable. As defined by GASB Statement 14, "The Financial Reporting Entity", Intermediate Service Center No. 2 is not financially accountable for any other entity nor are there any other entities for which the nature and significance of their relationship with Intermediate Service Center No. 2 are such that exclusion would cause Intermediate Service Center No. 2's financial statements to be misleading or incomplete.

In addition, based upon the above criteria, Intermediate Service Center No. 2 is not aware of any entity which would be financially accountable for Intermediate Service Center No. 2, which would result in Intermediate Service Center No. 2 being considered a component entity.

B. Government-Wide and Fund Financial Statements:

The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the non-fiduciary activities of the Center.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues. Under the terms of the grant agreements, Intermediate Service Center No. 2 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted funding resources available to finance the program. It is the policy of Intermediate Service Center No. 2 to first apply cost-reimbursement grant resources to such programs and then general revenues.

The Statement of Net Assets presents information on all Intermediate Service Center No. 2's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Intermediate Service Center No. 2 is improving or deteriorating. The net assets of the Intermediate Service Center are classified as follows:

*Invested in Capital Assets* – represents the Center's total investment in capital assets. The outstanding debt related to these assets was \$175,153 at June 30, 2010.

*Unrestricted Net Assets* – represent resources used for transactions relating to the general operations of the Center and may be used at the discretion of management to meet expenses for any purpose.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

D. Basis of Accounting:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all the eligibility requirements imposed by the provider have been met.

The modified accrual basis of accounting is followed by the Governmental fund, which is in conformity with the Illinois Program Accounting Manual for Local Education Agencies and accounting principles generally accepted in the United States of America. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, that is, when they become both "Measurable" and "Available" to finance expenditures of the fiscal period. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

E. Budgets and Budgetary Accounting:

Although the operating budget was reviewed, Intermediate Service Center No. 2 did not formally adopt a budget for the year ended June 30, 2010 and is not legally required to do so. However, the Illinois State Board of Education requires budgets for certain State and Federal programs. These budgets were used to prepare the Budgetary Comparison Schedule of the Education Fund.

Federal grants administered that have budgets are as follows: Title II – Teacher Quality – Leadership Grant, Title I – School Improvement and Accountability, Title I – Reading First Part B SEA Funds, Learn and Serve America, State Fiscal Stabilization Fund - Government Services, Recovery Act, and State Fiscal Stabilization Fund - Education State Grants, Recovery Act.

State grants administered that have budgets are as follows: Intermediate Service Center Operations, Regional Safe Schools Program, Regional Safe Schools-General State Aid, Teacher Administrators & Mentoring Program, and Gifted Education.

F. Cash and Investments in the Custody of the Township School Treasurer:

The Lyons Township School Treasurer (Treasurer), a separate legal governmental agency, serves as the Treasurer as prescribed by the Illinois School Code and the Illinois Compiled Statutes. In addition to Intermediate Service Center No. 2, the Treasurer serves other districts. Cash from all districts is combined by the Treasurer and excess cash is invested as authorized by law. Because there is no specific identification of investments by individual districts, interest earned on investments is allocated monthly to the various districts based upon their average monthly cash and investment balances. The Treasurer is authorized by state statutes and local ordinances, to invest on behalf of the district in obligations of: U.S. Treasury agencies backed by the full faith and credit of the U.S. Government, certificates of deposit issued by commercial banks and savings and loan associations, and commercial paper rated within the three highest classifications by at least two standard rating services.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

F. Cash and Investments in the Custody of the Township School Treasurer (Continued):

Because all cash and investments are pooled by a separate legal governmental agency (Treasurer) categorization by risk category is not determinable. Further information regarding collateralization of investments and insurance is available from the Treasurer's financial statements. During the year \$5,973 in interest was credited to Intermediate Service Center No. 2.

|   | <u>Carrying<br/>Amount</u> | <u>Bank<br/>Balance</u> |
|---|----------------------------|-------------------------|
| Cash deposits in custody of Center  | \$ <u>14,084</u>           | \$ <u>17,084</u>        |
| Equity in pooled cash and investments of<br>Lyons Township School Treasurer | \$ <u>214,507</u>          | \$ <u>214,507</u>       |

The bank deposits shown above were fully covered by depository insurance.

*Interest Rate Risk.* The Treasurer's investment policy seeks to ensure preservation of capital in the Treasurer's overall portfolio. The safety of principal is the foremost objective of the Treasurer's investment program. The policy requires operating funds to be invested primarily in shorter-term securities, money market mutual funds, or similar investment pools. In addition, the policy requires the Treasurer's investment portfolio to be sufficiently liquid to enable both the Treasurer and the participating districts to meet all operating requirements as they come due.

