Independent Accountant's Report on State Compliance and on Internal Control Over Compliance

Honorable William G. Holland Auditor General State of Illinois

Compliance

As Special Assistant Auditors for the Auditor General, we have examined the State of Illinois (State), Office of the Treasurer, Fiscal Officer Responsibilities' (the Treasurer) compliance with the requirements listed below, as more fully described in the Audit Guide for Financial Audits and Compliance Attestation Engagements of Illinois State Agencies (Audit Guide) as adopted by the Auditor General, during the year ended June 30, 2014. The management of the Treasurer is responsible for compliance with these requirements. Our responsibility is to express an opinion on the Treasurer's compliance based on our examination.

- A. The Treasurer has obligated, expended, received, and used public funds of the State in accordance with the purpose for which such funds have been appropriated or otherwise authorized by law.
- B. The Treasurer has obligated, expended, received, and used public funds of the State in accordance with any limitations, restrictions, conditions or mandatory directions imposed by law upon such obligation, expenditure, receipt or use.
- C. The Treasurer has complied, in all material respects, with applicable laws and regulations, including the State uniform accounting system, in its financial and fiscal operations.
- D. State revenues and receipts collected by the Treasurer are in accordance with applicable laws and regulations and the accounting and recordkeeping of such revenues and receipts is fair, accurate and in accordance with law.
- E. Money or negotiable securities or similar assets handled by the Treasurer on behalf of the State or held in trust by the Treasurer have been properly and legally administered and the accounting and recordkeeping relating thereto is proper, accurate, and in accordance with law.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants; the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the Illinois State Auditing Act (Act); and the Audit Guide as adopted by the Auditor General pursuant to the Act; and, accordingly, included examining, on a test basis, evidence about the Treasurer's compliance with those requirements listed in the first paragraph of this report and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Treasurer's compliance with specified requirements.

In our opinion, the Treasurer complied, in all material respects, with the compliance requirements listed in the first paragraph of this report during the year ended June 30, 2014. However, the results of our procedures disclosed an instance of noncompliance with the requirements, which are required to be reported in accordance with criteria established by the Audit Guide, issued by the Illinois Office of the Auditor General and which are described in the accompanying schedule of findings as item 2014-001.

Internal Control Over Compliance

Management of the Treasurer is responsible for establishing and maintaining effective internal control over compliance with the requirements listed in the first paragraph of this report. In planning and performing our examination, we considered the Treasurer's internal control over compliance with the requirements listed in the first paragraph of this report to determine the examination procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Audit Guide, issued by the Illinois Office of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of the Treasurer's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Treasurer's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with the requirements listed in the first paragraph of this report on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a requirement listed in the first paragraph of this report will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings as item 2014-001 that we consider to be a significant deficiency.

There were no immaterial findings that have been excluded from this report.

The Treasurer's response to the finding identified in our examination is described in the accompanying schedule of findings. We did not examine the treasurer's response and, accordingly, we express no opinion on the response.

This report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the State Treasurer and Treasurer management and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Honorable William G. Holland Auditor General State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the State of Illinois, Office of the Treasurer, Fiscal Officer Responsibilities (the Treasurer), as of and for the year ended June 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated December 12, 2014. As described in Note B of the financial statements, the financial statements are prepared by the Treasurer on the basis of the financial reporting provisions determined by the Office of the Illinois State Comptroller, which is a basis of accounting other than accounting principles generally accepted in the United States of America to meet the requirements of the State of Illinois. Our opinion was not modified with respect to this matter.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Treasurer's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Treasurer's internal control. Accordingly, we do not express an opinion on the effectiveness of the Treasurer's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Treasurer's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Treasurer's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Treasurer's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Current Finding (State Compliance)

Finding 2014 – 001 Annual Report to the Governor Not Filed Timely

The Illinois Office of the Treasurer (Treasurer) did not present the required annual report to the Governor on a timely basis.

The State Treasurer Act (15 ILCS 505/15) states (with regards to the Treasurer), "He shall also make out and present to the Governor, at least ten days before each regular session of the General Assembly, a full report of all moneys by him received and paid out, and also a general account of all the business of his office." Additionally, the Fiscal Control and Internal Auditing Act (30 ILCS 10/3001) requires all State agencies to establish and maintain a system, or systems, of internal fiscal and administrative controls, including controls to ensure compliance with statutory mandates.

The General Assembly session starts in January of each year and the Treasurer's Office provides information for the prior calendar year to comply with the statutory requirement outlined above. The annual reports for the 2012 and 2013 calendar years were late as follows.

- The annual report for calendar year 2012 was submitted to the Governor on July 28th, 2014, which was approximately 574 days late.
- The annual report for calendar year 2013 was submitted to the Governor on August 18th, 2014, which was approximately 217 days late.

Officials of the Treasurer's Office stated they were delayed in providing the report within ten days before regular session due to turnover within the Office. The report was historically prepared as a glossy brochure with copies printed out for handout. Due to no one requesting the hard copies for handout the Office decided it was only necessary to do a PDF version for dissemination. The report was completed and distributed as required but it was distributed late.

Filing the Treasurer's annual report to the Governor late deprives the Governor of useful information that may aid in setting policies for the State. (Finding Code No. 2014-001)

Recommendation

We recommend the Treasurer comply with the Act and file its annual report to the Governor within the designated timeframe.

Treasurer's Response:

The Treasurer agrees with the finding and recommendation. We will provide the annual report to the Governor within the designated time frame. We are in the process of completing this year's report and are ensuring that the provided information is in compliance with all applicable statutory requirements. The report will be based on the prior full fiscal year, which will help to ensure the report is provided on time.

Financial Statement Report

Summary

The audits of the accompanying financial statements of the State of Illinois, Office of the Treasurer, Fiscal Officer Responsibilities (Treasurer) were performed by McGladrey LLP.

Based on their audits, the auditors expressed an unmodified opinion on the Treasurer's basic financial statements. The financial statements are special purpose framework financial statements prepared on a basis of accounting determined by the Office of the State Comptroller that is not in conformity with GAAP (see Note B).

Independent Auditor's Report

The Honorable William G. Holland Auditor General State of Illinois

Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the State of Illinois, Office of the Treasurer, Fiscal Officer Responsibilities (the Treasurer), as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Treasurer's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions determined by the Office of the State Comptroller. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the Assets and Other Debits, Liabilities and Accountabilities of the Treasurer, as of June 30, 2014 and 2013, and the respective Investment Income for the years then ended in accordance with the financial reporting provisions determined by the Office of the State Comptroller described in Note B of the financial statements.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared by the Treasurer on the basis of the financial reporting provisions determined by the Office of the State Comptroller, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of Illinois. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the financial statements. Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. Our opinion on the financial statements is not affected by this missing information.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Treasurer's basic financial statements. The Supplementary Information and Other Information as listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the financial statements.

