INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino Auditor General State of Illinois

Report on the Audit of the Financial Statements

Opinions

As Special Assistant Auditors for the Auditor General, we have audited the cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Grundy and Kendall Counties Regional Office of Education No. 24, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Grundy and Kendall Counties Regional Office of Education No. 24's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Grundy and Kendall Counties Regional Office of Education No. 24, as of June 30, 2024, and the respective changes in financial position – cash basis thereof for the year then ended in accordance with the cash basis of accounting described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* (GAS), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Grundy and Kendall Counties Regional Office of Education No. 24 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter — Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1, and for determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Grundy and Kendall Counties Regional Office of Education No. 24's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Grundy and Kendall Counties Regional Office of Education No. 24's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole that collectively comprise the Grundy and Kendall Counties Regional Office of Education No. 24's basic financial statements. The cash basis combining schedules of cash receipts, disbursements, and changes in cash and cash equivalents and the budgetary comparison schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the cash basis combining schedules of cash receipts, disbursements, and changes in cash and cash equivalents and the budgetary comparison schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole, on the cash basis of accounting described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 8, 2025, on our consideration of the Grundy and Kendall Counties Regional Office of Education No. 24's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Grundy and Kendall Counties Regional Office of Education No. 24's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Grundy and Kendall Counties Regional Office of Education No. 24's internal control over financial reporting and compliance.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino Auditor General State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Grundy and Kendall Counties Regional Office of Education No. 24, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Grundy and Kendall Counties Regional Office of Education No. 24's basic financial statements, and have issued our report thereon dated January 8, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Grundy and Kendall Counties Regional Office of Education No. 24's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Grundy and Kendall Counties Regional Office of Education No. 24's internal control. Accordingly, we do not express an opinion on the effectiveness of the Grundy and Kendall Counties Regional Office of Education No. 24's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as item 2024-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Grundy and Kendall Counties Regional Office of Education No. 24's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Grundy and Kendall Counties Regional Office of Education No. 24's Response to the Finding

Government Auditing Standards requires the auditor to perform limited procedures on the Grundy and Kendall Counties Regional Office of Education No. 24's response to the finding identified in our audit and described in the accompanying Schedule of Findings and Responses. Grundy and Kendall Counties Regional Office of Education No. 24's response was not subjected to other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Grundy and Kendall Counties Regional Office of Education No. 24's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Grundy and Kendall Counties Regional Office of Education No. 24's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Section II – Financial Statement Findings

FINDING NO. 2024-001 - Controls over Financial Statement Preparation (Repeat from Finding 2023-002)

Criteria/Specific Requirement:

The Regional Office of Education No. 24 is required to maintain a system of controls over the preparation of financial statements in accordance with the cash basis of accounting. The Regional Office's internal controls over financial reporting should include adequately trained personnel with the knowledge, skills, and expertise to prepare and/or thoroughly review cash-basis financial statements to ensure that they are free of material misstatements and include all disclosures as required by the cash basis of accounting.

Condition:

The Regional Office does not have sufficient internal controls over the financial reporting process. While the Regional Office maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the cash-basis financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect and correct financial statement misstatements and disclosure errors and omissions in a timely manner. The Regional Office's draft financial statements needed a material adjustment to the Institute fund in order to present the financial statements in accordance with the cash basis of accounting.

Effect:

Management or employees in the normal course of performing their assigned functions may not prevent or detect and correct financial statement misstatements and disclosure errors or omissions in a timely manner. During the review of the financial statements, the auditors noted that the revenues and expenses for the Institute fund were both overstated by the same amount.

Cause:

A grouping issue in the drafting of the financial statement accounts caused the revenue and expenses to be overstated.

Recommendation:

As a part of its internal control over the preparation of financial statements, including disclosures, the Regional Office of Education No. 24 should implement comprehensive preparation and/or review procedures to ensure that the financial statements, including disclosures, are complete and accurate. These procedures should be performed by a properly trained individual(s) possessing a thorough understanding of applicable accounting principles and knowledge of the Regional Office of Education's activities and operations.

Management's Response:

The ROE financial team met with the CPA firm that prepares the financial statements. All parties understand the process that needs to be taken to ensure that the financial statements, including disclosures, are complete and accurate.

FINDING NO. 2024-001 - Controls over Financial Statement Preparation

Condition:

The Regional Office does not have sufficient internal controls over the financial reporting process. While the Regional Office maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the cash-basis financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect and correct financial statement misstatements and disclosure errors and omissions in a timely manner. The Regional Office's draft financial statements needed a material adjustment to the Institute fund in order to present the financial statements in accordance with the cash basis of accounting.

Plan:

The ROE financial team has noted the process that needs to take place for the next fiscal year.