*Credit Risk.* State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized rating organizations (NRSRO's). The Treasurer's investment policy further minimizes credit risk by pre-qualifying the financial institutions, brokers, dealers, intermediaries, and advisors with which the Treasurer does business. Allowable investments include the following:

- Bonds, notes, certificates of indebtedness, treasury bills, or other securities guaranteed by the full faith and credit of the United States of America.
- Bonds, notes, debentures, or other similar obligations of the United States of America or its agencies.
- Interest bearing savings accounts, certificates of deposit, or time deposits constituting direct obligations of any bank as defined by the Illinois Banking Act.
- Collateralized repurchase agreements which conform to the requirements of section 2(g) or 2(h) of the Illinois Public Funds Investment Act.
- Money market mutual funds registered under the Investment Company Act of 1940.
- Federal Deposit Insurance Corp. (FDIC) banks, short-term discount obligations of the Federal National Mortgage Association, and securities issuable by savings banks or savings and loan associations insured by the FDIC.
- Short-term obligations of corporations (commercial paper) organized in the United States of America with assets exceeding \$500,000,000 and one of the three highest rating classifications of at least two standard services.

3. RETIREMENT FUND COMMITMENTS :

A. Teacher's Retirement System of the State of Illinois :

Intermediate Service Center No. 2 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The State of Illinois maintains the primary responsibility for funding the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the system's administration.

TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher certification is required. The active member contribution rate for the year ended June 30, 2010, was 9.4 percent of creditable earnings. These contributions, which may be paid on behalf of employees by the employer, are submitted to TRS by the employer. The active member contribution rate was also 9.4 percent for the years ended June 30, 2009 and 2008.

The State of Illinois makes contributions directly to TRS on behalf of the Center's TRS-covered employees.

- *On behalf contributions to TRS.* The State of Illinois makes employer pension contributions on behalf of the Center. For the year ended June 30, 2010, State of Illinois contributions were based on 23.38 percent of creditable earnings not paid from federal funds, and the Center recognized revenue and expenditures of \$153,473 in pension contributions that the State of Illinois paid directly to TRS. For the years ended June 30, 2009 and June 30, 2008, the State of Illinois contribution rates as percentages of creditable earnings not paid from federal funds were 17.08 percent (\$120,672) and 13.11 percent (\$85,819), respectively.

Intermediate Service Center No. 2 makes other types of employer contributions directly to TRS.

- *2.2 formula contributions.* Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2010 were \$5,809. Contributions for the years ending June 30, 2009 and June 30, 2008, were \$6,097 and \$6,441, respectively.

3. RETIREMENT FUND COMMITMENTS (Continued):

A. Teacher's Retirement System of the State of Illinois (Continued):

- *Federal and special trust fund contributions*. When TRS members are paid from federal and special trust funds administered by the Center, there is a statutory requirement for the Center to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that was first effective for the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS. For the year ended June 30, 2010, the employer pension contribution was 23.38 percent of salaries paid from federal and special trust funds. For the years ended June 30, 2009 and 2008, the employer contribution was 17.08 and 13.11 percent of salaries paid from federal and special trust funds, respectively. For the year ended June 30, 2010, salaries totaling \$345,131 were paid from federal and special trust funds that required employer contributions of \$80,692. For the years ended June 30, 2009 and June 30, 2008, required Center contributions were \$58,838 and \$59,568, respectively.
- *Early Retirement Option (ERO)*. The Center is also required to make one-time employer contributions to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the age and salary of the member. Public Act 94-0004 made changes in the ERO program that were in effect for all ERO retirements in fiscal years 2008 through 2010. The act increased member and employer contributions and eliminated the waiver of member and employer ERO contributions that had been in effect for members with 34 years of service. Under the current ERO, the maximum employer contribution is 117.5 percent and applies when the member is age 55 at retirement. For the year ended June 30, 2010, the Center paid \$-0- to TRS for employer contributions under the ERO program. For the years ended June 30, 2009 and June 30, 2008, the Center paid \$-0- and \$-0- in employer ERO contributions, respectively.
- *Salary increased over 6 percent and excess sick leave*. Public Act 94-0004 added two additional employer contributions to TRS.

If an employer grants salary increases over 6 percent and those salaries are used to calculate a retiree's final average salary, the employer makes a contribution to TRS. The contribution will cover the difference in actuarial cost of the benefit based on actual salary increases and the benefit based on salary increases of up to 6 percent.

For the year ended June 30, 2010, the Center paid \$-0- to TRS for employer contributions due on salary increases in excess of 6 percent. For the year ended June 30, 2009 and June 30, 2008, the Center paid \$-0- and \$-0- to TRS for employer contributions due on salary increases in excess of 6 percent, respectively.

If an employer grants sick leave days in excess of the normal annual allotment and those days are used as TRS service credit, the employer makes a contribution to TRS. The contribution is based on the number of excess sick leave days used as service credit, the highest salary used to calculate final average salary, and the TRS total normal cost rate (18.55 percent of salary during the year ended June 30, 2010).

For the year ended June 30, 2010, the Center paid \$-0- to TRS for sick leave days granted in the excess of the normal annual allotment. For the year ended June 30, 2009 and June 30, 2008, the Center paid \$-0- and \$-0- in employer contributions granted for sick leave days, respectively.