The Supplementary Information (pages 32-50) is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Other Information (pages 51 - 59) has not been subjected to the auditing procedures applied in the audits of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

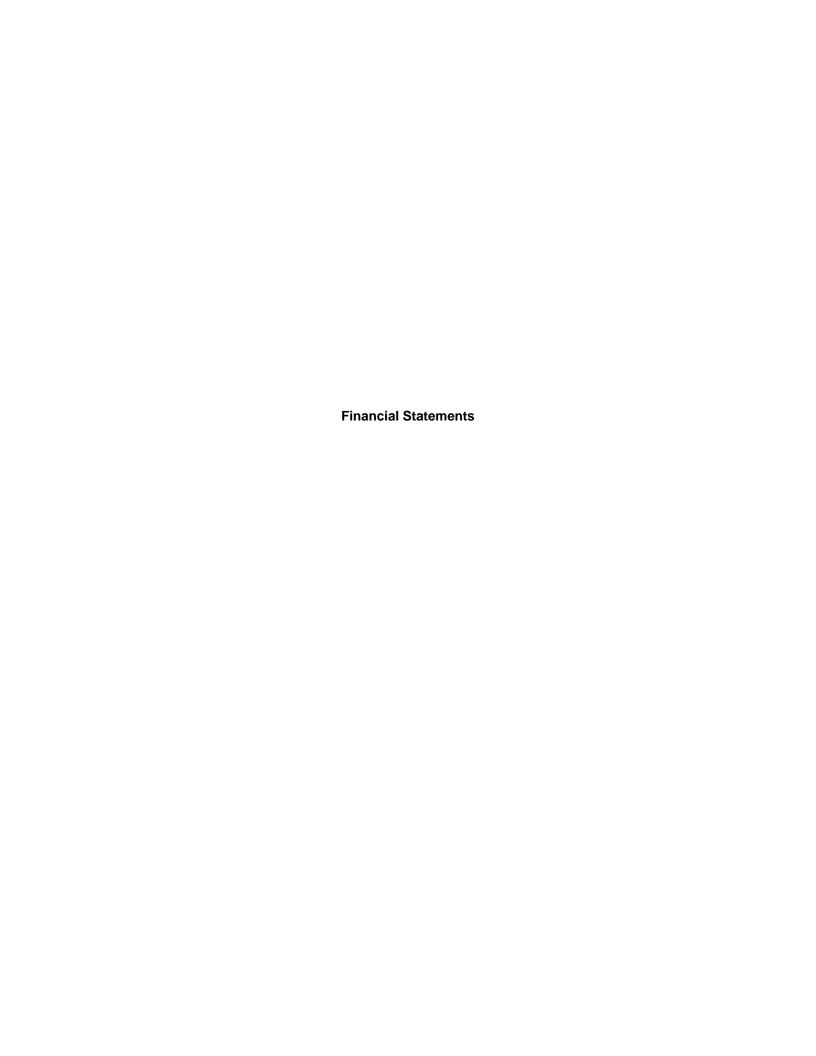

In accordance with *Government Auditing Standards*, we have also issued our reports dated December 12, 2014, and December 16, 2013 on our consideration of the Treasurer's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of these reports is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. These reports are an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Treasurer's internal control over financial reporting and compliance.

Restricted Use of this Auditor's Report

Our report is intended solely for the information and use of the Auditor General, the General Assembly, the Legislative Audit Commission, the Governor, the Illinois Office of the Comptroller, the State Treasurer and Treasurer Management, and is not intended to be and should not be used by anyone other than these specified parties.

For the Years Ended June 30, 2014 and 2013

NOTE A. AUTHORIZING LEGISLATION

The State of Illinois, Office of the Treasurer, is authorized by the State Treasurer Act (15 ILCS 505/et seq.). The State Treasurer shall receive the revenue and all other public monies of the State, and all monies authorized by law to be paid to him and safely keep the same.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Financial Reporting Entity</u>: The State of Illinois, Office of the Treasurer is not a legally separate entity. It is an office of the primary government, which is the State of Illinois (the State) and is considered part of the State financial reporting entity. As such, it is included in the State of Illinois reporting entity. The Treasurer is custodian of the State's cash and investments comprised of the balances in the separate funds, which are considered to be either in the State Treasury or outside the State Treasury. Accounting control for funds outside the State Treasury is the responsibility of other State agencies. Further, the Treasurer is not responsible for determining that all cash received by State agencies is deposited in the State Treasury.

<u>Basis of Presentation and Accounting</u>: The basis of the presentation of the financial statements for the Office of the Treasurer, Fiscal Officer Responsibilities (Treasurer) is to have a set of financial statements that present the financial position of the State's assets that the Treasurer is custodian of and responsible for safeguarding and investing as well as State liabilities including general obligation indebtedness that the Treasurer is responsible for making payments.

The format of the Fiscal Officer Responsibilities financial statements was created to aid the Office of the Comptroller (Comptroller) in the preparation of the State's Comprehensive Annual Financial Report (CAFR). The Comptroller, acting as the State's accountant, designates which agencies are considered part of the primary government for which they require to prepare financial statements (SAMS 27.10.10-B). The basis of presentation; Statements of Assets and Other Debits, Liabilities and Accountabilities and Statements of Investment Income have been determined by the Comptroller.

The Treasurer's financial statements consist of the Statements of Assets and Other Debits, Liabilities and Accountabilities and Statements of Investment Income. These financial statements are not presented in the traditional framework of Generally Accepted Accounting Principles (GAAP) because the statements only present those assets and activities for which the Treasurer is held accountable by his fiscal officer responsibilities. Exceptions to the traditional GAAP framework are the securities, funds and other assets of The Illinois Funds and College Savings Program and amounts receivable from inheritance tax assessments are not included in the Fiscal Officer financial statements. In addition, the Fiscal Officer financial statements do not include financial statements of the various funds administered by the Fiscal Officer. The Illinois Funds as well as the College Saving Program are audited annually and reported upon separately. Other exceptions to the traditional GAAP framework are that a traditional presentation of the Statement of Net Position is not included, a Statement of Revenues, Expenses and Changes in Net Position and, where applicable, a Statement of Cash Flows, are excluded entirely and some note disclosures required by GAAP are not included in the Fiscal Officer financial statements.

The basis of accounting is essentially a full accrual basis in that investment revenues are reported when earned, regardless of when the related cash flow takes place, subject to certain exceptions as described in the sections that follow.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

State Treasury Funds: The accounting for the State Treasury Fund group, with the exception of general obligation indebtedness and the related amount of future general revenue obligated for debt service, is presented on a basis whereby: (a) assets in the State Treasury and the related liability to the Comptroller for available balances on deposit are recognized at the time the Comptroller "orders" cash into the State Treasury; (b) the liability to the Comptroller is reduced as warrants are presented to the Treasurer for countersignature; and (c) the cash in the State Treasury is reduced as warrants are paid by the Treasurer.

