INTRODUCTION

This digest covers our financial audit of the Judges' Retirement System, State of Illinois (System) for the year ended June 30, 2013. A compliance examination report covering the year ending June 30, 2013 will be issued in a separate report at a later date.

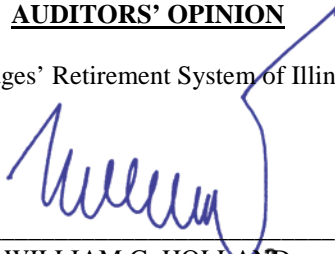

FUNDED RATIO

The actuarial accrued liability was valued at \$2,156.8 million at June 30, 2013. The actuarial value of assets (at smoothed value) totaled approximately \$610.2 million at June 30, 2013. The method for determining the actuarial value of the assets was changed beginning with the June 30, 2009 valuation from the market value to a smoothed value where the actuarial investment gains or losses for each year are recognized in equal amounts over the ensuing five-year period.

The difference between the actuarial accrued liability and the actuarial value of assets of \$1,546.6 million reflects the unfunded liability of the System at June 30, 2013. The System had a funded ratio (at smoothed value) of 28.3% at June 30, 2013. When using the market value, the System would have had a funded ratio of 29.8% at June 30, 2013.
