## **FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS**

### **INADEQUATE INTERNAL CONTROL OVER RECEIPTS**

**The Regional Office of Education #4  
had inadequate controls over  
receipts.**

The Regional Office of Education #4 (ROE) had inadequate controls over receipts. During testing of receipts, auditors noted the following:

- 11 of 40 receipts tested (28%), totaling \$82,033, had no documentation when the checks were received. As a result, we were unable to determine whether non-electronic cash receipts were deposited in a timely manner.

Sound internal controls require a policy on timeliness of deposits, either based on dollar threshold or defined timeframe, from the date of receipt. There should be documentation of the date when cash and checks are received. Supporting documentation should be maintained for receipt transactions.

ROE officials indicated the exceptions noted above relate primarily to miscellaneous receipts (principally those received non-electronically) and not necessarily all cash receipts. The exceptions noted were due primarily to oversight. (Finding 2022-001, pages 11-12) **This finding was first reported in 2019.**

The auditors recommended ROE 4 should maintain adequate documentation to ensure cash receipts are deposited in a timely manner and receipts are properly supported.

**ROE Response:** *When this matter was called to management's attention in May 2024 (as part of the audit of fiscal year 2019), management promptly implemented improved procedures regarding miscellaneous cash receipts including improved documentation and standards for prompt deposit to the bank. We believe our improved procedures have addressed the concerns of this finding.*

### **INADEQUATE CONTROLS OVER BANK RECONCILIATION PROCESS**

**The Regional Office of Education #4  
had inadequate controls over the  
bank reconciliation process.**

The Regional Office of Education #4 (ROE) had inadequate controls over the bank reconciliation process.

The ROE maintains 11 bank accounts. Auditors tested 3 of 11 (27%) bank accounts and reviewed their monthly reconciliations and noted the following:

- 6 of 36 (17%) monthly bank reconciliations were prepared 6 to 47 days late.

Effective internal control policies require complete and accurate accounting records of all transactions of the entity. Sound internal controls require bank reconciliations to be performed accurately and promptly, no later than the end of the following month. Reconciling items should be investigated immediately, and adjustments made to the general ledger. Bank reconciliations should also be reviewed and approved by a person independent of the preparer in a timely manner.

ROE officials indicated the exceptions noted above were due to the volume of accounts, and lack of sufficient staff. (Finding 2022-002, pages 13-14) **This finding was first reported in 2019.**

The auditors recommended the ROE should prepare monthly bank reconciliations no later than the end of the following month.

**ROE Response:** *The ROE has taken steps to reduce the number of cash bank accounts necessary for the organization and has also placed a higher priority on the timely completion of monthly bank reconciliations. When this matter was called to management's attention in May 2024 (as part of the audit of fiscal year 2019), management took prompt steps to assure that all bank reconciliations since that time were begun timely, and to assure that all reconciling items were identified by the end of the following month. In most cases, all reconciling items are also resolved in that timeframe or shortly thereafter. This allows for timely final completion of the bank reconciliations.*

#### **DELAY OF AUDIT**

**The Regional Office of Education #4 did not provide completed financial statements in an auditable form by the August 31 deadline.**

The Regional Office of Education #4 (ROE) did not provide completed financial statements in an auditable form by the August 31st deadline. The June 30, 2021, audit was not released until October 15, 2025. The completed June 30, 2022, financial statements were provided to auditors on July 2, 2025.

The ROE is subject to 105 ILCS 5/2-3.17a which requires the Auditor General's office to cause an audit to be made, as of June 30th of each year, of the financial statements of all accounts, funds and other moneys in the care, custody or control of the regional superintendent of schools of each educational service region in the State and of each educational service center established in the School Code. The audit is to be conducted in accordance with Generally Accepted Government Auditing Standards. The ROE may utilize a cash basis, modified cash basis, or generally accepted accounting principles (GAAP) basis of accounting to prepare the financial statements for audit. The ROE has chosen the cash basis of accounting for financial reporting.

In accordance with 105 ILCS 5/2-3.17a, the Auditor General has promulgated administrative rules and regulations to govern this process. Those rules, 74 Ill. Adm. Code 420.320 (c) (2), state that for audit purposes, each regional office of education and educational service center shall make available to the Auditor General or his designee all books and records deemed necessary to make and complete the required audits. The records shall be in auditable form by August 15th of the succeeding fiscal year. Financial reports are to be available no later than August 31st in order for the annual audit to be completed by an independent auditor selected by the Auditor General. In addition, prudent business practices and transparency require timely preparation and completion of financial statements.

Regional Office officials indicated that the initial delays that affected earlier years related to internal personnel issues and software program changes that caused the office to experience difficulty in providing information by the required timeline. Since those initial causes have been largely resolved, the ROE has experienced delays in the preparation of the financial statements and schedules which contributed to an inability to get caught up. (Finding 22-003, pages 15-16) **This finding was first reported in 2016.**

The auditors recommended that the ROE should implement procedures to ensure compliance with 105 ILCS 5/2-3.17a and 74 Ill. Adm. Code 420.320 (c) (2). These financial statements need to be presented to the Auditor General's independent auditors for audit by the August 31<sup>st</sup> deadline.

**ROE Response:** *The ROE changed to the cash basis of accounting (as was previously recommended), which has simplified both the financial statement presentation and the process to prepare the financial statements and schedules. An outside Certified Public Accounting firm continues to be engaged to better prepare all financial statements and schedules necessary for audit. Importantly, the ROE has been actively pursuing an accelerated schedule of past due audits so that this matter may be fully resolved without significant further delay. This is the third year of audited financial statements to be completed and issued in the most recent ten months. The Illinois Auditor General has been cooperating with this accelerated schedule of audits.*

### **AUDITORS' OPINION**

Our auditors state the Regional Office of Education #4's financial statements as of June 30, 2022 are fairly stated in all material respects.

This financial audit was conducted by the firm of Adelfia, LLC.
