Independent Auditors' Report

Honorable William G. Holland Auditor General State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Logan, Mason and Menard Counties Regional Office of Education No. 38, as of and for the year ended June 30, 2011, which collectively comprise the Logan, Mason and Menard Counties Regional Office of Education No. 38's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Logan, Mason and Menard Counties Regional Office of Education No. 38's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Logan, Mason and Menard Counties Regional Office of Education No. 38, as of June 30, 2011, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Regional Office of Education #38 adopted GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* during the year ended June 30, 2011. The statement changed the classifications of governmental fund balances and clarified the definitions of existing fund types. The adoption of this statement had no effect on any of the Regional Office of Education #38's governmental funds' assets or liabilities nor was there any effect to the total amount of any of the Regional Office of Education #38's governmental fund balances as of and for the year ended June 30, 2011.

In accordance with *Government Auditing Standards*, we have also issued a report dated May 16, 2012 on our consideration of the Logan, Mason and Menard Counties Regional Office of Education No. 38's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe

the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and Illinois Municipal Retirement Fund Schedule of Funding Progress on pages 15 through 21 and 44 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Logan, Mason and Menard Counties Regional Office of Education No. 38's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules, and Schedule of Disbursements to School District Treasurers and Other Entities – Distributive Fund are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules, and Schedule of Disbursements to School District Treasurers and Other Entities – Distributive Fund are presented for purposes of additional nonmajor fund financial statements, budgetary comparison schedules, and Schedule of Disbursements to School District Treasurers and Other Entities – Distributive Fund have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Honorable William G. Holland Auditor General State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Logan, Mason and Menard Counties Regional Office of Education No. 38, as of and for the year ended June 30, 2011, which collectively comprise the Logan, Mason and Menard Counties Regional Office of Education No. 38's basic financial statements and have issued our report thereon dated May 16, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Logan, Mason and Menard Counties Regional Office of Education No. 38 is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Logan, Mason and Menard Counties Regional Office of Education No. 38's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Logan, Mason and Menard Counties Regional Office of Education No. 38's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Logan, Mason and Menard Counties Regional Office of Education No. 38's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Logan, Mason and Menard Counties Regional Office of Education No. 38's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Logan, Mason and Menard Counties Regional Office of Education No. 38's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Logan, Mason and Menard Counties Regional Office of Education No. 38's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in the internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings and Responses, we identified certain a certain deficiency in internal control over financial reporting that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement

of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in finding 11-1 in the accompanying Schedule of Findings and Responses to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Logan, Mason and Menard Counties Regional Office of Education No. 38's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also noted a certain matter which we have reported to management of the Logan, Mason and Menard Counties Regional Office of Education No. 38 in a separate letter dated May 16, 2012.

The Logan, Mason and Menard Counties Regional Office of Education No. 38's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Responses. We did not audit Logan, Mason and Menard Counties Regional Office of Education No. 38's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, agency management, others within the entity, and Illinois State Board of Education, and is not intended to be and should not be used by anyone other than these specified parties.

SECTION II – FINANCIAL STATEMENT FINDINGS

FOR THE YEAR ENDED JUNE 30, 2011

Finding No. 11-1 – Internal Control Over Financial Statement Preparation. (Repeated from Finding 10-1; 09-1; 08-1; 07-3)

Criteria/Specific Requirement:

The Logan, Mason and Menard Counties Regional Office of Education No. 38 is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP). Regional Office internal controls over GAAP financial reporting should include adequately trained personnel with the knowledge and expertise to prepare and/or thoroughly review GAAP based financial statements to ensure they are free of material misstatements and include all disclosures as required by the Governmental Accounting Standards Board (GASB).

Condition:

The Logan, Mason and Menard Counties Regional Office of Education No. 38 does not have sufficient internal controls over the financial reporting process. The Regional Office maintains their accounting records on the cash basis of accounting. While the Regional Office maintains controls over the processing of most accounting transactions, there are not sufficient controls over the preparation of the GAAP based financial statements for management or employees in the normal course of performing their assigned functions to prevent or detect financial statement misstatements and disclosure omissions in a timely manner. For example, auditors, in their review of the Regional Office's accounting records, noted the following:

- Numerous adjustments were required to present financial statements in accordance with GAAP.
- The financial statements did not contain disclosures as required by GAAP.

Effect:

Management or employees in the normal course of performing their assigned functions may not prevent or detect financial statement misstatements and disclosure omissions in a timely manner.