<u>Funds Outside the State Treasury</u>: Funds outside the State Treasury consist of State assets held by the Treasurer, primarily deposits in clearing accounts, demand deposits and temporary investments, which are not under the accounting control of the Comptroller. Such funds and the related liabilities or accountabilities to the depositing State agencies are recognized when the funds are deposited in clearing accounts or certain demand deposit accounts with the Treasurer. This liability or accountability is transferred to funds available for appropriation or expenditure when the Comptroller orders the funds into the State Treasury.

<u>General Obligation Indebtedness</u>: The liability for general obligation indebtedness is the aggregate amount of all future principal and interest payments necessary to retire such outstanding debt. The amount to be derived from future revenue for debt service is the difference between the currently outstanding certificates and bonded indebtedness and available balances in the bond redemption and interest fund. The expenditures from the proceeds of the certificates and bond issues are accounted for by other State agencies. This balance represents a liability that is not in compliance with accounting principles generally accepted in the United States of America. It represents the future revenue that will be needed to provide for future debt service.

<u>Investment Income</u>: Investment income is recorded by the Treasurer using the accrual basis of accounting whereby income is recognized and an accountability established as income is earned. Funds participating in the investment pool are allocated income monthly based on their proportionate share of the pooled investment base. As authorized by statute, segregated funds are individually invested and specifically credited with the income earned on those investments.

<u>Cash and Cash Equivalents</u>: Cash and cash equivalents include deposits and short-term, highly liquid investments readily convertible to cash, with a maturity of 90 days or less at the time of purchase.

<u>Illinois Insured Mortgage Pilot Program (IIMPP)</u>: Cash and cash equivalents and/or investment amounts held in the trust are reported in the proper asset category and increase the balance "Available for Appropriation or Expenditure" on the Statement of Assets and Other Debits, Liabilities and Accountabilities. The balance of the Mortgage Reserve Fund, a locally held fund related to the IIMPP, is reported in the proper asset category and reported as an "Accountability" in the Statement of Assets and Other Debits, Liabilities and Accountabilities.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other Assets: Items reported in the Statement of Assets and Other Debits, Liabilities and Accountabilities as "Other Assets" are transactions in process and assets not available for investment. Warrants cashed but not canceled represent cash expenditures from the State Treasury which were in the process of being recorded by the Comptroller. Receivables from Universities and Agencies for Monies Advanced represent unreimbursed amounts advanced for statutorily authorized imprest funds. The cash balance of the Universities and Agencies imprest funds is reclassified to "Demand Deposits" under Cash and Cash Equivalents on the Statement of Assets, Liabilities and Accountabilities. The Treasurer's imprest fund, the Federal Reserve Bank Settlement Account, is recorded as a cash account and an "Accountability."

The noninterest-bearing amount, reported as "Receivable from the City of Edwardsville," is reported as an Other Asset and is the unpaid balance of funds advanced to the City in 1967 for the planning and construction of a water main. The receivable from the City of Edwardsville is also reported as an "Accountability." Investment income earned but not received is reported as an "Other Asset" and represents accrued income on investments not yet matured or collected. Investment income earned but not received, net of cumulative market adjustments, is reported as an "Accountability."

Other Liabilities: The fund balance of the Protest Fund is reported separately from funds available for appropriation and is recorded as a liability for balances on deposit called "Protested Taxes."

<u>Available for Appropriation or Expenditure</u>: This amount is the State of Illinois' balance available to be appropriated by the general assembly or expended by State agencies at June 30.

<u>Use of Estimates</u>: In preparing financial statements, management is required to make estimates and assumptions that affect the reported amount of assets and liabilities during the reporting period. Actual results could differ from those estimates.

NOTE C. COMPENSATING BANKS FOR SERVICES

The principal method of payment for receipt and disbursement processing services provided by banks is by warrant from the Treasurer's Bank Services Trust Fund appropriation.

NOTE D. DEPOSITS AND INVESTMENTS

Overview: The Treasurer's investment activities are governed by the Treasurer's published investment policy that was developed in accordance with State statute. In addition, the Treasurer's Office has adopted its own investment practices that supplement the statutory requirements. Investments are recorded at fair market value, with the exception of Commercial Paper, Repurchase Agreements, Money Market Mutual Funds, Illinois Funds, U.S. Treasury Bills, and the investments in the Illinois Technology Development Program which are valued at amortized cost. The Treasurer's investments in U.S. Treasury Bills are short-term investments with no coupon payments. The investments in repurchase agreements have maturities less than one year from date of acquisition; therefore GASB 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, permits the Treasurer to record them at amortized cost. The Treasurer's investments in the Illinois Technology Development Program are investments in venture capital limited partnerships and valued using cost-based measures.

NOTE D. DEPOSITS AND INVESTMENTS (CONTINUED)

Short-term investments have a maturity date of less than one year. Unrealized gains and losses are accounted for in the investment in which the change in fair value occurred.

Interest Rate Risk: Interest rate risk is the risk that changes in the interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates, the Treasurer's investment policy limits the investment portfolio to maturities not to exceed five years with no limit to the amount allocated to investments with less than a two-year maturity. No more than 55% of the investment portfolio shall be allocated to investments with a 2 to 3 year maturity band. No more than 30% of the investment portfolio shall be allocated to investments with a 3 to 4 year maturity band (not including Foreign Government Securities). No more than 15% of the investment portfolio shall be allocated to investments with a 4 to 5 year maturity band. The portfolio shall not deviate from these guidelines unless specifically authorized by the Treasurer in writing. The Treasurer's Office uses the segmented time distribution method to identify and manage interest rate risk. Certain investments purchased prior to the adoption of the investment policy have maturities in excess of 5 years and are excluded from the investment policy requirements.

<u>Credit Risk</u>: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Cash received by the Treasurer is initially deposited in clearing accounts maintained in banks located in Illinois that are insured by the Federal Deposit Insurance Corporation (FDIC). Surplus funds, as determined by the Treasurer, may be invested in time deposits, certificates of deposit and other interest-bearing accounts in FDIC-insured banks and savings and loan associations located in the State, credit unions whose principal office is located in Illinois, short-term obligations of corporations whose obligations (i.e. commercial paper) were rated by two or more standard rating services at a level that is at least as high as the following: A-1 by Standard & Poor's, P-1 by Moody's Investor Service, or F-1 by Fitch, repurchase agreements or other investments approved by State law.