Government-wide and Fund Financial Statements

A. Government-wide Financial Statement

The government-wide financial statement (i.e., Cash Basis Statement of Activities and Net Position) reports information on all of the nonfiduciary activities of the Regional Office of Education No. 24. Other items not properly included among program receipts are reported instead as general receipts.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Regional Office of Education No. 24 records on-behalf payments made by Grundy and Kendall Counties and the State as receipts and disbursements.

Under the terms of grant agreements, the Regional Office of Education No. 24 funds certain programs by a combination of specific cost-reimbursement grants and general receipts. Thus, when program disbursements are paid, there are both restricted and unrestricted cash basis net position available to finance the program. It is the Regional Office of Education No. 24's policy to first apply cost-reimbursement grant resources to such programs and then general receipts.

When a reimbursement in governmental funds can be paid using either restricted or unrestricted resources, the Regional Office of Education No. 24's policy is generally to first apply the disbursement toward restricted fund balance and then to unrestricted classification, committed, assigned, and then unassigned fund balances.

Proprietary funds distinguish operating receipts and disbursements from nonoperating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating receipts of the Regional Office of Education No. 24's enterprise fund are charges to customers for sales and services. Operating disbursements for the enterprise fund include the cost of sales and services, and administrative expenses. All receipts and disbursements not meeting this definition are reported as nonoperating receipts and disbursements.

Cash and Cash Equivalents

The Regional Office of Education No. 24 considers cash on hand, checking accounts, savings accounts, and investments held with an original maturity date of 90 days or less to be cash and cash equivalents. State regulations require that Regional Office of Education No. 24 deposit funds under its control into accounts insured by the federal governments, accounts secured by substantial collateral, or pooled investment trusts. All funds not needed for immediate disbursement are maintained in interest bearing accounts.

Statutes authorize the Regional Office of Education No. 24 to make deposits or invest in obligations of states and their political subdivisions, savings accounts, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds Money Market Fund.

Repayments from funds responsible for particular disbursements to the funds that initially paid for them are not presented in the financial statements.

Teachers' Retirement System of the State of Illinois

Plan Description

The Regional Office of Education No. 24 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at http://www.trsil.org/financial/acfrs/fy2023; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

6. RETIREMENT FUND COMMITMENTS (Continued)

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 member to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the State of Illinois.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

6. RETIREMENT FUND COMMITMENTS (Continued)

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2023, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the Regional Office of Education No. 24.

On-behalf contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the Regional Office of Education No. 24. For the year ended June 30, 2024, State of Illinois contributions recognized by the Regional Office of Education No. 24 were based on the State's proportionate share of the pension expense associated with the Regional Office of Education No. 24, and the Regional Office of Education No. 24 recognized revenue and expenditures of \$322,720 in pension contributions from the State of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2024 were \$2,381.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the Regional Office of Education No. 24, there is a statutory requirement for the Regional Office of Education No. 24 to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the State contribution rate to TRS and were much higher.

For the year ended June 30, 2024, the employer pension contribution was 10.60 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2024, no contributions were required for salaries made from federal and special trust funds.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The Regional Office of Education No. 24 is required to make a one-time

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2024, the Regional Office of Education No. 24 did not make any employer contributions to TRS for employer contributions due on salary increases in excess of 6 percent or for sick leave days granted in excess of the normal annual allotment.

Illinois Municipal Retirement Fund

IMRF Plan Description

The Regional Office of Education No. 24's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education No. 24's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multiple employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024

6. RETIREMENT FUND COMMITMENTS (Continued)

Employees hired **on or after** January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

The Regional Office of Education No. 24's annual contribution rate for calendar year 2023 was 0.87%. For fiscal year 2024, the Regional Office of Education No. 24 contributed \$9,577 to the plan. The Regional Office of Education No. 24 also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

7. OTHER POST EMPLOYMENT BENEFITS

Teachers' Health Insurance Security Fund

Plan Description

The Regional Office of Education No. 24 participates in the Teacher's Health Insurance Security (THIS) Fund. The THIS Fund is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. The THIS Fund is a cost-sharing multiple-employer defined benefit postemployment healthcare plan that covers retired employees of participating employers throughout the State of Illinois, excluding the Chicago Public School System. THIS health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. As a result of the Governor's Executive Order 12-01, the responsibilities in relation to THIS were transferred to the Department of Central Management Services (CMS) as of July 1, 2013. The CMS administers the plan with the cooperation of the TRS.

Benefits Provided

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by CMS with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 required all active contributors to TRS who are not employees of the State to make a contribution to the THIS Fund.

A percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

On-Behalf Contributions to the THIS Fund

The State of Illinois makes employer retiree health insurance contributions on behalf of the Regional Office of Education No. 24. For the year ended June 30, 2023, State of Illinois contributions recognized by the Regional Office of Education No. 24 were based on the State's proportionate share of the collective net OPEB liability associated with the Regional Office of Education No. 24, and recognized receipts and disbursements of \$70,868 in OPEB benefit from the State of Illinois.