Cause:

Regional Office officials stated they were aware of their responsibility to properly prepare financial statements in accordance with GAAP and are taking steps to ensure they are prepared on a timely basis.

SCHEDULE OF FINDINGS AND RESPONSES

SECTION II – FINANCIAL STATEMENT FINDINGS

FOR THE YEAR ENDED JUNE 30, 2011

Finding No. 11-1 – Internal Control Over Financial Statement Preparation. (Repeated from Finding 10-1; 09-1; 08-1; 07-3) Continued

Recommendation:

As part of its internal control over the preparation of its financial statements, including disclosures, the Logan, Mason and Menard Counties Regional Office of Education No. 38 should implement a comprehensive preparation and/or review procedure to ensure the financial statements, including disclosures, are complete and accurate. Such procedures should be performed by a properly trained individual(s) possessing a thorough understanding of GAAP, GASB pronouncements, and knowledge of the Regional Office of Education's activities and operations.

Agency Response:

The Logan, Mason and Menard Counties Regional Office of Education No. 38 understands the nature of this finding and realizes that this circumstance is not unusual in an organization of this size. Logan, Mason and Menard Counties Regional Office of Education No. 38 management is currently confident with the abilities of the accounting staff to prepare cash basis financial information as needed for reporting throughout the year. Management will review year-end reporting controls annually and investigate the cost of training staff to reach an appropriate level of expertise to do a comprehensive preparation and/or review of financial statements. Management will pursue additional training when it is considered cost beneficial, since training costs would take away from the funds available to provide educational services for the schools in the region.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED JUNE 30, 2011

The Logan, Mason and Menard Counties Regional Office of Education No. 38 provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2011. We encourage readers to consider this information in conjunction with the Agency's financial statements, which follow.

During fiscal year 2011 the Logan, Mason and Menard Counties Regional Office of Education No. 38 implemented Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which required certain programs and funds to be reclassified and the restatement of beginning fund balances as detailed in Note 2 to the financial statements. Because of these reclassifications the fund analysis is not comparable between fiscal year 2010 and fiscal year 2011.

2011 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$367,155 in fiscal year 2010 to \$383,502 in fiscal year 2011, and the General Fund expenditures increased from \$372,566 in fiscal year 2010 to \$384,204 in fiscal year 2011. The Logan, Mason and Menard Counties Regional Office of Education No. 38 experienced an increase in the General Fund's fund balance from \$41,068 in fiscal year 2010 to \$51,100 in fiscal year 2011.
- The increase in General Fund revenues was attributable to an increase in the recognition of onbehalf payments. The increase in General Fund expenditures was primarily due to an increase in salaries, employee benefits, and on-behalf payments.
- Education Fund revenues decreased from \$130,732 in fiscal year 2010 to \$83,511 in fiscal year 2011, and the Education Fund expenditures increased from \$95,058 in fiscal year 2010 to \$102,770 in fiscal year 2011. The Education Fund's fund balance experienced a decrease from \$36,672 in fiscal year 2010 to \$17,414 in fiscal year 2011 due to decrease in state sources.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Agency's financial activities.
- The Government-wide financial statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of the Logan, Mason and Menard Counties Regional Office of Education No. 38 as a whole and present an overall view of the Agency's finances.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

FOR THE YEAR ENDED JUNE 30, 2011

USING THIS ANNUAL REPORT CONTINUED

- The fund financial statements tell how governmental services were financed in the short-term, as well as what remains for future spending. Fund financial statements report the Agency's operations in more detail than the government-wide statements by providing information about the most significant funds.
- Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.
- Supplemental Information further explains and supports the financial statements with a comparison of the Agency's detailed information for each category of funds and provides detailed information about the nonmajor funds.

REPORTING THE OFFICE AS A WHOLE

The Statement of Net Assets and the Statement of Activities

The Government-wide statements report information about the Logan, Mason and Menard Counties Regional Office of Education No. 38 as a whole using accounting methods similar to those used by private sector companies. The Statement of Net Assets includes all of the Agency's assets and liabilities. All of the current year revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two Government-wide statements report the Agency's net assets and how they have changed. Net assets – the difference between the assets and liabilities – are one way to measure the Agency's financial health or position.

- Over time, increases or decreases in the net assets can be an indicator of whether financial position is improving or deteriorating, respectively.
- To assess the Agency's overall health, additional non-financial factors, such as new laws, rules, regulations, and actions by officials at the state level need to be considered.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

FOR THE YEAR ENDED JUNE 30, 2011

Fund Financial Statements

The fund financial statements provide detailed information about the Agency's funds, focusing on its most significant or "major" funds. Funds are accounting devices, which allow the tracking of specific sources of funding and spending on particular programs. State law requires the establishment of funds. The Logan, Mason and Menard Counties Regional Office of Education No. 38 established other funds to control and manage money for particular purposes.