As of June 30, 2014, excluding the securities lending program, the Treasurer's investments in commercial paper were rated P-1 by Moody's Investors Service and A-1 by Standard & Poor's Ratings. The Treasurer's short-term investments in all U.S. Agency obligations, including collateral for repurchase agreements, were rated P-1 by Moody's Investors Service, except for Federal Agriculture Mortgage Corporation securities which were not rated. The Treasurer's long-term investments in all U.S. Agency obligations were rated Aaa by Moody's Investors Service or AA+ by Standard & Poor's Ratings, except for Federal Agriculture Mortgage Corporation securities which were not rated. The Treasurer's short-term investment in foreign debt securities were rated A-1 by Standard & Poor's Ratings. The Treasurer's long-term investment in foreign debt securities were rated A1 by Moody's Investors Service and A+ by Standard & Poor's Ratings. The Treasurer's investments in The Illinois Funds was rated AAAm by Standard & Poor's Ratings. The Treasurer's investments in money market mutual funds were rated Aaa by Moody's Investors Service or AAAm by Standard & Poor's Ratings.

The amount of the deposit not covered by Federal deposit insurance for all time deposits is required to be collateralized. Securities pledged as collateral to secure these deposits are required to have a market value at an established percentage of the deposit based on the type of security pledged. Securities that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts, which require a market value of at least 105% of the deposit. If the obligation of the United States and its agencies is a mortgage backed security, the securities pledged as collateral are required to have a market value of at least 110% of the deposit.

Other securities that may be pledged as collateral to secure time deposits are MBIA Certificates (issued by the Municipal Bond Investors Assurance Corporation), Letters of Credit (issued by Federal Home Loan Bank (FHLB)), and Share Certificates (issued by credit unions), which require a market value of at least 102% of the deposit.

NOTE D. DEPOSITS AND INVESTMENTS (CONTINUED)

Obligations pledged to secure deposits must be delivered to a bank other than the institution in which the deposit was made. Written custodial agreements are required that provide, among other things, that the collateral securities are held separate from the assets of the custodial bank. Prior to placing the deposit and at least monthly thereafter, the Treasurer determines that the collateral has a market value adequate to secure the deposit.

The Treasurer has established accounts with The Illinois Funds for investment of State funds. The Illinois Funds participation provides comparable yields, a source of liquidity and requires less administrative intervention than other short-term investments. The management, custodianship and operation of The Illinois Funds are under the supervision of the State of Illinois, Office of the Treasurer.

The Treasurer purchased investments in six and eight mutual funds in 2014 and 2013, respectively. These mutual funds provide a comparable yield to other investments, particularly during times of falling interest rates and are a source of liquidity when cash is needed. Investments to the mutual funds can be made daily and interest income is received monthly.

Repurchase agreements are purchased from various financial institutions and rated brokerage firms located in the State. Securities pledged as collateral to secure these agreements are required to have a fair value of at least 102% of the agreement. The agreements require both parties to maintain an acceptable margin on underlying securities to ensure the agreements are adequately collateralized.

The Treasurer accepts only obligations of the United States government or its sponsored agencies as collateral for repurchase agreements (other than within the securities lending program).

All securities pledged to secure repurchase agreements are required to be delivered to a bank other than the institution from whom the investment was acquired. A written custodial agreement with the banks that hold the Treasurer's repurchase agreement collateral requires, among other things, that the collateral securities be held separately from the assets of the bank.

Commercial paper is purchased from various brokerage firms located in the State and is held in safekeeping by a bank for the Treasurer. A written custodial agreement requires, among other things, that the safekeeping bank hold the commercial paper separately from the assets of the bank.

The Treasurer's investment in the State of Illinois Secondary Pool Investment Program was deposited in a trust to purchase a security interest in a pool of Small Business Administration (SBA), Federal Home Loan Mortgage Corporation Adjustable Rate Mortgage (FHLMC ARM), and Federal National Mortgage Association Adjustable Rate Mortgage (FNMA ARM) loans. The securities have a floating rate indexed to the prime rate as quoted in *The Wall Street Journal* and are adjusted quarterly. The pool is guaranteed by the U.S. Government and/or the respective agency.

NOTE D. DEPOSITS AND INVESTMENTS (CONTINUED)

The Treasurer's net increase (decrease) in the fair value of investments during 2014 and 2013 was (\$1,354,931) and (\$6,406,298), respectively. This amount takes into account all changes in fair value (including purchases and maturities) that occurred during the year and is reported as investment income earned on the Statements of Investment Income.

The master repurchase agreements utilized by the Treasurer require the broker or financial institution to maintain the market value of collateral securities at 102% of the agreement. The carrying amount of repurchase agreements, including accrued interest, was \$1,074,115,536 and \$1,868,668,143, and the fair value of the collateral securities under the repurchase agreements was \$1,095,526,305 and \$1,926,978,142, as of June 30, 2014 and 2013, respectively.

<u>Investment Commitment</u>: The Illinois Technology Development Program which the Treasurer administers, in accordance with 30 ILCS 265, has made commitments totaling approximately \$75 million and \$74 million to provide venture capital to technology businesses as of June 30, 2014 and 2013, respectively. The remaining unfunded commitment was approximately \$13 million and \$19 million, as of June 30, 2014 and 2013, respectively.

<u>Concentration of Credit Risk</u>: Concentration of credit risk is the risk of loss attributed to the magnitude of the Treasurer's investment in a single issuer. The following investments exceeded 5 percent of the total investments at June 30, 2014 and 2013. (Amounts are in thousands.)

NOTE D. DEPOSITS AND INVESTMENTS (CONTINUED)

During fiscal year 2014 and 2013, Deutsche Bank AG lent U.S. Agency securities and U.S. Treasury securities and received as collateral U.S. dollar denominated cash. Borrowers were required to deliver collateral for each loan equal to at least 100% of the aggregate fair value of the loaned securities. Loans are marked to market daily. If the fair value of collateral falls below 100%, the borrower must provide additional collateral to raise the fair value to 100%.

The State Treasurer did not impose any restrictions during fiscal years 2014 and 2013 on the amount of the loans of available, eligible securities. In the event of borrower default, Deutsche Bank AG provides the State Treasurer with counterparty default indemnification. In addition, Deutsche Bank AG is obligated to indemnify the State Treasurer if Deutsche Bank AG loses any securities, collateral or investments of the State Treasurer in Deutsche Bank AG's custody. Moreover, there were no losses during fiscal years 2014 and 2013 resulting from a default of the borrowers or Deutsche Bank AG.

During fiscal years 2014 and 2013, the State Treasurer and the borrowers maintained the right to terminate all securities lending transactions on demand. The cash collateral received on each loan was invested in repurchase agreements with approved counterparties collateralized with securities approved by Deutsche Bank AG and marked to market daily at no less than 102%. Because the loans are terminable at will, their duration did not generally match the duration of the investments made with cash collateral. The State Treasurer had no credit risk as a result of its securities lending program as the collateral held exceeded the fair value of the securities lent. The securities lending collateral received that was invested in repurchase agreements and the fair value of securities on loan for the State Treasurer as of June 30, 2014 were \$5,758,768,923 and \$5,727,657,697, respectively. The securities lending collateral invested in repurchase agreements and the fair value of securities on loan for the State Treasurer as of June 30, 2013 were \$6,763,623,576 and \$6,742,892,101, respectively.

NOTE E. ILLINOIS INSURED MORTGAGE PILOT PROGRAM TRUST

The Illinois Insured Mortgage Pilot Program Trust (the Trust) was created in October 1982 in order to stimulate construction activity in the State. The State purchased \$120,000,000 of investment certificates for which the underlying collateral was a pool of mortgage loans issued for the purpose of providing financing to approved construction projects. Two mortgage agreements in the pool were secured by hotel properties, the Collinsville Holiday Inn (Collinsville Hotel) and the Abraham Lincoln Hotel and Conference Center (President Lincoln Hotel). There was extensive litigation involving the hotels' default on those loans; the hotels have been sold with the proceeds deposited in the Trust account. As part of a settlement in 2010 involving the wrongful dishonor of letters of credit that were collateral for the Collinsville Hotel, the Trustee was granted title to real and personal property.

The funds of the Trust are invested in a money market account at the Trustee, US Bank. Pursuant to Public Act 96-1181, the Trust transferred \$16 million to the State Treasury on September 30, 2010. On October 31, 2011, approximately \$5 million was transferred to the State Treasury. All real property received as part of the letters of credit settlement has been sold and the proceeds deposited in the Trust account. There is ongoing litigation in Madison County regarding the Trust's interests in personal property.

Fiscal Officer Responsibilities
Notes to the Financial Statements
For the Years Ended June 30, 2014 and 2013

NOTE F. DEFEASED DEBT

During fiscal years 2014 and 2013, the State of Illinois issued no General Obligation Refunding Bonds.

In prior fiscal years, the State of Illinois defeased certain general obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the State of Illinois' financial statements. At June 30, 2014 and 2013, \$47,470,000 and \$334,040,000, respectively, of bonds outstanding was considered defeased.

NOTE G. SECURITIES UNDER CUSTODIAL RESPONSIBILITY OF THE TREASURER

At June 30, 2014 and 2013, the Treasurer was responsible for \$122,019,983 and \$87,759,879, respectively, of securities held in safekeeping for various State departments, agencies and institutions. These amounts are not reflected in the Statements of Assets and Other Debits, Liabilities and Accountabilities.

NOTE I. COMMITMENTS AND CONTINGENCIES

In February 2014, a former employee of the Treasurer's Office filed suit in the United States District Court for the Northern District of Illinois alleging violations of his constitutional rights in the case of Michalowski v. Rutherford, 14-CV-00899; the Treasurer and Chief of Staff were originally named as defendants. In June 2014, an amended complaint was filed naming additional defendants, including the Illinois State Treasurer's Office and another senior manager. All defendants have filed motions to dismiss the lawsuit in its entirety. The final litigation costs or potential liability is not presently known.

Deposits and Investments

Most of the Treasurer's investments at June 30, 2014 and 2013 are short-term due to the responsibility to keep funds "liquid" to reimburse banks for warrants paid.

Investments in the Treasurer's pooled accounts are authorized by statute. Certain investments are held in segregated accounts and are purchased at the request of the agency administering the segregated trust fund.

Deposits and Investments (Continued)

In allocating funds for short-term investment, the portions allocated to time deposits (certificates of deposit) commercial paper, mutual funds, and bank notes are based on forecasts of anticipated receipts and disbursements to determine funds not needed for at least 30 days from date of investment. Substantially all remaining available funds are invested in repurchase agreements with banks and brokerage firms.

The average yield for investments including amounts listed as cash equivalents on the 2014 and 2013 financial statements was .36% and .36%, respectively.

Securities Lending Collateral

The securities lending collateral represents investments made with cash collateral received for U.S. Agency Securities, U.S. Treasury Bills, U.S. Treasury Notes and U.S. Agency Discount Notes lent and any remaining cash collateral received but not yet invested. The cash collateral received on each loan will be returned for the same securities in the future.

Other Assets (Continued)

The account balances of warrants cashed but not canceled and the receivable from universities and agencies represent cash expenditures from the State Treasury which were in the process of being recorded by the Comptroller at June 30, 2014 and 2013. The balances in these accounts will vary significantly from day to day, depending on the availability of investable funds and the timing of warrant presentation for payment.

The noninterest-bearing amount receivable from the City of Edwardsville (City) is stated as the unpaid balance of funds advanced to the City in 1967 for the planning and construction of a water main. The repayment terms require the City to pay into the State Treasury ten cents per one thousand gallons of water sold by the City to users receiving water from this main.

Repayments received for the years ended June 30, 2014 and 2013, were \$7,480 and \$7,943, respectively.

Investment income earned but not received represents accrued income on investments not yet matured or collected. The balance fluctuates based on market adjustments, total investments and investment maturity dates.

| Balance at End of Fiscal Year | \$ 42,962,514,885 | \$ 40,121,803,906 |

The amount of future general revenue obligated for debt service reconciled with total indebtedness at June 30 is as follows:

| | June 30 | | | |
|--|-------------------|-------------------|--|--|
| | 2014 | 2013 | | |
| General Obligation Bonds Amount of future general revenue obligated for debt service | \$ 42,962,514,885 | \$ 40,121,803,906 | | |
| Balance on deposit in the State Treasury at June 30 for bond redemption and interest | 1,568,721,999 | 1,419,910,950 | | |
| Total indebtedness at June 30 | \$ 44,531,236,884 | \$ 41,541,714,856 | | |

The liability for general obligation indebtedness is the aggregate amount of all future principal and interest payments necessary to retire such outstanding debt. The balancing amount included in assets in the statements of assets and other debits, liabilities and accountabilities of the Treasurer is equivalent to the amount to be derived from future general revenue for debt service. The proceeds of these certificate and bond issues are accounted for by other State agencies.

Under the Short Term Borrowing Act whenever casual deficits or failures in revenue of the State occur, monies borrowed are applied to the purpose for which they were obtained, or to pay the debts thus created, and to no other purpose. The interest and principal are paid by the Treasurer out of the General Obligation Bond Retirement and Interest Fund. All monies borrowed shall be borrowed for no longer than one year.

There were no General Obligation Certificates issued under the Short Term Borrowing Act during fiscal years 2014 or 2013.

Amount of Future General Revenue Obligated for Debt Service (Continued)

The General Obligation Bond Act (Act) was passed by the General Assembly in December 1984. Under this Act, effective December 1, 1984, the balance of, and monies directed to be included in the Capital Development Bond Retirement and Interest Fund, Anti-Pollution Bond Retirement and Interest Fund, Transportation Bond Series A Retirement and Interest Fund, Transportation Bond Series B Retirement and Interest Fund, Coal and Energy Development Bond Retirement and Interest Fund, and School Construction Bond Retirement and Interest Fund were transferred to and deposited in the General Obligation Bond Retirement and Interest Fund. This fund is used to make debt service payments on the State's general obligation bonds, which are payable from the funds listed above, as well as the bonds issued under the Act.

Liabilities for Balances on Deposit

<u>Protested Taxes</u>: Substantially all of the \$121,481,858 and \$172,875,227 at June 30, 2014 and 2013, respectively, in the Protest Trust Fund has been enjoined by the courts pending the outcome of cases in process. By statute, a taxpayer making a tax payment "under protest" has 30 days to initiate a court suit and obtain an injunction. If not enjoined, the tax payments are transferred to the fund in the State Treasury that would have received the original deposit.

<u>Available for Appropriation or Expenditure</u>: This amount is the State of Illinois' balance at June 30 available to be appropriated by the general assembly or expended by State agencies.

<u>Agencies' Deposits Outside the State Treasury</u>: The liability for agencies' deposits not under the statutory recordkeeping control of the Comptroller consists of:

| | 2014 | 2013 |
|---|-------------------|-------------------|
| Treasurer's Clearing Account Balances | \$ 243,060,691 | \$ 161,472,432 |

| Total Agency Deposits Outside the State Treasury | \$ 866,887,552 | \$ 759,715,466 |

The Treasurer's liability for agencies' deposits outside the State Treasury is composed principally of deposits of county and municipal retailers' occupation taxes and State income taxes awaiting designation of account distribution before being deposited in the State Treasury. Agencies' deposits outside the State Treasury consist principally of cash and short-term investments.

<u>Comptroller's Warrants Outstanding</u>: Warrants prepared by the Comptroller are recorded as outstanding upon countersignature by the Treasurer. Warrants outstanding are reduced when paid warrants are returned to the Comptroller.

Other Information:

Inheritance and Estate Taxes

The Treasurer's Fiscal Officer Responsibilities include joint responsibility with the Attorney General of the State of Illinois (Attorney General) for the collection of inheritance and estate taxes assessed by the circuit courts and the Attorney General, respectively.

Public Act 97-732 went into effect July 1, 2012. As a result, all Illinois Estate and Inheritance taxes are paid directly to the State Treasurer's Office by the estate rather than flowing through the county treasurers. Additionally, county treasurers no longer receive a monthly six percent estate tax distribution for collection services. Instead, six percent of all estate tax collections is deposited in the Estate Tax Refund Fund to be used exclusively for paying estate tax refunds.

Gross inheritance and estate tax receipts for the fiscal years ended June 30, 2014 and 2013, were \$294,313,486 and \$312,965,204, respectively. These amounts do not reflect refunds and fees distributed to county treasurers.

Other Information (Continued):

Inheritance and Estate Taxes (Continued)

From fiscal year 2009 to 2012, the amount of Estate Tax refund requests exceeded the amount of money appropriated by the General Assembly for this purpose. As a result, there was a backlog of unpaid estate tax refund requests due as of June 30, 2014 in the amount of \$15,660,194. The Treasurer's Office anticipates the backlog of unpaid estate tax refunds to be fully paid within 1 to 2 years.

The State Treasurer's Office did not receive any new monies to fund its new collection responsibilities.

Tobacco Settlement Recovery Fund

Pursuant to Public Act 91-0646, the State Treasurer shall make deposits into the Tobacco Settlement Recovery Fund that shall contain deposits of all monies paid to the State for settlement proceeds and investment income. Pursuant to Public Act (Act) 96-0958, the Railsplitter Tobacco Settlement Authority (Authority) was established. The Act transferred the State's right to tobacco settlement proceeds to the Authority in exchange for the net proceeds of bonds and a right to the residual interest in tobacco settlement proceeds. On December 8, 2010, the Authority issued \$1.5 billion in bonds at an interest rate of 5.599%, with a maturity date of June 1, 2028. The following is a detail of the deposits into Fund Number 733:

Investment Policy June 30, 2014 (Unaudited)

The following section contains the Illinois State Treasurer's investment policy

Illinois State Treasurer's Investment Policy

1.0 POLICY:

Under this instrument, the Illinois State Treasurer's Investment Policy ("Policy"), it is the policy of the Treasurer of the State of Illinois ("Treasurer") to invest all funds under his control in a manner that provides the highest investment return using authorized instruments while meeting the State's daily cash flow demands in conformance with all state statutes governing the investment of public funds.

This Policy applies to all investments entered into on or after the adoption of this instrument. Until the expiration of investments made prior to the adoption of this Policy, such investments will continue to be governed by the policies in effect at the time such investments were made.

This policy applies to any investment under the control of the Treasurer for which no other specific investment policy exists.

2.0 OBJECTIVE:

The primary objective in the investment of state funds is to ensure the safety of principal, while managing liquidity to pay the financial obligations of the State, and providing the highest investment return using authorized instruments.

2.1 SAFETY:

The safety of principal is the foremost objective of the investment program. State investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the portfolio. To achieve this objective, diversification, as defined in Section 8.0 of this Policy, is required to ensure that the Treasurer prudently manages market, interest rate and credit risk.

2.2 LIQUIDITY:

The investment portfolio shall remain sufficiently liquid to enable the State to meet all operating requirements that might be reasonably projected.

2.3 RETURN ON INVESTMENT:

The investment portfolio shall be designed to obtain the highest available return, taking into account the Treasurer's investment risk constraints and cash flow needs. The Director of Banking shall seek to obtain the highest available return using authorized investments during budgetary and economic cycles as mandated in Section 1.0 of this Policy. When the Treasurer deposits funds in support of community development efforts, the rate of return shall include benefits other than direct investment income as authorized by Section 7 of the Deposit of State Moneys Act (15 ILCS 520/7).

The rate of return achieved on the Treasurer's portfolio is measured at regular intervals against relevant industry benchmarks established by the Investment Policy Committee¹, to determine the effectiveness of investment decisions in meeting investment goals.

¹ The Investment Policy Committee is chaired by the Treasurer and includes the following members of the Treasurer's office staff: Chief of Staff, Executive Director of Finance, Director of Accounting, Director of State Portfolio and Banking, Director of Investment and Illinois Funds Portfolio Operations, General Counsel, Portfolio Investments and Cash Management Officer, Director of Operations-Illinois Funds E-Pay and anyone else deemed appropriate by the Treasurer.