TRS financial information, an explanation of TRS's benefits, and descriptions of member, employer and state funding requirements can be found in the TRS *Comprehensive Annual Financial Report* for the year ended June 30, 2009. The report for the year ended June 30, 2010, is expected to be available in late 2010. The reports may be obtained by writing to the Teachers' Retirement System of the State of Illinois, P.O. Box 19253, 2815 West Washington Street, Springfield, Illinois 62794-9253. The most current report is also available on the TRS web site at <http://trs.illinois.gov>.

B. Illinois Municipal Retirement Fund:

The IMRF is an agent-multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois.

All employees hired in positions that do not require teacher certification, and that meet or exceed the prescribed annual hourly standard, must be enrolled in IMRF as participating members. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Employees were considered by the Illinois Municipal Retirement Fund to be employees of Riverside Brookfield School District 208 through May, 2004. Effective June 1, 2004, employees are considered by the Illinois Municipal Retirement Fund to be employees of LaGrange Highlands School District #106.

Participating members are required to contribute 4.5% of their salary to IMRF. Intermediate Service Center No. 2 is required to contribute the remaining amounts necessary to fund the IMRF, using the actuarial funding method specified by statute. Information regarding IMRF, including its funding status and progress are available, in the IMRF Comprehensive Annual Financial Report and the published financial statements of Riverside Brookfield School District #208 and LaGrange Highlands School District #106.

However, during the year, Intermediate Service Center No. 2 paid to the School Districts, as their share of the cost for participating employees, the sum of \$128,422.

C. Social Security:

Employees not qualifying for coverage under the Illinois Teacher's Retirement System or the Illinois Municipal Retirement Fund are considered "non-participating employees". These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. Intermediate Service Center No. 2 paid \$71,363, the total required contribution for the current fiscal year.

3. RETIREMENT FUND COMMITMENTS (Continued):

D. Teacher Health Insurance Security Fund:

Intermediate Service Center No. 2 participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multi-employer defined benefit postemployment healthcare plan that was established by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants may participate in the state administered participating provider option plan or choose from several managed care options.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The Illinois Department of Healthcare and Family Services (HFS) and the Illinois Department of Central Management Services (CMS) administer the plan with the cooperation of TRS. The director of HFS determines the rates and premiums for annuitants and dependent beneficiaries and establishes the cost-sharing parameters. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to the TRS who are not employees of the state make contributions to THIS.

The percentage of employer required contributions in the future will be determined by the director of Health Care and Family Services and will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

On-behalf Contributions to THIS Fund

The State of Illinois makes employer retiree health insurance contributions on behalf of Intermediate Service Center No. 2. State contributions are intended to match contributions to THIS Fund from active members which were 0.84 percent of pay during the year ended June 30, 2010. State of Illinois contributions were \$5,514, and Intermediate Service Center No. 2 recognized revenue and expenditures of this amount during the year.

Had Intermediate Service Center No. 2 recognized revenue and expenditures for State contributions intended to match active member contributions during the years ended June 30, 2009 and June 30, 2008, under the current standards, the contribution match would have been .84 percent of pay or \$5,935 and \$5,499 respectively.

Employer Contributions to THIS Fund

Intermediate Service Center No. 2 also makes contributions to THIS Fund. The Center THIS Fund contribution was 0.63 percent during the years ended June 30, 2010, June 30, 2009, and June 30, 2008. For the year ended June 30, 2010, Intermediate Service Center No. 2 paid \$4,135 to the THIS Fund. For the years ended June 30, 2009 and June 30, 2008, the Center paid \$4,451 and \$4,124 to the THIS Fund, respectively, which was 100 percent of the required contribution.

9. NEW ACCOUNTING PRONOUNCEMENTS :

Effective for the year ending June 30, 2010, the Center adopted GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*. This statement establishes standards for the measurement, recognition, and display of OPEB expense/expenditures and related liabilities (assets), note disclosures, and if applicable, required supplementary information (RSI) in the financial reports of state and local governmental employers. There was no significant impact on the Center's financial statements as a result of adopting this statement.

Effective for the year ending June 30, 2010, the Center adopted GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*. This Statement provides guidance on determining the useful life of intangible assets when the length of their life is limited by contractual or legal provisions. If there are no factors that limit the useful life of an intangible asset, the Statement provides that the intangible asset be considered to have an indefinite useful life. Intangible assets with indefinite useful lives should not be amortized unless their useful life is subsequently determined to no longer be indefinite due to a change in circumstances. There was no significant impact on the Center's financial statements as a result of adopting this statement.

Effective for the year ending June 30, 2010, the Center adopted GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. This Statement addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. There was no significant impact on the Center's financial statements as a result of adopting this statement.

Effective for the year ending June 30, 2010, the Center adopted GASB Statement No. 58, *Accounting and Financial Reporting for Chapter 9 Bankruptcies*. The objective of this Statement is to provide accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. It requires governments to remeasure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms (that is, approves) a new payment plan. There was no significant impact on the Center's financial statements as a result of adopting this statement.