The Agency has two kinds of Fund classifications:

- 1) Governmental funds account for all the Agency's services. These focus on how cash, and other financial assets that can be readily converted to cash, flow in and out and the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer resources that can be spent in the near future to finance the Agency's programs. The Agency's Governmental Funds include the General Fund and the Special Revenue Funds. The required financial statements for Governmental Funds include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balance.
- 2) Fiduciary Funds account for services for which the Logan, Mason and Menard Counties Regional Office of Education No. 38 acts as a fiscal agent for individuals and private or governmental organizations. The fiduciary funds' required financial statements include a Statement of Fiduciary Net Assets.

A summary reconciliation between the Government-wide financial statements and the fund financial statements is included in the fund financial statements.

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of financial position. The Logan, Mason and Menard Counties Regional Office of Education No. 38's net assets at the end of fiscal year 2011 totaled \$194,854. At the end of fiscal year 2010, the net assets were \$223,637. The analysis that follows provides a summary of the Agency's net assets at June 30, 2011 and 2010 for governmental activities.

FOR THE YEAR ENDED JUNE 30, 2011

Economic Factors and Next Year's Budget

At the time these financial statements were prepared and audited, the Agency was aware of several existing circumstances that could significantly affect its financial health in the future:

- The interest rate on investments remains low and will continue to impact interest earned.
- Payments from fiscal year 2011 are still outstanding and fiscal year 2011 funding has been further decreased by an additional 20%. The Agency did not receive a Truancy Grant for fiscal year 2012. They are currently trying to obtain minimal funding from the districts under their supervision in order to maintain a basic program for this year.
- The Homeless Program was the same in fiscal year 2011, however the grant award should have not been announced for the 2011/2012 school year.
- The rising cost of supplies and personnel is not being met by the proposed funding from the State and local sources.
- Programs are being operated only on funds received, as the Agency cannot afford to obligate or expend funds that may never be received or that may be several months late.
- School services funding was vetoed by the Governor in the States fiscal year 2012 budget.
- Supervisory money, although statutory, was not provided in fiscal year 2011 and it is unavailable to Agencies in fiscal year 2012 as well.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2011

1. Organization Description

The Logan, Mason and Menard Counties Regional Office of Education No. 38 was formed under the provisions of the State of Illinois, Illinois Board of Education.

In 2011, the Logan, Mason and Menard Counties Regional Office of Education No. 38 implemented GASB Statement No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions*, GASB Statement No. 59 *Financial Omnibus*, and GASB Statement No. 62 *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The ROE implemented these standards during the current year; however, GASB Statement No. 59 and 62 had no impact on the financial statements. The implementation of GASB Statement No. 54 changed fund balance reporting for governmental funds by adding some additional fund balance classifications, clarifying governmental fund type definitions, and providing additional disclosures on how fund balance constraints are imposed and may be modified or eliminated.

The Logan, Mason, and Menard Counties Regional Office of Education No. 38 is an entity that is a result of two Educational Service Regions becoming a Regional Office of Education as of August 1, 1979. The Logan/Mason/Menard Counties Regional Office of Education No. 38 operates under the School Code (105 ILCS 5/3 and 5/3A). The Logan, Mason and Menard Counties Regional Office of Education No. 38 encompasses Logan, Mason, and Menard Counties, Illinois. A Regional Superintendent of Schools serves as Chief Administrative Officer of the Logan, Mason and Menard Counties Regional Office of Education No. 38 and is elected pursuant to 105 ILCS 5/3 and 5/3A of the School Code.

The Regional Superintendent is charged with responsibility for township fund lands; examinations and related duties; visitation of public schools; direction of teachers and school officers; to serve as the official advisor and assistant of school officers and teachers; to conduct teachers institutes as well as to aid and encourage the formation of other teacher meetings and assist their management; evaluate the schools in the region; examine evidence of indebtedness; file and keep the returns of elections required to be returned to the Regional Superintendent's office; and file and keep the reports and statements returned by school treasurers and trustees.

The Regional Superintendent is also charged with the responsibilities of conducting a special census, when required; providing notice of money distributed to treasurers, board presidents, clerks, and secretaries of the school districts on or before September 30; maintenance of a map and numbering of the Logan, Mason and Menard Counties Regional Office of Education No. 38's districts; to inspect and approve building plans which comply with State laws; to perform and report on annual building inspections; investigate bus drivers for valid bus driver permits and take related actions as may be required; to maintain a list of unfilled teaching positions and carry out other related duties required or permitted by law.