3.0 ETHICS AND CONFLICTS OF INTEREST:

Authorized investment officers and employees in policy-making positions shall refrain from personal business activity that could conflict, or give the appearance of a conflict with proper execution of the investment program, or that could impair their ability to make impartial investment decisions. Such individuals shall disclose to the Treasurer any material financial interests in financial institutions that conduct business within the State, and they shall further disclose any personal financial investment positions that could be related to the performance of the investment portfolio. In addition, such individuals shall subordinate their personal investment transactions to those of the investment portfolio, particularly with regard to the time of purchases and sales.

4.0 AUTHORIZED BROKER/DEALERS AND FINANCIAL INSTITUTIONS:

A list shall be maintained of approved financial institutions, which shall be utilized by authorized investment officers. No state funds may be deposited in any financial institution until receipt of the current ratings under the Community Reinvestment Act of 1977 and investment officers have conducted a safety and soundness review of the financial institution by consulting various bank rating services, unless the financial institution has not yet been rated by the bank rating services, in which case the institution may be eligible for a deposit that at maturity will not exceed \$250,000. The amount and duration of deposits shall be based on the safety and soundness review in accordance with guidelines established by the Investment Policy Committee and the diversification limits set forth in Section 8.0. No public deposit may be made except in a qualified public depository as defined by the Deposit of State Moneys Act (15 ILCS 520).

In addition, a list shall be maintained of approved security broker/dealers selected according to their creditworthiness, and their financial significance in the state, which shall be measured in terms of the location of the broker/dealer's corporate office, the number of full-time employees, the size of its payroll, or the extent that the broker/dealer has an economic presence in the state. The list may include "primary" dealers or regional dealers who qualify under Securities and Exchange Commission Rule 240.15c3-1 (Net Capital Requirements for Brokers or Dealers).

All broker/dealers who want to qualify to bid for investment transactions shall initially, and on a periodic basis upon request, provide to the Treasurer's authorized investment officers the following, where applicable:

- Audited financial statements or a published Statement of Condition;
- Proof of minority/female/disabled broker status;
- A signed copy of the Treasurer's trading authorization;
- Proof of State of Illinois registration;
- Proof of registration with the Securities and Exchange Commission;
- Completed Broker/Dealer Questionnaire;
- Certification of notice and knowledge of this Policy;
- Any other documentation determined necessary by the Treasurer.

An annual review of the financial condition and registration of qualified bidders will be conducted by the Treasurer's authorized investment officers. More frequent reviews may be conducted if warranted.

To the extent that the Investment Policy Committee deems it advisable to hire external investment consultants, it may do so in accordance with the procurement rules at 44 III. Adm. Code 1400.

5.0 AUTHORIZED AND SUITABLE INVESTMENTS:

The Treasurer has authorized the following types of investments subject to the provisions of the Deposit of State Moneys Act (15 ILCS 520) and the Public Funds Investment Act (30 ILCS 235):

- a) Securities that are guaranteed by the full faith and credit of the United States as to principal and interest;
- **b)** Obligations of agencies and instrumentalities of the United States as originally issued by the agencies and instrumentalities;

- c) Interest-bearing savings accounts, interest-bearing certificates of deposit, or interest-bearing time deposits of a bank as defined by Section 2 of the Illinois Banking Act (205 ILCS 5/2);
- **d)** Interest-bearing accounts or certificates of deposit of any savings and loan association incorporated under the laws of the State of Illinois, any other state, or the United States;
- **e)** Dividend-bearing share accounts, share certificate accounts, or class of share accounts of a credit union chartered under the laws of the State of Illinois or the United States, which maintains its principal office in the State of Illinois;
- f) Commercial paper of a corporation or a limited liability company that is organized in the United States with assets exceeding \$500,000,000 and is rated by two or more standard rating services at a level that is at least as high as the following: A-1 by Standard & Poor's, P-1 by Moody's, F-1 by Fitch, D-1 by Duff & Phelps Credit Rating Company, A1 by IBCA, and TBW-1 by Thompson Bank Watch; and the corporation is not a forbidden entity, as defined in Section 22.6 of the Deposit of State Monies Act (effective Jan. 27, 2006);
- **g)** Money market mutual funds registered under the Investment Company Act of 1940 (15 U.S.C.A. § 80a-1 et seq.) and rated at the highest classification of at least one standard rating service;
- h) The Illinois Funds created under Section 17 of the State Treasurer Act (15 ILCS 505/17);
- i) Repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986 (1 U.S.C.A. § 780-5); and
- j) Any agency created by an act of Congress.
- **k)** Securities of a foreign government that are guaranteed by the full faith and credit of that government as to principal and interest and rated A or higher by at least two of the standard rating services, but only if the foreign government has not defaulted and has met its payment obligations in a timely manner on all similar obligations for at least 25 years prior to the time of acquiring those obligations.
- I) Investments made in accordance with the Technology Development Act (30 ILCS 265/1 et seq.).
- **m)** The Treasurer may lend any securities acquired under this Policy. However, securities may be lent under this Policy only in accordance with Federal Financial Institution Examination Council guideline and only if the securities are collateralized at a level sufficient to assure the safety of the securities, taking into account market value fluctuation. The securities may be collateralized by cash or collateral acceptable under Sections 11 and 11.1 of the Deposit of State Moneys Act. Securities lending cash collateral may be invested according to the Securities Lending Agreement between the Treasurer and the Treasurer's Agent.

6.0 INVESTMENTS RESTRICTIONS:

- **a)** Any investments not authorized by this or any other investment policy or applicable law of the office are prohibited.
- **b)** Repurchase agreements may only be executed with approved financial institutions or broker/dealers meeting the Treasurer's standards, which include mutual execution of a Master Repurchase Agreement adopted by the Treasurer.
- c) Investments may not be made in any savings and loan association unless a commitment by the savings and loan association, executed by the president or chief executive officer of that association, is submitted in the form required by Section 22.5 of the Deposit of State Moneys Act (15 ILCS 520/22.5).
- d) Any investments prohibited by Section 22.6 of the Deposit of State Monies Act.

7.0 COLLATERALIZATION:

- **a)** All State deposits, repurchase agreements and securities lending shall be secured as required by the Treasurer² and provided for by the Deposit of State Moneys Act (15 ILCS 520) and the Treasurer's Acceptable Collateral Listing, which may change from time to time. The Treasurer may take possession and title to any securities held as collateral and hold such securities until it is prudent to dispose of them.
- **b)** Securities lending cash or securities collateral shall have the meaning as set forth in the Securities Lending Agreement between the Treasurer and the Treasurer's Agent. The Treasurer's Agent may reinvest cash collateral as indicated in the Securities Lending Agreement. The Treasurer or the Treasurer's Agent may take possession and title to any cash or securities held as collateral and hold such securities according to the Securities Lending Agreement.

8.0 DIVERSIFICATION:

The investment portfolio shall be diversified to eliminate the risk of loss resulting from concentration of assets in a specific maturity, a specific issuer or a specific class of securities. In order to properly manage any risk attendant to the investment of state assets, the portfolio shall not deviate from the following diversification guidelines unless specifically authorized by the Treasurer in writing:

- **a)** The Treasurer shall seek to achieve diversification in the portfolio by distributing investments among authorized investment categories among financial institutions, issuers and broker/dealers;
- **b)** The investment portfolio shall not hold time deposits and/or term repurchase agreements that constitute more than 15% of any single financial institution's total deposits. Any deposits and/or repurchase agreements that constitute more than 10% of an institution's total deposits must qualify as community development deposits described in Section 7 of the Deposit of State Moneys Act (15 ILCS 520/7).
- c) No financial institution shall at any time hold more than \$100,000,000 of time deposits and/or term repurchase agreements other than community development deposits described in Section 7 of the Deposit of State Moneys Act (15 ILCS 520/7). Provided, however, that:
 - **i.** Financial institutions that, as a result of a merger or acquisition, hold deposits that exceed \$100,000,000.00 may continue to be eligible to hold deposits that do not exceed the amount of deposits held on the date of the merger or acquisition.
- **d)** The investment portfolio shall not contain investments that exceed the following diversification limits. These limits will apply to the total assets in the portfolio at the time of the origination or purchase. As maturities and or calls of instruments occur these limits will be monitored and adjusted accordingly:

- viii. There shall be no limit to the amount of investment portfolio allocated to investments with a 0-2 year maturity band.

9.0 CUSTODY AND SAFEKEEPING:

The custody and safekeeping of collateral will be handled by Illinois financial institutions selected in compliance with the Treasurer's office procurement rules at 44 III. Adm. Code 1400. Financial institutions selected by the Treasurer's office to perform custody and safekeeping services will be required to enter into a contractual agreement approved by the Chief Legal Counsel.

All security transactions entered into by the Treasurer shall be conducted on a delivery-versus-payment (DVP) or receipt-versus-payment (RVP) basis. Securities shall be held by a safekeeping agent designated by the Treasurer, and evidenced by safekeeping receipts or a statement of holdings.

10.0 INTERNAL CONTROLS:

The Treasurer, as the Chief Investment Officer and with the assistance of the Investment Policy Committee, shall establish a system of internal controls and written operational procedures that shall be documented and filed with Treasurer's Chief Internal Auditor for review. The controls shall be designed to prevent the loss of public funds arising from fraud, employee error, and misrepresentation by third parties, unanticipated changes in financial markets or imprudent actions by authorized investment officers.

- **a)** Asset Allocation: The allocation of assets within investment categories authorized under Section 5.0 of this Policy shall be approved by the Treasurer in writing.
- **b)** Competitive Bidding: Authorized investment officers shall obtain competitive bids from at least three (3) broker/dealers prior to executing the purchase or sale of any authorized investments. Reverse inquiry investments and investments of a new issue at issue are exempt from this provision.

Certificates of deposit shall be purchased by authorized investment officers on the basis of a qualified financial institution's ability to pay a required rate of interest to the Treasurer, which is established on a daily basis. Such rate is generally determined on the basis of treasury or other appropriate market rates for a comparable term.

11.0 LIMITATION OF LIABILITY:

The standard of prudence to be used by authorized investment officers shall be the "prudent person" standard and shall be applied in the context of managing an overall portfolio. Authorized investment officers acting in accordance with written procedures and this Policy and exercising due diligence will be relieved of personal liability for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely manner and necessary action is taken to control adverse developments.

12.0 REPORTING:

Monthly reports are presented by the Executive Director of Finance to the Investment Policy Committee, chaired by the Treasurer, for its review. The monthly report shall contain sufficient information to enable the Investment Policy Committee to review the investment portfolio, its effectiveness in meeting the needs of the Treasurer's office for safety, liquidity, rate of return, and diversification, and the general performance of the portfolio. The following information shall be included in the monthly reports:

- a) The total amount of funds held by the State Treasurer;
- b) The asset allocation for the investments made by the State Treasurer;
- c) The benchmarks established by the State Treasurer;
- d) Current and historic return information;
- e) Any circumstances resulting in a deviation from the standards established in Section 9.0 of this Policy;
- f) Impact of any material change in investment policy adopted during the month.

The Treasurer shall develop performance reports in compliance with established industry reporting standards within six (6) months following the adoption of this Investment Policy. Such reporting standards shall be in accordance with Generally Accepted Accounting Principles ("GAAP"). The Treasurer reserves the right to amend this Policy at any time.

13.0 EXTERNAL ADVISORY COMMITTEE

The Investment Policy Committee may convene an External Advisory Committee at the pleasure of the Treasurer to provide independent advice and counsel to the Treasurer and the Internal Committee on investment policy, investments and investment related issues for the benefit of all Illinois citizens.

The External Committee may consist of nine (9) total members. Four (4) members shall be duly elected members of the Illinois General Assembly and shall be represented as follows: one (1) External Committee member shall be from Illinois Senate majority caucus; one (1) External Committee member shall be from Illinois Senate minority caucus; one (1) External Committee member shall be from Illinois House majority caucus; and one (1) External Committee member shall be from Illinois House minority caucus. Five (5) External Committee members shall be independent advisors that the Treasurer and the Internal Committee choose as representative of the public and private sectors.

14.0 EMERGENCY POWERS

In the event of an emergency, the Treasurer may, at his or her discretion, invoke emergency powers and suspend any or all of the provisions of this policy provided that:

- a) The Treasurer shall, even in the event that emergency powers are invoked, comply with all state statutes governing the use and investment of state monies including, but not limited to, the State Treasurer Act, the Treasurer as Custodian of Funds Act, the Deposit of State Moneys Act, the Securities Safekeeping Act, and any other applicable statute;
- **b)** The Treasurer reasonably believes that deviating from the Investment Policy is in the best interest of the taxpayers;
- c) Within 30 days of invoking emergency powers the Treasurer shall provide an explanation in writing to the Chief Internal Auditor and the Investment Policy Committee, a copy of which shall be posted on the Treasurer's website that includes:

- i) The date and time that the emergency powers were invoked;
- ii) The date and time that emergency powers were repealed;
- **iii)** The section or sections of the Investment Policy that were affected by the emergency or use of emergency powers; and
- iv) The reason for deviating from the written investment policy.

15.0

All statutory references in this policy shall include any amendments to or repeals of those statutes.