NOTES TO FINANCIAL STATEMENTS (Continued)

FOR THE YEAR ENDED JUNE 30, 2011

1. Organization Description (Continued)

The Regional Superintendent is also required to provide the State Board of Education with an affidavit showing that the treasurers of school districts within the region are properly bonded.

The Regional Superintendent is also responsible for apportionment and payments of funds received from the State for the districts in the region, or see that no payments are made unless the treasurer has filed or renewed appropriate bond and that the district has certified publication of the annual financial report. 2. Summary of Significant Accounting Policies

b. Basis of Presentation

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e. Statement of Net Assets and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effects of interfund activity have been removed from these statements. Governmental activities include programs supported by State and Federal grants and other intergovernmental revenues.

The Logan, Mason and Menard Counties Regional Office of Education No. 38's government-wide financial statements include a Statement of Net Assets and a Statement of Activities. These statements present summaries of governmental activities for the Logan, Mason and Menard Counties Regional Office of Education No. 38 accompanied by a total column. These statements are presented on an "economic resources" measurement focus as prescribed by GASB Statement No. 34. All of the Logan, Mason and Menard Counties Regional Office of Education No. 38's assets and liabilities, including capital assets, are included in the accompanying Statement of Net Assets. The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges for services, and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Other items not properly included among program revenues are reported instead as general revenues.

FOR THE YEAR ENDED JUNE 30, 2011

2. Summary of Significant Accounting Policies (Continued)

b. Basis of Presentation (Continued)

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as payables, receivables and transfers. Interfund activities between governmental funds appear as due to/due from on the governmental fund Balance Sheet and as other sources and uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances. All interfund transactions between governmental funds are eliminated on the government-wide financial statements. All internal balances in the Statement of Net Assets have been eliminated.

Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain differences in fund balances and changes in fund balances as presented in these statements to the net assets and changes in net assets presented in the government-wide financial statements.

The governmental fund financial statements have been prepared in accordance with generally accepted accounting principles on the modified accrual basis. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for prepaid expenses and other long-term obligations, which are recognized when paid.

c. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

<u>NOTES TO FINANCIAL STATEMENTS</u> (Continued)

FOR THE YEAR ENDED JUNE 30, 2011

2. Summary of Significant Accounting Policies (Continued)

c. Measurement Focus and Basis of Accounting (Continued)

The governmental funds financial statements focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balances (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during the period.

Revenues are considered available if they are collected within 60 days of the end of the current fiscal year. Revenues received more than 60 days after the end of the current period are deferred in the governmental fund financial statements, but are recognized as current revenues in the government-wide financial statements.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Logan, Mason and Menard Counties Regional Office of Education No. 38, therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually recoverable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenue at the time of receipt or earlier if the susceptible to accrual criteria are met.

Under the terms of grant agreements, the Logan, Mason and Menard Counties Regional Office of Education No. 38 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and urestricted funding resources available to finance the program. It is the Logan, Mason and Menard Counties Regional Office of Education No. 38's policy to first apply restricted funds, then unrestricted. For unrestricted funds, committed funds are used first, then assigned funds, then unassigned if any.

d. Fund Accounting

The Logan, Mason and Menard Counties Regional Office of Education No. 38 uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Logan, Mason and Menard Counties Regional Office of Education No. 38 uses governmental and fiduciary funds.

d. Fund Accounting (Continued)

Governmental Funds

Governmental funds are those through which most governmental functions typically are reported. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as a fund balance.

As prescribed by GASB 34, governmental fund reporting focuses on the major funds, rather than fund type. There is a two-step process for determining if a fund should be reported as a major fund: (1) total assets, liabilities, revenues or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 10% of the corresponding total for the fund type, and (2) total assets, liabilities, revenues or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 5% of the corresponding total for the total of all governmental and proprietary funds combined. Funds that do not meet the major fund determination requirements are reported in aggregate as nonmajor funds. The Logan, Mason and Menard Counties Regional Office of Education No. 38 has presented all major funds that meet the above qualifications.

The Logan, Mason and Menard Counties Regional Office of Education No. 38 reports the following major governmental funds:

General Fund – The General Fund is the general operating fund of the Logan, Mason and Menard Counties Regional Office of Education No. 38. It is used to account for all financial resources in the Region except those required to be accounted for in other funds. General funds include the following:
